### **Rosellen Brown Reader Selected Poetry And Prose:**

**A Rosellen Brown Reader** Rosellen Brown, 1993-11 The author of *Tender Mercies* and *Civil Wars* demonstrates her command of diverse genres in this engaging collection of poetry short stories and essays Best known for her carefully crafted emotionally resonant novels Rosellen Brown is committed to the ideal of the well rounded writer She shifts easily from prose to poetry from fiction to nonfiction from novels to short stories with an assured mastery of each form that enriches her work in the others This Reader is the first book to bring together her work in a variety of genres presenting many previously uncollected stories and essays The collection reveals the wide range of her imagination and the evolution of her central themes Like a pilot flying low over the land she writes in her introduction I've finally been able to study what my central work my novels can't teach me the general shape of my preoccupations across the years the rises and declines of skill curiosity casual engagement and inescapable obsession Intermixing clusters of short stories poetry and essays Brown creates a collage of her own writing in which certain themes the struggle for self definition in terms of gender ethnic heritage or sense of place the responsibilities of human beings to one another the constant challenge of adapting to changing circumstances recur in the midst of experimentation in form voice and structure In a final interview she says ultimately all of our work will be seen from a distance like a view of the earth from above and it will turn out that the shape and size of this or that body of writing will look wholly different from up there This Reader is our first step in gaining that elevated perspective on a distinguished career

**Disarming the Nation** Elizabeth Young, 1999-12-15 In a study that will radically shift our understanding of Civil War literature Elizabeth Young shows that American women writers have been profoundly influenced by the Civil War and that in turn their works have contributed powerfully to conceptions of the war and its aftermath Offering fascinating reassessments of works by white writers such as Harriet Beecher Stowe Louisa May Alcott and Margaret Mitchell and African American writers including Elizabeth Keckley Frances Harper and Margaret Walker Young also highlights crucial but lesser known texts such as the memoirs of women who masqueraded as soldiers In each case she explores the interdependence of gender with issues of race sexuality region and nation Combining literary analysis cultural history and feminist theory *Disarming the Nation* argues that the Civil War functioned in women's writings to connect female bodies with the body politic Women writers used the idea of civil war as a metaphor to represent struggles between and within women including struggles against the cultural prescriptions of civility At the same time these writers also reimagined the nation itself foregrounding women in their visions of America at war and in peace In a substantial afterword Young shows how contemporary black and white women including those who crossdress in Civil War reenactments continue to reshape the meanings of the war in ways startlingly similar to their nineteenth century counterparts Learned witty and accessible *Disarming the Nation* provides fresh and compelling perspectives on the Civil War women's writing and the many unresolved civil wars within American culture today
