The Creation of Israel Jim Whiting, 2020-02-04 The formation of the State of Israel in 1948 is one of the most important events in recent History About 3 000 years ago Israel was a powerful nation But it soon fell from power and in the second century CE most Jews were forced out of their homeland Many went to Europe where they were subject to prejudice and persecution for centuries By far the worst case was the Holocaust in which six million Jews were killed Their suffering accelerated a move toward the development of a Jewish state in what came to be called Palestine However Palestine was the home to hundreds of thousands of Arabs Conflict between the two sides was inevitable Open warfare broke out after the United Nations voted to partition Palestine into a Jewish state and an Arab state Though the Israelis achieved their independence the region has never known true peace

 Dana Allin, Steven Simon, 2016-06-07 IISS An International Institute for Strategic Studies book **The Pro-Israel Lobby in Europe**
 Elvira King, 2016-03-02 The activities of pro Israel pressure groups and lobbyists in the US are well known But the pro Israel lobby in Europe is less prominent in both academic and media accounts In a unique account Elvira King identifies the pro Israeli groups which attempt to influence policy makers and implementers in the EU specifically examining Christian Zionist groups Through a detailed study of the European Coalition for Israel ECI the only Christian Zionist lobby in Brussels Elvira King analyses whether and how a religious group can and can fail to influence decision makers in the EU By exploring the context of European relations with Israel as well as the mechanisms through which pressure groups are able to influence EU wide policies King offers an analysis which demonstrates how the EU can be a site where religion and politics meet rather than just being a secular institution It therefore contains vital primary research for both those interested in the pro Israel lobby as well as those examining the role of religion in politics more generally **Israel / Palestine**
 Alan Dowty, 2023-01-19 What explains the peculiar intensity and evident intractability of the Israeli Palestinian conflict Of all the hot spots in the world today the apparently endless clash between Jews and Arabs in the Middle East seems unique in its longevity and resistance to resolution Is this conflict really different from other ethnic and nationalist confrontations and if so in what way In this fully revised and expanded fifth edition of his highly respected introductory text Alan Dowty demystifies the conflict by putting it in broad historical perspective identifying its roots and tracing its evolution up to the current impasse His account offers a clear analytic framework for understanding transformations over time and in doing so punctures the myths of an age old conflict with an unbridgeable gap between the two sides Rather than simply reciting historical detail this book presents a clear overview that serves as a road map through the thicket of conflicting claims Updated to include recent developments such as the recent Israeli elections and the debate over the two state solution the new edition presents in full the opposed perspectives of the two sides leaving readers to make their own evaluations of the issues The book thus expresses fairly and objectively the concerns hopes fears and passions of both sides making it clear why this conflict is waged with such vehemence and how for all that the gap between the two sides has narrowed over time

Catastrophe and Exile in the Modern Palestinian Imagination I. Saloul, 2012-05-17 *Catastrophe and Exile in the Modern Palestinian Imagination* explores the cultural memory of al Nakba 1948 Israeli independence or The Catastrophe as it is known in Palestine and its significance to the modern Palestinian imagination Ihab Saloul addresses central concepts to debates over identity such as nostalgia and trauma notions of home and forced travel and geopolitical continuity of loss of place Through an integrated method of close narrative and discursive analysis of diverse literary texts films and personal narratives this study offers an analytical account of the preservation of cultural optimism in the face of the ongoing catastrophe as well as the ways in which aesthetics and politics intersect in contemporary Palestinian culture
