Van Ness, Karen Heetderks Strong, 2010-06-25 *Restoring Justice An Introduction to Restorative Justice* offers a clear and convincing explanation of restorative justice a movement within criminal justice with growing worldwide influence It explores the broad appeal of this new vision and offers a brief history of its development The book presents a theoretical foundation for the principles and values of restorative justice and develops its four cornerpost ideas of encounter amends inclusion and reintegration After exploring how restorative justice ideas and values may be integrated into policy and practice it presents a series of key issues commonly raised about restorative justice summarizing various perspectives on each Van Ness and Strong are renowned scholars in the field of restorative justice Appendices include a case study to help illustrate the concepts of the text and internet resources on topics in restorative justice

Restoring Justice Daniel W. Van Ness, Karen Heetderks Strong, Jonathan Derby, L. Lynette Parker, 2022-05-30 *Restoring Justice An Introduction to Restorative Justice Sixth Edition* offers a clear and convincing explanation of restorative justice a movement within criminal justice with ongoing worldwide influence The book explores the broad appeal of this vision and offers a brief history of its roots and development as an alternative to an impersonal justice system focused narrowly on the conviction and punishment of those who break the law Instead restorative justice emphasizes repairing the harm caused or revealed by criminal behavior using cooperative processes that include all the stakeholders The book presents the theory and principles of restorative justice and discusses its four cornerpost ideas Inclusion Encounter Repair and Cohesion Multiple models for how restorative justice may be incorporated into criminal justice are explored and the book proposes an approach to assessing the extent to which programs or systems are actually restorative in practice The authors also suggest six strategic objectives to significantly expand the use and reach of restorative justice and recommended tactics to make progress towards the acceptance and adoption of restorative programs and systems *Restoring Justice after Large-scale Violent Conflicts* Ivo Aertsen, Jana Arsovska, Holger-C Rohne, Marta Valiñas, Kris Vanspauwen, 2013-05-13 This book provides a comparative analysis of the potential of restorative justice approaches to dealing with mass victimization in the context of large scale violent conflicts focusing on case studies from Kosovo Israel Palestine and Congo incorporating contributions from leading authorities in these areas One of the main objectives of the book is to examine if how and to what extent restorative justice is applicable in various different cultural social and historical contexts and what common themes can be identified within the different regions under analysis The book will also provide a critical analysis of the UN Basic Principles on the use of restorative justice programmes in criminal matters as applied to the context of large scale violence

Restoring Justice and Security in Intercultural Europe Brunilda Pali, Ivo Aertsen, 2017-09-14 The intercultural contexts and new configurations in Europe offer fertile ground for social conflict tensions and threat This book challenges predominant and fear inducing approaches of justice and security as they appear in intercultural contexts and develops

alternative understandings by exploring both theoretically and empirically the potential of dialogic and restorative justice oriented actions in sensitive areas of living together The book offers unique opportunities for rethinking frames of justice in security and their intersections and for reshaping European practices and policies in a more sustainable way This book is based on an innovative and exploratory action research project in four European countries which challenges the obsessive focus on security concerns the merging of the security discourse with intercultural contexts and the emphasis on technology and surveillance as a way to conceive the doing of security Both the project and the book offer another vision on what security means and how it can be done by multiplying participatory encounters between different groups in society promoting opportunities for deliberations and dialogue about alternative forms of conviviality The book is one of two volumes resulting from the work by a group of researchers in six European countries having cooperated intensively during four years in ALTERNATIVE an action research project funded under the EU Seventh Framework Programme

Restorative Justice Holly Ventura Miller, 2008-05-19 Covers scholarly work in criminology and criminal justice studies sociology of law and the sociology of deviance

Restorative Justice Eugene McLaughlin, Open University, 2003-06-02 Restorative Justice brings together key international writings that trace the development of restorative justice from its diverse beginnings to current global policies and practices

Restorative Justice in a Prison Community Cheryl Swanson, 2009-03-16 Americans are frustrated with prisons They recognize the need for these institutions but at the same time they worry about whether the money used to build and maintain them is well spent Older prisons are dirty disgusting and dangerous but even newer facilities come up lacking in terms of offering inmates opportunities to take responsibility for their crimes support their loved ones further their education learn job skills and develop positive relationships in healthy safe respectful communities This book provides insight into the philosophy of restorative justice which aims to develop ways we can manage our prisons differently to achieve more positive outcomes Using the case study of an honor dorm in a maximum security prison the book posits that most of the inmates never learned the basic tools for living life productively and responsibly They never thought much about their victims or how their actions affected others They never learned how to get along with others pick up after themselves or how to be of service to their fellow man Swanson uses the writings and reflections of inmates participating in a restorative justice program to demonstrate the challenges and transformative possibilities of this alternative approach to rehabilitation

Restorative Justice in Transition Kerry Clamp, 2013-09-05 This book explores how restorative justice is used and what its potential benefits are in situations where the state has been either explicitly or implicitly involved in human rights abuses Restorative justice is increasingly becoming a popular mechanism to respond to crime in democratic settings and while there is a burgeoning literature on these contexts there is less information that focuses explicitly on its use in nations that have experienced protracted periods of conflict and

oppression This book interrogates both macro and micro utilisations of restorative justice including truth commissions criminal justice reform and the development of initiatives by communities and other non state actors The central premise is that the primary potential of restorative justice in responding to international crime should be viewed in terms of the lessons that it provides for problem solving rather than its traditional role as a mechanism or process to respond to conflict Four values are put forward that should frame any restorative approach engagement empowerment reintegration and transformation It is thought that these values provide enough space for local actors to devise their own culturally relevant processes to achieve longstanding peace This book will be of interest to those conducting research in the fields of restorative justice transitional justice as well as criminology in general

Restorative Justice in China Xiaoyu Yuan,2017-10-16 This book provides insights into the history development and practice of restorative justice methods in China Traditionally in China mediation has played an important role in criminal proceedings which has many characteristics in common with the Western concept of restorative justice Through case studies and theoretical examination the author of this timely work aims to bridge the research on restorative justice models mainly developed in the West with restorative justice as practiced in China After a Brief overview and introduction the author compares and contrasts case studies of restorative justice like practices from different districts in China The author examines cases studies from several regions within China and explores the key question can the restoration model developed in the West take root in China and if so what legal cultural and societal accommodations may need to be made This work will be of interest to researchers in Criminology and Criminal Justice particularly with an interest in alternative justice practices restorative justice and international comparative criminology as well as researchers interested in Chinese affairs or Asian Studies

Handbook of Restorative Justice Gerry Johnstone,Daniel Van Ness,2013-01-11 This book provides a comprehensive and authoritative account and analysis of restorative justice one of the most rapidly growing phenomena in the field of criminology and justice studies This book aims to meet the need for a comprehensive reliable and accessible overview of the subject It draws together leading authorities on the subject from around the world in order to elucidate and discuss the key concepts and principles of restorative justice explain how the campaign for restorative justice arose and developed into the influential social movement it is today describe the variety of restorative justice practices explain how they have developed in various places and contexts and critically examine their rationales and effects identify and examine key tensions and issues within the restorative justice movement brings a variety of disciplinary and interdisciplinary perspectives to bear upon the understanding and assessment of restorative justice The Handbook of Restorative Justice is essential reading for students and practitioners in the field

Developing Restorative Justice Jurisprudence Tony Foley,2016-04-22 What are the requirements for a just response to criminal wrongdoing Drawing on comparative and empirical analysis of existing models of global practice this book offers an approach aimed at restricting the current limitations of criminal justice process and addressing the current deficiencies Putting restoration

squarely alongside other aims of justice responses the author argues that only when restorative questions are taken into account can institutional responses be truly said to be just Using the three primary jurisdictions of Australia New Zealand and Canada the book presents the leading examples of restorative justice practices incorporated in mainstream criminal justice systems from around the world In conclusion the work provides a fresh insight into how today s criminal law might develop in order to bring restoration directly into the mix for tomorrow This book will be of interest to undergraduates postgraduate researchers and lecturers as well as lawyers who work in the field of criminal law criminologists social scientists and philosophers interested in ideas of wrongdoing and criminal justice responses to criminal offending

Restorative Justice & Responsive Regulation John Braithwaite,2002 Braithwaite s argument against punitive justice systems and for restorative justice systems establishes that there are good theoretical and empirical grounds for anticipating that well designed restorative justice processes will restore victims offenders and communities better than existing criminal justice practices Counterintuitively he also shows that a restorative justice system may deter incapacitate and rehabilitate more effectively than a punitive system This is particularly true when the restorative justice system is embedded in a responsive regulatory framework that opts for deterrence only after restoration repeatedly fails and incapacitation only after escalated deterrence fails Braithwaite s empirical research demonstrates that active deterrence under the dynamic regulatory pyramid that is a hallmark of the restorative justice system he supports is far more effective than the passive deterrence that is notable in the stricter sentencing grid of current criminal justice systems **Restorative Justice** Ruth Ann Strickland,2004 Restorative justice employed in both ancient and modern societies is designed to repair the harm that a criminal offense inflicts on victims offenders and communities Today backlogged court dockets dissatisfaction with the adversarial process and overcrowded prisons have incited a necessary discussion of alternatives for dealing with the accused and the convicted This book examines how restorative justice works promoting healing by emphasizing the restoration of victims emotional and material losses creating forums for negotiation problem solving and dialogue between affected parties and empowering communities and victims by inviting their participation Restorative Justice discusses the method s beneficial and detrimental effects on and implications for defendants victims the courtroom workgroup corrections and the community

Restorative Justice Marian Liebmann,2007 Provides an accessible introduction to the philosophy of restorative justice and its application in a wide range of settings demonstrating how it can help to rehabilitate both victims and offenders when harm has been done *Restorative Justice* Theo Gavrielides,2017-09-19 The legitimacy and performance of the traditional criminal justice system is the subject of intense scrutiny as the world economic crisis continues to put pressure on governments to cut the costs of the criminal justice system This volume brings together the leading work on restorative justice to achieve two objectives to construct a comprehensive and up to date conceptual framework for restorative justice suitable even for newcomers and to challenge the barriers of restorative justice in the hope of taking its theory and practice a

step further The selected articles start by answering some fundamental questions about restorative justice regarding its historical and philosophical origins and challenge the concept by bringing into the debate the human rights and equality discourses Also included is material based on empirical testing of restorative justice claims especially those impacting on reoffending rates victim satisfaction and reintegration The volume concludes with a critique of restorative justice as well as with analytical thinking that aims to push its barriers It is hoped that the investigations offered by this volume not only offer hope for a better system for abolitionists and reformists but also new and convincing evidence to persuade the sceptics in the debate over restorative justice

Reimagining Restorative Justice David O'Mahony,Jonathan Doak,2017-09-21

Restorative justice theory has largely failed to keep pace with the rapid expansion of restorative practices worldwide indeed it is remarkable how much support RJ has when so few advocates can even define what it is As such this insightful and comprehensive new contribution from two of the top scholars on the frontlines of restorative justice research is hugely welcome Professor Shadd Maruna Centre for Criminology and Criminal Justice University of Manchester *Reimagining Restorative Justice* is a reflective and balanced reconsideration of restorative justice It deftly sweeps across the large literature on the subject putting it in perspective seeing anew through its wide angle lens Empowerment and accountability provide a fertile framework for this richly reimagined justice Professor John Braithwaite Australian National University David O Mahony and Jonathan Doak have made a significant contribution to the confusing and over complicated field of restorative justice theory They do so through their use of empowerment theory to bring conceptual and operational clarity to the concepts of agency and accountability in restorative processes and outcomes As a result they develop a convincing argument for face to face dialogue between victim and perpetrator within the core of the criminal justice system Their emphasis upon ethical and skilful practice is a welcome riposte to the rapid spread of restorative justice lite driven by managerialism and the need to cut costs Tim Chapman Lecturer at the University of Ulster O Mahony and Doak convincingly argue that rapid developments in the practice of restorative interventions have outstripped restorative justice theory They provide both an outstandingly helpful review of the literature and a fresh theoretical approach based on empowerment theory Everyone seriously interested in restorative justice will want to reflect carefully on the authors conclusions Anthony Bottoms Emeritus Wolfson Professor of Criminology at the University of Cambridge In recent years restorative based interventions have expanded rapidly and are increasingly viewed as a legitimate and even superior means of delivering justice The result of this swift but piecemeal development has been that restorative justice practice has outpaced the development of restorative justice theory This book takes up this challenge by reimagining a new framework for the operation of restorative justice within criminal justice In essence it is contended that the core empowering values of agency and accountability provide a lens for reimagining how restorative justice works and the normative goals it ought to encompass

Social Work and Restorative Justice Elizabeth Beck,Nancy P. Kropf,Pamela Blume Leonard,2010-11-11 Presents an innovative synergistic

practice model that will help social workers use restorative justice skills to facilitate healing and recovery in the families and communities that they serve **The Role of Community in Restorative Justice** Fernanda Rosenblatt, 2015-04-17

Although restorative justice is probably one of the most talked about topics in contemporary criminology little has been written about how community involvement in restorative justice translates into practice While advocates have presented the community as an essential pillar of restorative justice the rationale for why and how this is the case remains underdeveloped and largely unchallenged This book offers an empirical and theoretical explanation of what community involvement means and what work it does in restorative justice Drawing on an empirical case study and the wider sociological literature **The Role of Community in Restorative Justice** examines the involvement of the community in one selected practice of restorative justice and also considers the implications of the English and Welsh experience for development of a more coherent framework for operationalizing community involvement in restorative justice practices It is argued that restorative justice programmes need to start from a more concrete and up to date notion of community While operationalizing community involvement they need to acknowledge all at once the importance of place the importance of family links friendship and other social ties and the importance of similar social traits and identities This book is essential reading for students researchers and academics in the fields of criminology criminal justice sociology community studies policy studies social policy and socio legal studies This book will also be valuable reading for a variety of practitioners and policymakers particularly working with restorative justice and youth justice **Restorative Justice in Legal Systems, Education and the Community** Dr.

Sandra Pavelka, Anne Seymour, 2024-08-21 Restorative justice realized in states and communities across the world is viewed as an innovative framework and growing global social movement providing a foundation for fairness and accountability in laws policies and practices Its application is integrated in legal systems educational settings and the workplace among others A wide range of expert voices in the restorative justice field come together in this book culminating in an insightful and critical assessment of restorative justice With authors from around the globe the international application of restorative justice is evidenced with case studies and examples of the impact of restorative practices and various models Relational practice its implementation its effects and its potential to grow is at the heart of each of the chapters thoughtfully arranged to guide the reader through the journey of restorative justice in education to legal systems youth offender programmes and the communities for whom restorative justice is integral
