The Unexpected Christian Century Scott W. Sunquist, 2015-09-29 In 1900 many assumed the twentieth century would be a Christian century because Western Christian empires ruled most of the world What happened instead is that Christianity in the West declined dramatically the empires collapsed and Christianity's center moved to Africa Asia Latin America and the Pacific How did this happen so quickly Respected scholar and teacher

Scott Sunquist surveys the most recent century of Christian history highlighting epochal changes in global Christianity He also suggests lessons we can learn from this remarkable global Christian reversal Ideal for an introduction to Christianity or a church history course this book includes a foreword by Mark Noll *The Union of the Methodists and the Church Calmly Considered: in a Letter to the ... Young,2016 Tracing the interactions among evangelicals Catholics and Mormons from the 1950s to the present day We Gather Together recasts the story of the emergence of the Religious Right showing that it was not a brilliant political strategy of compromise and coalition building hatched on the eve of a history altering election Rather it was the latest iteration of a much longer religious debate that had been going on for decades Evangelicals Catholics and Mormons found common cause and pursued similar ends in debates about abortion school prayer the Equal Rights Amendment and tax exemptions for religious schools but they were far from a unified bloc cracks in the alliance shaped the movement from the very beginning This provocative book will reshape our understanding of the most important religious and political movement of the last 30 years
