Stra e der Sehnsucht - Route 66 Thea Rosenbaum,Winfried Scharlau,1992      *Uneasy Rider* Mike Bryan,1997 Engagingly curious open mindedness an amiable deadpan worthy of Richard Ford Pico Iyer Time in this offbeat and original road book cultural observer Mike Bryan takes issue with the traditional idea that the real America is to be found somewhere on our scenic backroads He argues instead that it is right out in the open on the interstates and he travels the big highways of the Southwest to prove the point Bryan engages motel operators state troopers and traveling salesmen He discovers the world s only No Smoking ranch hobnobs with elusive novelist Cormac McCarthy spars with Bob Sundown who prefers his covered wagon to any car Between encounters he contemplates everything from America s pioneering spirit to its history of road building In the end he discovers that the interstates far from producing the homogenous society he feared nourish a rich community of eccentrics And that ultimately as this deeply romantic travelogue shows there is no such thing as an ordinary American A wonderful writer he manages to transmit his enjoyment of the places and people he encounters
