Stone,2023-09-26 The Political Crisis and Christian Ethics addresses themes in political philosophy in the context of a crisis in democracy after the denial of the 2020 election by the Republican candidate for president The refusal to accept the results of the election divided the electorate and drove the president s followers to fail in their attempted coup attempt in January of 2020 Democracy is defended in Reinhold Niebuhr s writing on politics and in Barack Obama s use of the theologian s thought It is developed further in the political theory of Paul Tillich The themes of just peacemaking are reviewed in Paul Tillich s critique of John Foster Dulles work and in the author s critique of just peacemaking in the work of Glen Stassen Domestically the issues of race inequality ecology and healthcare are addressed from the perspective of prophetic realism The book concludes in terms of Alfred North Whitehead s philosophy of education and religion and a vision of the good president In summary The Political

Crisis and Christian Ethics is a volume of American Christian political theory in a period of overcoming the trauma of 2016 with Christian ethics and political philosophy Reinhold Niebuhr in Theory and Practice Peter B. Josephson, R. Ward Holder, 2018-12-05 American public life is gripped by a tumult that it has not experienced in at least half a century Resentment distrust despair fear envy and outrage are the passions of the day Yet it was not long ago that political scientists and theologians could speak of a Niebuhr renaissance marked by an appreciation of moral paradox ethical nuance and a recognition of the irony of American history American political leaders from Barack Obama and Hillary Clinton to George Bush and John McCain referenced Reinhold Niebuhr as an important influence on their political understandings Columnists like David Brooks commented on the political condition of contemporary America and scholars from Gary Dorrien and Daniel Rice to Richard Crouter developed academic accounts of Niebuhr's political realism From an insistence on political purity to a wariness of international institutions and the claims of expertise to a rejection of whole categories of public goods it would be difficult to find a more significant shift from the principles that shaped statecraft and public policy during Niebuhr's prime to those that are foundational in the age of Trump Reinhold Niebuhr in Theory and Practice Christian Realism and Democracy in America in the Twenty First Century explains the collapse of the Niebuhrian renaissance in public life and the ascendance of the children of light and the children of darkness in the 2016 election Our focus is Niebuhr himself and what the encounter between his own theology and his practical political experience might reveal in our contemporary situation Niebuhr tells us that he does not offer precise policy prescriptions But Niebuhr was a prolific author and his works offer insights both into what realistic and Christian public policies would look like and perhaps more importantly into how citizens should think for themselves about the political challenges of our times Our aim then is to reassert the possibility of a distinctly Niebuhrian public intellectualism and a distinctly Niebuhrian political practice in the wake of the 2016 election

Talisman, Second Edition Thomas G. Bandy, 2017-09-28 Mentoring is the primary vehicle for spiritual insight and holistic growth today and Talisman is written from the perspective of a mentee reflecting on the teachings of his/her mentor It ends with the mentee becoming the mentor This is why the second edition of this book is shorter with the second section significantly revised Originally the second section took the reader back in time to follow some of the dialogue Echo remembered Most readers however were intrigued by Echo and wanted to go forward in time They intuited correctly that the voice of Echo was a composite of real people What happened to Echo So the first section of this book remains an assessment of the spiritual quest for God in the postmodern world It explores the significance of incarnation but in the context of the power and depth of being rather than any dogmatic point of view experience and mystery over knowledge and certainty The goal is not to answer questions of existence but to sustain the courage to be and provide reason to hope The second section of the book introduces a methodology to reflect on one's position vis vis the eternal in any particular now Echo not only continues to grow personally but helps other spiritual travelers understand their

own quest for God Life on the Edge Life in Between and Life at Peace Meditation on the principles expressed through the talisman helps the spiritual traveler see where they have been and discern where they are going A talisman can be any form object song data etc that is grasped by Unconditional Being to become a portal linking finite yearning to infinite meaning Here the talisman is a six pointed star which has mystical significance for many religions But whatever your talisman is it will help you experience the nearness of God in your unique cultural context and find hope Economy, Difference, Empire Gary Dorrien, 2010-11-02 Sourcing the major traditions of progressive Christian social ethics social gospel liberalism Niebuhrian realism and liberation theology Gary Dorrien argues for the social ethical necessity of social justice politics In carefully reasoned essays he focuses on three subjects the ethics and politics of economic justice racial and gender justice and antimilitarism making a constructive case for economic democracy along with a liberationist understanding of racial and gender justice and an anti imperial form of liberal internationalism In Dorrien s view the three major discourse traditions of progressive Christian social ethics share a fundamental commitment to transform the structures of society in the direction of social justice His reflections on these topics feature innovative analyses of major figures such as Walter Rauschenbusch Reinhold Niebuhr James Burnham Norman Thomas and Michael Harrington and an extensive engagement with contemporary intellectuals such as Rosemary R Ruether Katie Cannon Gregory Baum and Cornel West Dorrien also weaves his personal experiences into his narrative especially his involvement in social justice movements He includes a special chapter on the 2008 presidential campaign and the historic candidacy of Barack Obama **One Electorate under God?** E. J. Dionne, Jean Bethke Elshtain, Kayla Meltzer Drogosz, 2004-06-14 The United States has been described as a nation with the soul of a church Religion is discussed more explicitly and more urgently in American politics than in the public debates of any other wealthy democracy It is certain to play an important role in the elections of 2004 Yet debates over religion and politics are often narrow and highly partisan although the questions at hand demand a broader and more civil discussion One Electorate under God widens the dialogue by bringing together in one volume some of the most influential voices in American intellectual and political life This book draws on a public debate between former New York governor Mario Cuomo and Indiana congressman Mark Souder who discuss how their respective faith convictions have been both shaped by and reflected in their careers as public servants This discussion in turn prompted commentary by a diverse group of scholars politicians journalists and religious leaders who are engaged simultaneously in the religious and policy realms Each contributor offers insights on how political leaders and religious convictions shape our politics One Electorate under God arises from the idea that public deliberation is more honest and more democratic when officials are open and reflective about the interactions between their religious convictions and their commitments in the secular realm This volume the first of its kind seeks to promote a greater understanding of American thinking about faith and public office in a pluralistic society Contributors include Joanna Adams Azizah Al Hibri Doug Bandow Michael Barone Gary Bauer Robert Bellah David Brooks

Praying with Every Heart Cláudio Carvalhaes, 2021-08-26 This book develops an understanding of prayer from a liberation theological perspective Praying with offers a distinctive way of praying that can help orient our prayers around the where we pray and with whom we pray as the locus of the body s and heart s theological praxis The book helps create language to pray with people and in situations we are not used to praying with it insists on praying amidst racism poverty violence and suffering it calls us to pray at night and at the end of the world when we are overcome by fear hurt climate disaster or economic impoverishment it ventures into interfaith prayer settings and it claims a sense of self that is not discrete encapsulated in its own thinking or feeling rather it understands the notion of the self as entangled with the whole

earth and each sentient and nonsentient being Thus to pray with in this book is to take the location of one s prayer more seriously and individually and collectively to gain an awareness of our grounding and positionality therefore creating a theological structure that assumes both the listening of our own heart and the voices of everything around us *The Sword of the Lord* Andrew Himes,2011 This book brings the story of fundamentalism to life through the generations of the Rice family immigrants soldiers farmers slaveowners refugees and preachers from publisher description
