Roses Of The West Images Of America:

Traditional Country & Western Music Karl Anderson, 2020 Traditional Country Western Music presents historical photographs memorabilia and stories about an enduring music genre that took root in America from the late 1920s through the mid 1930s Although many of our early folk songs originated from the British Isles Jimmie Rodgers the Father of Country Music and Gene Autry America's Favorite Singing Cowboy became the foundation of modern country and western music Many regional styles and variations of country and western music developed during the first half of the 20th century including hillbilly bluegrass honky tonk rockabilly southern gospel Cajun and Texas swing Local artists live radio shows and regional barn dance programs provided entertainment throughout the Great Depression World War II and into America's postwar years During the 1950s country and western music became homogenized with the Nashville sound and the Bakersfield sound By the end of the 1960s country music completed its move to Nashville and western was dropped from the equation This book recalls the golden age of country and western music from the late 1920s through the 1960s Each of the featured artists and programs in this book were once household names We celebrate these early legends live radio and television shows unsung heroes and local performers from Maine to California *Laura Ingalls Wilder and Rose Wilder Lane*

John E. Miller, 2008-12-03 The mother daughter partnership that produced the Little House books has fascinated scholars and readers alike Now John E Miller one of America's leading authorities on Laura Ingalls Wilder and Rose Wilder Lane combines analyses of both women to explore this collaborative process and shows how their books reflect the authors distinctive views of place time and culture Along the way he addresses the two most controversial issues for Wilder Lane aficionados how much did Lane actually contribute to the writing of the Little House books and what was Wilder's real attitude toward American Indians Interpreting these writers in their larger historical and cultural contexts Miller reconsiders their formidable artistic political and literary contributions to American cultural life in the 1930s He looks at what was happening in 1932 from depression conditions and politics to chain stores and celebrity culture to shed light on Wilder's life and he shows how actual little houses established ideas of home that resonated emotionally for both writers In considering each woman's ties to history Miller compares Wilder with Frederick Jackson Turner as a frontier mythmaker and examines Lane's unpublished history of Missouri in the context of a contemporaneous project Thomas Hart Benton's famous Jefferson City mural He also looks at Wilder's Missouri Ruralist columns to assess her pre Little House values and writing skills and he readdresses her literary treatment of Native Americans A final chapter shows how Wilder's and Lane's conservative political views found expression in their work separating Lane's more libertarian bent from Wilder's focus on writing moralist children's fiction These nine thoughtful essays expand the critical discussion on Wilder and Lane beyond the Little House Miller portrays them as impassioned and dedicated writers who were deeply involved in the historical changes and political challenges of their times and contends that questions over the books authorship do not do justice to either woman's creative

investment in the series Miller demystifies the aura of nostalgia that often prevents modern readers from seeing Wilder as a real life woman and he depicts Lane as a kindred artistic spirit helping readers better understand mother and daughter as both women and authors **The American Rose Annual** American Rose Society,1926 **The Day the Sun Rose in the West** Oishi Matashichi,2011-07-22 On March 1 1954 the U S exploded a hydrogen bomb at Bikini in the South Pacific The fifteen megaton bomb was a thousand times more powerful than the atomic bomb that destroyed Hiroshima and its fallout spread far beyond the official no sail zone the U S had designated Fishing just outside the zone at the time of the blast the Lucky Dragon 5 was showered with radioactive ash Making the difficult voyage back to their home port of Yaizu twenty year old Oishi Matashichi and his shipmates became ill from maladies they could not comprehend They were all hospitalized with radiation sickness and one man died within a few months The Lucky Dragon 5 became the focus of a major international incident but many years passed before the truth behind U S nuclear testing in the Pacific emerged Late in his life overcoming social and political pressures to remain silent Oishi began to speak about his experience and what he had since learned about Bikini His primary audience was schoolchildren his primary forum the museum in Tokyo built around the salvaged hull of the Lucky Dragon 5 Oishi s advocacy has helped keep the Lucky Dragon 5 incident in Japan s national consciousness Oishi relates the horrors he and the others underwent following Bikini the months in hospital the death of their crew mate the accusations by the U S and even some Japanese that the Lucky Dragon 5 had been spying for the Soviets the long campaign to win government funding for medical treatment the enduring stigma of exposure to radiation The Day the Sun Rose in the West stands as a powerful statement about the Cold War and the U S Japan relationship as it impacted the lives of a handful of fishermen and ultimately all of us who live in the post nuclear age *The American Film Institute Catalog of Motion Pictures Produced in the United States* American Film Institute,1997 After more than fifteen years this initial volume of the American Film Institute Catalog series is again in print The 1920s set covers the important filmmaking period when movies became talkies and the careers of many influential directors and actors were launched Films such as Wings The Phantom of the Opera All Quiet on the Western Front and The Jazz Singer are included in this volume *The New American Antiquarian, Volume III, Fall 2024* Ian Tonat,Francesca Langer,E.M.
