Sing a New Song Julie H. Ferguson,2006-04-01 For the first time *Sing a New Song* tells the stories of four Canadian bishops who pushed the envelope and changed the world All have faced severe opposition one was involved in the only Anglican schism in Canadian history two jeopardized their careers and one was voted the sixth most important person of the twentieth century whose world view has transformed the wider society Over the last 150 years George Hills David Somerville Douglas Hambidge and Michael Ingham adopted unpopular causes with their eyes wide open They were the men who fought for and won rights for aboriginals women and gays and lesbians In finely drawn and thoroughly researched biographies Julie H Ferguson weaves the bishops impact on society into Canada s history while delivering compelling insights into their personal and spiritual lives Meet this quartet of sharply contrasting and fearless bishops in *Sing a New Song* *The Ditches of Nevada City* Dom Lindars,2023-04-07 This book tells the history of Nevada City California through the eyes of the men that built it For its first 100 years everything in Nevada City revolved around gold But this is not another book about finding gold To get gold you needed water to pan for it to wash it in a sluice to blast away a hillside with an immense water cannon or to turn the water wheel of a quartz ore stamp mill This book instead asks How did they get the water It reveals the engineering marvels that brought water to Nevada City s dry hills from tens of miles away But what if all the water in every ravine creek and valley around Nevada City was controlled by just three men Well for three decades every miner farmer or business could only buy water from the powerful South Yuba Canal Company What would happen if you got into an argument with them Or

couldn't afford to pay their water bill Or even dared to compete with them The book traces the ingenuity and hard work of the town's miners and ditch builders highlighting in detail the history and origins of various local neighborhoods including Nevada City itself Hirschman's Pond Sugar Loaf Mountain Deer Creek Scotts Flat Manzanita Diggings Gold Flat and various mining camps along Washington Ridge This vivid portrayal follows the area's evolution from the chaos of thousands of miners scratching out a living in clusters of muddy tents to a genteel town with hotels stores banks theaters and libraries What began as a search to uncover a sprawling network of old ditches turned into a collection of never before told stories of the gold miners the ruthless and greedy ditch company and the rivals that it crushed The domineering ditch company later enabled the next generation of monopoly to provide electrical power The story of PG E also started in Nevada City This in turn led to the now more forward looking stewardship of the Nevada Irrigation District The unique format of this book blends beautiful archival images with more than 35 in depth biographies of key figures in Nevada City This 884 page hardcover book includes over 600 photos and illustrations including 200 historic photographs and 75 hand crafted maps based on modern lidar technology that reveal the locations of the old mining ditches flumes mines and tunnels
