herbal medicines today symbolize safety in contrast to the synthetics that are regarded as unsafe to human and environment In the primeval times the Indian sagacious held the view that herbal medicines are the only resolution to treat numeral health related problems and diseases Although herbs had been prized for their medicinal flavouring and aromatic qualities for centuries the synthetic products of the modern age surpassed their importance for a while However the blind dependence on synthetics is over and people are returning to the naturals with hope of safety and security This means there is immense potentiality in the market considering the fact the present book aims to provide you comprehensive knowledge The book contains Formulae of different Herbal Medicines used in all kind of diseases The chapters of the book are Use of herbal medicines for masses commonly available plants tested for lowering blood sugar cure of goitre by Ayurvedic herbal medicines clinical study of chalcopyrite tables in the management of common symptoms of acid dyspepsia holistic management of bronchial asthma drugs for skin allergy role of Ayurveda in veterinary science manufacturers index botanical name of drugs research abstracts Ayurveda on the web databases drugs and their equivalents along with a directory section Research scholars professional students scientists new entrepreneurs and present manufacturers will find valuable educational material and wider knowledge of herbal medicine in this book Comprehensive in scope the book provides solutions that are directly applicable to the detailed information of herbal medicine

Selling to India's Consumer Market
Douglas Bullis, 1997-12-09 Douglas Bullis goes beyond the usual superficial accounts found in the usual import export books and provides something truly unique an in depth analysis of what India needs from the rest of the world not what the world can get out of India What most businesspeople don't know and what is crucial if they are to succeed in their transactions with India is what India needs from them and not always is this mere capital Bullis describes the rise of India's middle class and consumer economy since 1991 and provides readers with what very few outsiders know how India really works The result is an essential resource for corporate management in marketing sales strategic planning and investment and important collateral reading for students and teachers of international business Bullis argues that India has long been misunderstood by the West Now as the business climate goes global India looms as the largest country in the world to embrace the market economy As India emerges as a mass consumer market and a major low cost manufacturing center not only the Indian economy but the world economy is likely to be changed If overseas businesspeople are to enter India and compete successfully they need a clear broad up to the minute and useful view of the country its markets its resources and its people In this book Bullis provides just that
