Informal Relations from Democratic Representation to Corruption Zdenka, 2014-04-15 Informal relations have been one of the major research topics of the social sciences since the 1990s In order to allow for meaningful comparisons between different combinations of the positive and negative effects of informal relations on democratic representation this book focuses on post socialist Central and Eastern Europe as a particular region where formal democratic rules have been established but competing informal rules are still strong A broad spectrum of related analytical concepts is discussed from different perspectives and from different academic disciplines then empirical cases of the relationship between informal relations and democratic representation are analyzed The contributions span the whole continuum as we perceive it from civil society networks seen as supporting democratic representation to the perversion of democratic representation through political corruption The final part of the book takes a closer look at corruption through four case studies from Russia

Our Frontier Is the World Mischa Honeck, 2018-05-15 Mischa Honeck s Our Frontier Is the World is a provocative account of how the Boy Scouts echoed and enabled American global expansion in the twentieth century The Boy Scouts of America BSA has long been a standard bearer for national identity The core values of the organization have since its founding in 1910 shaped what it means to be an American boy and man As Honeck shows those masculine values had implications that extended far beyond the borders of the United States Writing the global back into the history of one of the country s largest youth organizations Our Frontier Is the World details how the BSA operated as a vehicle of empire from the Progressive Era up to the countercultural moment of the 1960s American boys and men wearing the Scout uniform never simply hiked local trails to citizenship they forged ties with their international peers camped in foreign lands and started troops on overseas military bases Scouts traveled to Africa and even sailed to icy Antarctica hoisting the American flag and standing as models

of loyalty obedience and bravery Through scouting America s complex engagements with the world were presented as honorable and playful masculine adventures abroad Innocent fun and earnest commitment to doing a good turn of course were not the whole story Honeck argues that the good natured Boy Scout was a ready means for soft power abroad and gentle influence where American values and democratic capitalism were at stake In other instances the BSA provided a pleasant cover for imperial interventions that required coercion and violence At Scouting s global frontiers the stern expression of empire often lurked behind the smile of a boy Grizzly Bear ,1924 *Savage Stone Age* Terry Deary,2016-02-04 Readers can discover all the facts about the SAVAGE STONE AGE such as what they used instead of toilet paper why a hole in the skull is good for headaches and how to make a Stone Age mummy Revised by the author to make HORRIBLE HISTORIES more accessible to young readers www.horriblehistories.co.uk Ace: The Very Important Pig Dick King-Smith,2015-07-15 Meet Ace Babe s great grandson who also gets a new cover from Knopf Paperbacks this season A Horn Book Fanfare Honor Book An IRA CBC Children s Choice A School Library Journal Best Book of the Year The New Politics of the Old South Charles S. Crime Spells Martin H. Dark Currents Doug Burgess,2021-02-02 No one ever talks about what happens in Little Compton When David left home three years ago he never looked back Now the only connection to his tiny New England hometown is his grandmother Maggie whose mind is unraveling as she slowly succumbs to dementia But when her best friend turns up dead and she may be the sole witness to the crime David has no choice but to return to a place that never accepted his trans identity and only ever wanted him gone Maggie s testimony is shrouded in doubt in between moments of lucidity she talks about things that never happened about apparitions disappearances and murders But are they really only stories After a man s death sets off a hauntingly familiar chain of events it seems there s some truth to Maggie s words With a body count on the rise David begrudgingly tunes back into the rural voices of the tight knit community to seek out the truth And while David returns home a changed man he finds that the ghosts of his past have waited for him He ll have to face them head on before he can begin to unravel his grandmother s story and finally put to rest the mysteries of this little town lost in the fog Even if no one talks about what happens in Little

Compton the dark currents beneath the silence create baffling crime puzzles for transgender sleuth David to unravel and promise that the past is never sunk as deep as we think Fantasy Gone Wrong Martin H. Greenberg, Brittiany A.
