Collings, 2009-11-01 In his new collection of verse Michael R Collings touches upon themes of science fiction myth and fantasy and horror The well known SF writer Orson Scott Card says Collings's poetry is a path a road sometimes even a highway taking you to destinations you did not even know you wanted to visit and yet you always did in some deep place in your heart and when he takes you there you recognize it and realize that you are for this moment home **The Dark Side** Young Park, 2012 The history of the United States is the history of people who migrated to America from all parts of the world As a result American society is composed of many unique cultures and races Unfortunately the uniqueness of these cultures is one of the underlying causes of tension and conflict in America resulting in racism religious intolerance and class warfare In spite of this the multi racial nature of American society is an integral part of America's strength as a nation Thousands of immigrants from unique cultures who speak totally different languages came to find a better life in America But they were never accepted by the dominant white Christians The immigrants had to fight for the right to be in America Racism race riots and genocide are integral parts of the lives of immigrants The racial complexion of America is changing in the twenty first century In a short time the non white population will be the majority Social economic

and political changes are already taking place Unfortunately the dominate power holders and white middle classes have not adjusted to these changes The unique system of government and economics developed over the years has reached a point that many believe will end the American Empire There is a certain bias in this presentation and criticism is aimed at the extreme beliefs and actions of a large segment of Americans particularly white Christians They have been the dominant political social and economic forces in the country Any assessment of the American system becomes a criticism of that segment of Americans Their beliefs and actions represent the Dark Side of America **The Truth Lies within the Heart & Soul** Kathleen Shasky,2019-06-27 The main stories presented in this book are the stories in the Bible we grew up with as children These stories were significant to us then and even more so now with the hidden and missing pieces revealed within this book From Adam and Eve to David and Goliath and all the way through Jesus s and Mary Magdalene s lives as well as Jaimee Barrington s life You have only to put the pieces together after reading about the important parts that have been kept from you until now The lessons of Jesus and Mary Magdalene with the many messages from the Angels Ascended Masters and The Divine have been channeled to help humanity see their truth which is in each and every individual You have only to look within to see that the truth lies within your heart and soul setting you free *The Servants of Darkness and the Masters of Light* William G. Huey,1993 *The Holy Bible, Containing the Old and New Testaments (according to the Present Authorized Version) with Critical, Explanatory, and Practical Notes* Joseph Benson,1846 **Signs of the Times, and Doctrinal Advocate and Monitor** ,1912 **An Old Man Thinking for the First Time** James Kalm Fitzgerald,2024-05-22 A seed was dropped by a man that did not know he was sowing seeds A certain seed sprouted a philosophy plant which was noticed by a passerby The passerby a lost soul picked and consumed the plant which awakened a decade s old and long forgotten planned quest That quest was locked away in the mind of the lost soul in a closet of things once planned but long since forgotten In that closet on a bookshelf was a book the lost soul had once thought to read The Holy Bible Covered in scarlet webs this book now stood out as a quest that must be taken The lost soul removed the book from the forgotten things in the closet of his mind and moved it from the mind to his hands The Book was consumed The old man would start thinking differently This thinking it seemed to the old man would be useless unless this thinking might be shared No experience in writing but nevertheless compelled to go fishing for men with words **Journal of the American Medical Association** ,1907
