Sudhakar Rao, 1999 Raja Rao Is An Erudite Scholar And An Ennobling Indian Novelist In English His Sensibility Is Verily Indian And Presents A Unified Vision Of Life His Creditable Career As A Novelist Beginning With His First Novel Kanthapura 1938 Spans Over Almost More Than Half A Century The Novel Is A Repository Of The Eventful Phases Of Indian's Struggle For Independence On Gandhian Lines The Novel Merits The Distinction Of Being A Paradigmatic Text With The Deft Handling Of Myth And History *The Serpent And The Rope* 1960 Renowned For Its Metaphysical Moorings Is A Compendium Of The Indian Composite Cultural Complexities Interacting As They Do With The Cross Cultural And Transactional Influences The Text Holds Out Infinite Possibilities For The Intending Readers Set Out To Undertake A Serious Study The Cat And Shakespeare 1965 Comrade Kirillov 1976 Are Intact With The Solidity Of An Inbuilt Structural Irony And Put Up An Amazing Picture In An Amusing Manner Of The Piquant Situation Obtaining All Over India In The Post Independence Period Soon After The Euphoria Of

Independence Struggle Ceased To Exercise Its Influence The Study Being Selective Is Confined To Socio Cultural Aspects Of Life As Reflected In The Above Texts Christianity and the Doctrine of Non-Dualism A Monk of the West,2005-03 The author of this slender but profound book a Cistercian monk discovered as a young man the work of his fellow countryman Ren Gunon whose writings introduced him to genuine metaphysical doctrine and to possibilities of spiritual realization This discovery marked him indelibly and he resolved to follow a monastic path in order to be free for the one thing needful The word Advaita which designates Vedantic non dualism is Sanskrit for non dual or not two but the doctrine itself is by no means exclusively Hindu being present in Buddhism Islam Taoism and Judaism In Christianity it has always been more implicit though explicit with writers such as Dionysius the Areopagite Eriugena Eckhart and even Dante The great merit of this work by a Monk of the West is that it shows that non dualism is neither pantheism nor monism and that there is no incompatibility between orthodox Christian doctrine and the strictest understanding of non dualism in the Advaita Vedanta The implication is that non dualism can again find expression within a Christian ambience The cover design helps clarify this In the background is the Omkara the sacred monosyllable of Hinduism considered the most fundamental of affirmations In the foreground is the Christian symbol of the Chi Rho chrism or labarum consisting of the first two letters chi X and rho P of the Greek Christos XRISTOS This figure is intrinsically three dimensional but is usually projected onto a plane surface The cruciform Greek letter chi X is placed horizontally within a circle it measures the parameters of a given world The rho intersects the chi at its center and is placed vertically to represent the axis mundi or world tree The loop at the top of the rho represents the Supernal Sun at the summit of the world tree from which all possibilities of creation proceed and to which they return There can be no essential but only an apparent incompatibility between the Universe and any of its constituent parts all derive from a unique and common Principle Similarly there be no essential conflict between the Chi Rho representing a given world and the Omkara which represents all worlds the entire Universe notwithstanding the differing degrees of universality Christianity and the Doctrine of Non Dualism offers one approach to this doctrine and to the greatest possible spiritual intellectual adventure that is implied *Re-imagining Language and Literature for the 21st Century* International Federation for Modern Languages and Literatures. Congress,2005 In 28 essays selected from the proceedings of the XXII International Congress of FILLM held at Assumption University Bangkok scholars and teachers of languages and literatures have noted bemoaned and analyzed the waning influence of the humanities to varying degrees They have raised questions offered solutions and vigorously defended their languages and literatures often in no uncertain terms not as a politically correct thing to do but as a human obligation The papers presented here are true to the spirit of the Congress from the moment of the keynote address to what followed in a spontaneous outbreak of voices from scholars of more than 70 universities throughout the world For the first time in an international congress scholars have described with great sensitivity many languages and literatures often considered the periphery in a sincere attempt to understand the other thus

making a passionate plea for inclusion in the umbrella of the world's languages and literatures. With contributions by keynote speaker and authority on Comparative Literature Gayatri Spivak USA and plenary speakers Vridhagiri Ganeshan India, Roger Sell Finland, Antoine Compagnon France and Chetana Nagavajara Thailand, this volume is of immense interest to scholars and teachers of languages and literatures the world over. *Linguistic Differences in Speaking and Writing* Rekha Aslam, 1990.
