Modern Equity:

Modern Equity Jill E. Martin, Harold Greville Hanbury, 2001 This revised edition of the leading textbook on equity and trusts provides comprehensive and updated coverage of trusts trustees and equitable remedies particularly the Trustee Act 2000 **Hanbury and Martin, Modern Equity** James Glister, Harold Greville Hanbury (juriste)., James Lee, 2021-09-30 Hanbury Martin *Modern Equity* provides an up to date and modern account of this challenging area of the law This twenty second edition of the long standing work is the third edition under the present editors The new edition contains rigorous analysis of the latest in case law and academic debate with strengthened reference to other common law jurisdictions *Modern Equity* continues to be unparalleled in breadth of scope and wealth of detail and remains the authority on equity and trusts law **Equity** George Luther Clark, 1919 **Modern Equity** Harold Greville Hanbury, 1957 **Equity** George Luther Clark, 1920 **Modern Equity** Jill E. Martin, 1993 *Catalogue ...* Indiana. Supreme Court. Law Library, 1898

Modern Money and the Rise and Fall of Capitalist Finance Jongchul Kim, 2022-12-30 *Modern Money and the Rise and Fall of Capitalist Finance* examines the true nature of modern money and seeks ideas for an alternative economic system for a just society This book suggests that adopting the ideas and institutions of a trust allowed personae to be combined with creditor debtor relations and by doing so led to the evolution of modern money This also helps explain why modern banking arose in England rather than continental Europe by conceptualizing modern money as a trust and investigating the inseparable relationship between personae and modern money because it is more than creditor debtor relations it takes the form of a trust In explaining how the capitalist credit money economy differs from previous economies this book is a significant contribution to the literature on modern money heterodox economics and the philosophy of economics and finance

Modern Studies in Property Law - Volume 5 Martin Dixon, 2009-11-03 This book is a collection of papers given at the seventh biennial conference held at the University of Cambridge in March 2008 and is the fifth in the series *Modern Studies in Property Law* The Property Law conference has become well known as a unique opportunity for property lawyers to meet and confer both formally and informally This volume is a refereed and revised selection of the papers given there It covers a broad range of topics of immediate importance not only in domestic law but also on a worldwide scale **Equity** George Luther Clark, 1919 *The Modern Cy-près Doctrine* Rachael Mulheron, 2016-04-08 It is unusual in the precise world of law to find instances of where near enough is good enough This book explores when this is possible referring to property and monetary transfers under the increasingly important and influential cy pr s doctrine The doctrine decrees that when literal compliance is impossible or infeasible the intention of a donor or testator should be carried out as nearly as possible Over the past thirty years this doctrine has marched into other legal territory where as near as possible is also considered sufficient such as in class actions litigation and under non charitable trusts Discussing and analyzing key developments across the Commonwealth jurisdictions and the USA this book considers whether there is a new and overarching definition which can

be attributed to the cy pr s doctrine It asks whether there is a doctrinal symmetry of analysis that truly renders it a body of cy pr s law in the modern context and whether the doctrine can be expected to play an even greater role in the future This book is of interest to researchers and practitioners working in trusts and charity law property law contract law and class actions jurisprudence Hanbury and Martin James Lee, Jamie Glister, 2015-08-21 Hanbury Martin Modern Equity is the leading title for those looking for top marks in Equity and Trusts law unparalleled in both breadth of coverage and wealth of detail With a new Editorial team at the helm the textbook has been brought up to date to reflect the latest developments in the law and in teaching and remains the best resource for mastering this subject Finding List of Text-books, 1899 Indiana. Supreme Court. Law Library, 1899 **Stability and Change in Modern Property Law** Ernesto Vargas Weil, 2025-09-04 This book examines the English and German version of the numerus clausus principle which holds that there is a closed list of permitted property rights It challenges recent views that the principle renders property law inflexible and unable to accommodate social and economic changes Relying on a novel approach combining property theory and comparative research of English and German law it argues that the restrictions the principle imposes on the creation of new property types actually does accommodate social changes through a process of functional transformation of the existing property rights This is a fascinating unique study that makes a rigorous original contribution to property law theory **Reviews In Modern Quantitative Finance** Andrey Itkin, 2024-03-12 This volume contains six chapters which cover several modern topics of quantitative finance and reflect the most significant trends currently shaping this field The chapters discuss in detail and make original contributions to stochastic fractional volatility models and their asymptotic solutions Chapter 1 equity trading optimal portfolios and related problems Chapters 2 5 6 machine learning and NLP Chapters 2 3 and economic scenario generation Chapter 4 and are written by the leading experts in the field This book is useful for both researchers and practitioners **Modern Equity** Jamie Glister, James Lee, 2015 *Private Law and the State* Andrew Robertson, Jason W Neyers, 2024-10-31 This collection explores the relationship between the state and private law It does this by addressing four overlapping questions beginning by asking why states recognise and enforce private law obligations and liabilities It goes on to ask how the state as a legal actor is subject to private law The third question explored relates to the relationship between private law and public law Finally it examines the role of the public interest in private law With the perspectives of world leading commentators from both academia and the judiciary this book provides a fascinating assessment of a crucial but complex relationship **Justice Without Law** United States. Department of Justice. Office of Legal Policy, 1988 Modern Studies in Property Law, Volume 11 Sue Farran, Russell Hewitson, Adam Ramshaw, 2021-07-29 What are the contemporary challenges faced by property law as we enter the 2nd decade of the 21st century This collection brings together the research and perspectives of an international body of academics and practitioners to consider these challenges and how even familiar topics must develop to meet new demands and developments As with previous books in the Modern Studies in Property Law

series this volume adopts a broad approach to topics encompassed by property law in the firm belief that the boundaries that divide are shadowy at best and constantly moving in the endeavour to keep up with what is modern This collection looks at 5 themes Comparative perspectives including a chapter on grazing and cropping rights in Northern Ireland and analysis of the anomalies of the English trust law as seen from a civil law perspective Taking and alienating property including a chapter on bankruptcy and the family home Modern dilemmas including chapters on trusts in virtual currency and on smart homes Old chestnuts new challenges including analysis of the mortgage law reform in Scotland and a chapter on the ouster principle in common law jurisdictions and Wills death and other morbid topics with chapters on English succession law and the role of knowledge and approval in retrospective assessments of capacity Unfortunately the COVID 19 pandemic prevented the 13th biennial conference being held in 2020 as planned but despite this the authors and co editors persevered to produce this interesting and diverse collection *Modern Studies in Property Law - Volume 8* Warren Barr, 2015-08-27 This book contains a collection of peer reviewed papers presented at the Tenth Biennial Modern Studies in Property Law Conference held at the University of Liverpool in April 2014 It is the eighth volume to be published under the name of the Conference The Conference and its published proceedings have become an established forum for property lawyers from around the world to showcase current research in the discipline This collection reflects the diversity and contemporary relevance of modern research in property law Incorporating a keynote address by Sir John Mummery retired Lord Justice of Appeal on Property in the Information Age a number of chapters consider the contribution of property law to issues central to the human condition the home health and death Other papers illustrate an enduring need to question and explore fundamental concepts of the subject as well as to consider the challenges of reforming the law Collectively the chapters demonstrate the vibrancy and importance of property law in dealing with modern concerns across the common law world
