Sermon Studies:

Sermon seed: 52 studies for sermons Robert Tuck,1901 *Studies in the Sermon on the Mount* D. Martyn Lloyd-Jones,1971-07-23 A spiritual classic this detailed and comprehensive study by one of the greatest expository preachers of our time explains Christ's teaching in the Sermon on the Mount and incisively applies it to the Christian life With characteristic vigor and emotional vitality Dr Lloyd Jones presents a brilliant and detailed exposition of one of the best known but most frequently misunderstood passages of Scripture Here is a comprehensive and exhaustive study of our Lord's words as recorded in Matthew chapter five This beautiful portion of the Sermon on the Mount is carefully analysed its contents outlined and thoughtfully arranged and vastly rich and abundant truths are gleaned for the reader's spiritual nurture The author brought a wealth of devoted study as well as a profound spiritual appreciation to the work of interpreting this greatest address of our delightful experience in meditation It presents depth of thought in simple language and beauty of style and contains a veritable thesaurus of spiritual truths drawn from the entire Bible *Studies in the Sermon on the Mount* Oswald Chambers,2016-03-15 Covering everything from character and habits to effective prayer and purity of heart Oswald Chambers 1874 1917 shows you how Jesus's teachings in the Sermon on the Mount can be lived out in powerful practical ways With language updated for today's readers *Studies in the Sermons of Stephen Langton* Phyllis Barzillay Roberts,1968 *Medieval Sermon Studies Symposium* International Medieval Sermon Studies Society,1979 **The Oxford Handbook of the British Sermon 1689-1901** Keith A. Francis,William Gibson,2012-10-04 The period 1689 1901 was the golden age of the sermon in Britain It was the best selling printed work and dominated the print trade until the mid nineteenth century Sermons were highly influential in religious and spiritual matters but they also played important roles in elections and politics science and ideas and campaigns for reform Sermons touched the lives of ordinary people and formed a dominant part of their lives Preachers attracted huge crowds and the popular demand for sermons was never higher Sermons were also taken by missionaries and clergy across the British empire so that preaching was integral to the process of imperialism and shaped the emerging colonies and dominions The form that sermons took varied widely and this enabled preaching to be adopted and shaped by every denomination so that in this period most religious groups could lay claim to a sermon style The pulpit naturally lent itself to controversy and consequently sermons lay at the heart of numerous religious arguments Drawing on the latest research by leading sermon scholars this handbook accesses historical theological rhetorical literary and linguistic studies to demonstrate the interdisciplinary strength of the field of sermon studies and to show the centrality of sermons to religious life in this period *Handbook of Medieval Studies* Albrecht Classen,2010-11-29 This interdisciplinary handbook provides extensive information about research in medieval studies and its most important results over the last decades The handbook is a reference work which enables the readers to quickly and purposely gain insight into the important research discussions and to inform themselves about the current status of research in the field The

handbook consists of four parts The first large section offers articles on all of the main disciplines and discussions of the field The second section presents articles on the key concepts of modern medieval studies and the debates therein The third section is a lexicon of the most important text genres of the Middle Ages The fourth section provides an international bio bibliographical lexicon of the most prominent medievalists in all disciplines A comprehensive bibliography rounds off the compendium The result is a reference work which exhaustively documents the current status of research in medieval studies and brings the disciplines and experts of the field together The Oxford Handbook of the Early Modern Sermon Peter McCullough, Hugh Adlington, Emma Rhatigan, 2011-08-04 The Oxford Handbook of the Early Modern Sermon is the first book to survey this rich new field for both students and specialists It is divided into sections devoted to sermon composition delivery and reception sermons in Scotland Ireland and Wales English Sermons 1500 1660 and English Sermons 1660 1720

Sermon Studies on the Epistles Richard D. Balge, 1993 *Preacher, Sermon and Audience in the Middle Ages*, 2018-11-12 *Preacher Sermon and Audience in the Middle Ages* presents research by specialists of preaching history and literature This volume fills some of the lacunae which exists in medieval sermon studies The topics include an analysis of how oral and written cultures meet in sermon literature the function of vernacular sermons an examination of the usefulness of non sermon sources such as art in the study of preaching history sermon genres the significance of heretical preaching audience composition and its influence on sermon content and the use of rhetoric in sermon construction The study looks at preaching history and literature from a wide geographical and chronological area which includes examples from Anglo Saxon England to late medieval Italy While doing so it outlines the state of sermon studies research and points to new areas of investigation *The Jewish-Christian Encounter in Medieval Preaching* Jonathan Adams, Jussi Hanska, 2014-10-03 This book explores the complexity of preaching as a phenomenon in the medieval Jewish Christian encounter This was not only an encounter as physical meeting or confrontation such as the forced attendance of Jews at Christian sermons that took place across Europe but also an imaginary or theological encounter in which Jews remained a figure from a distant constructed time and place who served only to underline and verify Christian teachings Contributors also explore the Jewish response to Christian anti Jewish preaching in their own preaching and religious instruction Love for the Battle-torn Peoples Jenkin

Lloyd Jones, 1916 **Cistercians, Heresy, and Crusade in Occitania, 1145-1229** Beverly Mayne Kienzle, 2001 The present book examines this important but little studied aspect of Cistercian history to probe how and why the Order undertook endeavours that drew the monks outside their monastic vocation The analysis of texts about the preaching campaigns and of their contexts seeks to retrieve the role of preaching and to reconstruct what was preached in the light of its historical and specifically monastic context Monastic texts and their contexts furnish the keys to understanding how medieval monastic authors perceived heresy preached and wrote against it BOOK JACKET *A Companion to Middle English Prose* Anthony Stockwell Garfield Edwards, 2004 The essays in this volume provide an up to date and authoritative

guide to the major prose Middle English authors and genres Each chapter is written by a leading authority on the subject and offers a succinct account of all relevant literary history and cultural factors that need to be considered together with bibliographical references Authors examined include the writers of the Ancrene Wisse the Katherine Group and the Wounges Group Richard Rolle Walter Hilton Nicholas Love Julian of Norwich Margery Kempe Sir John Mandeville John Trevisa Reginald Pecock and John Fortescue Genres discussed include romances saints lives letters sermon literature historical prose anonymous devotional writings Wycliffite prose and various forms of technical writing The final chapter examines the treatment of Middle English prose in the first age of print Contributors BELLA MILLETT RALPH HANNA III AD PUTTER KANTIK GHOSH BARRY A WINDEATT A C SPEARING IAN HIGGINS A S G EDWARDS VINCENT GILLESPIE HELEN L SPENCER ALFRED HIATT FIONA SOMERSET HELEN COOPER GEORGE KEISER OLIVER S PICKERING JAMES SIMPSON RICHARD BEADLE ALEXANDRA GILLESPIE

The New England Soul Harry S. Stout, 2012-01-05 Harry Stout's groundbreaking study of preaching in colonial New England changed the field when it first appeared in 1986 Here twenty five years later is a reissue of Stout's book a reconstruction of the full import of the colonial sermon as a multi faceted institution that served both religious and political purposes and explained history and society to the New England Puritans for one and a half centuries

Macaronic Sermons Siegfried Wenzel, 1994-09-07 Siegfried Wenzel's groundbreaking study seeks to describe and analyze the linguistically mixed or macaronic sermons in late fourteenth century England Not only are these works of considerable religious interest they provide extensive information on their literary linguistic and cultural milieux Macaronic Sermons begins by offering a typology of such works those in which English words offer glosses or offer structural functions or offer neither of the two but yet are syntactically integrated This last group is then examined in detail reasons are given for this usage and for its origins based on the realities of fourteenth century England Siegfried Wenzel draws valuable conclusions about the linguistic status quo of the era together with the extent of education the audiences expectations and the ways in which the authors' minds worked Obviously of interest to scholars and students of early English literature Macaronic Sermons also contains much valuable information for specialists in language development or oral theory and for those interested in multicultural societies

The Sermons, Manuscripts, and Language of Roberto Caracciolo da Lecce, 2024-11-11 The book offers studies on different aspects of the life activity and written works of Roberto da Lecce one of the most famous preachers of fifteenth century Italy His preaching cycles in Italian cities were attended by huge crowds and are representative for the activity of many other less known confreres and in the meantime exceptional for their number and success His sermons were read and re used throughout Europe contributing to shaping the shared religious culture The nine authors of this book have addressed this polyhedric figure from ten different perspectives Contributors are Yoko Kimura Salvatore Leaci Andrea Rado evi Cecilia Rado Carolyn Muessig Giacomo Mariani Marco Maggiore Lyn Blanchfield and Steven J McMichael

Propaganda and (un)covered identities in treatises and sermons: Christians, Jews,

and Muslims in the premodern Mediterranean Ferrero Hernández, Cándida, G. Jones, Linda, 2020-05-21 The eleven essays included in this collective volume examine a range of textual genres produced by Christians and Muslims throughout the Mediterranean including materials from the Corpus Islamlatinum Christian propaganda and polemical works targeting Muslims and Jews Inquisition records and Christian and Muslim sermons Despite the diversity of the works under consideration and the variety of methodological and disciplinary approaches employed in their analysis the volume is bound together by the common goals of exploring the propaganda strategies premodern authors deployed for specific aims be it the unification of religious cultural and political groups through discourses of self representation or the invention of the political cultural religious or gendered other Many of the essays offer critical re readings of works that are obscure or have never been studied while others shed new light on the cultural and textual interactions between Christians Muslims and Jews The volume is divided into four sections the first of which is comprised of three chapters on the Corpus Islamlatinum that furnish new evidence showing the important role this encyclopedia played in spreading knowledge about Islam and contributing to the creation of propaganda and polemics against Islam among European intellectual circles The chapters in section two offer novel interpretations of the hermeneutical strategies underlying the composition of polemical works such as the lives of Muhammad and Pedro de la Cavalleria s Zelus Christi The essays in section three identify some common hermeneutical strategies in the use of anti Jewish and anti Islamic arguments to polemicize against religious others or edify Christians and illuminate intertextual relations between authors and genres disputatio and praedicatio Finally section four introduces the gender perspective the genered nature of the accusations of Judaizing in the analysis of the transcripts of the inquisitorial court of three sisters who were tried in Barcelona in 1496 on the one hand and two studies that explore the constructions of identities and gender relations reflected in various Islamic sources from opposite ends of the Mediterranean They offer glimpses of women as subject s and as object s of preaching and show how such texts can reify or subvert traditional binary gender roles

Medieval Latin Frank Anthony Carl Mantello, A. G. Rigg, 1996 Organized with the assistance of an international advisory committee of medievalists from several disciplines Medieval Latin An Introduction and Bibliographical Guide is a new standard guide to the Latin language and literature of the period from c A D 200 to 1500 It promises to be indispensable as a handbook in university courses in Medieval Latin and as a point of departure for the study of Latin texts and documents in any of the fields of medieval studies Comprehensive in scope the guide provides introductions to and bibliographic orientations in all the main areas of Medieval Latin language literature and scholarship Part One consists of an introduction and sizable listing of general print and electronic reference and research tools Part Two focuses on issues of language with introductions to such topics as Biblical and Christian Latin and Medieval Latin pronunciation orthography morphology and syntax word formation and lexicography metrics prose styles and so on There are chapters on the Latin used in administration law music commerce the liturgy theology and philosophy science and technology

and daily life Part Three offers a systematic overview of Medieval Latin literature with introductions to a wide range of genres and to translations from and into Latin Each chapter concludes with a bibliography of fundamental works texts lexicographical studies and research aids This guide satisfies a long standing need for a reference tool in English that focuses on medieval latinity in all its specialized aspects It will be welcomed by students teachers professional latinists medievalists humanists and general readers interested in the role of Latin as the learned lingua franca of western Europe It may also prove valuable to reference librarians assembling collections concerned with Latin authors and texts of the postclassical period

ABOUT THE EDITORS F A C Mantello is professor of Medieval Latin at The Catholic University of America A G Rigg is professor of English and medieval studies and chairman of the Medieval Latin Committee at the University of Toronto s Centre for Medieval Studies

PRASIE FOR THE BOOK This extraordinary volume joint effort of dozens of scholars in eight countries will be in constant use for research for advising students and designing courses and for answering the queries of nonmedievalist colleagues Medieval Latin provides a foundation for advances in research and teaching on a wide front Though Mantello and Rigg s Medieval Latin is a superb reference volume I recommend that it also be read from beginning to end in small increments of course The rewards will be sheaves of notes and an immensely enriched appreciation of Medieval Latin and its literature Janet M Martin Princeton University Speculum A remarkable achievement and no one interested in medieval Latin can afford to be without it Journal of Ecclesiastical History Everywhere there is clarity conclusion judicious illustration and careful selection of what is central This guide is a major achievement and will serve Medieval Latin studies extremely well for the foreseeable future The Classical Review

The Oxford History of Protestant Dissenting Traditions, Volume II Andrew C. Thompson, 2018-05-24 The five volume Oxford History of Dissenting Protestant Traditions series is governed by a motif of migration out of England It first traces organized church traditions that arose in England as Dissenters distanced themselves from a state church defined by diocesan episcopacy the Book of Common Prayer the Thirty Nine Articles and royal supremacy but then follows those traditions as they spread beyond England and also traces newer traditions that emerged downstream in other parts of the world from earlier forms of Dissent Secondly it does the same for the doctrines church practices stances toward state and society attitudes toward Scripture and characteristic patterns of organization that also originated in earlier English Dissent but that have often defined a trajectory of influence independent ecclesiastical organizations The Oxford History of Protestant Dissenting Traditions Volume II charts the development of protestant Dissent between the passing of the Toleration Act 1689 and the repealing of the Test and Corporation Acts 1828 The long eighteenth century was a period in which Dissenters slowly moved from a position of being a persecuted minority to achieving a degree of acceptance and eventually full political rights The first part of the volume considers the history of various dissenting traditions inside England There are separate chapters devoted to Presbyterians Congregationalists Baptists and Quakers the denominations that traced their history before this period and also to Methodists who emerged as one of the denominations

of New Dissent during the eighteenth century The second part explores that ways in which these traditions developed outside England It considers the complexities of being a Dissenter in Wales and Ireland where the state church was Episcopalian as well as in Scotland where it was Presbyterian It also looks at the development of Dissent across the Atlantic where the relationship between church and state was rather looser Part three is devoted to revivalist movements and their impact with a particular emphasis on the importance of missionary societies for spreading protestant Christianity from the late eighteenth century onwards The fourth part looks at Dissenters relationship to the British state and their involvement in the campaigns to abolish the slave trade The final part discusses how Dissenters lived the theology they developed and their attitudes towards scripture the importance of both sermons and singing their involvement in education and print culture and the ways in which they expressed their faith materially through their buildings
