Not indexed Not illustrated 1890 edition Excerpt will raise the average he must stay where he is Somebody must always be at the tail end of the average unless all are equal It is in comparing a man s work for his weight with that of another that the greatest difficulty often arises It must be borne in mind in choosing a crew that apart from sheer work absence of faults must weigh to some extent It is no use for a man to work hard on his own hook if his faults hinder other men from doing their best But this will be treated of more fully in analysis of faults and other remedies in a later chapter CHAPTER VII ANALYSIS OF FAULTS FAULTY FINISH WRONG GRASP OVERREACH MEETING OAR ROWING DEEP When a crew has been picked and set into regular practice the task of the crew will be of course to correct individual faults and to inculcate uniformity Though the latter is the most important element of eight or four oared rowing by the time the race is due so much so that every day experience exhibits weak but uniform crews defeating others physically and individually superior to them but which have not acquired uniform time and swing yet too often in early practice a coach allows his main energies to be expended too much in objurgations against bad time and swing Time is called and admonished every half minute to the exclusion of correction of the very faults of form which probably are at the root of the inequality of time In the first row or two behind a strange stroke a man may be inaccurate in time without perhaps being radically wrong in form but so soon as he has got used to the stroke he knows an absence of time must be ascribed to some other radical E fault and it would be much more to the point if the coach would devote his energies to tracing out and Single Scull Rowing for Beginners Al Jenkins,2017-06-06 Get ready to Row Rowing is the new spinning While rowing machines are soaring in popularity nothing beats exercise on a beautiful body of water Those who love to be outside and on the water will fall in love with this full body workout Pick up the sport of sculling to usher in better cardiac health a toned body and outdoor enjoyment Although many rowers learned to scull in college or with a club you can learn this alone After a few outings most people can find their rhythm Pick up a life long sport for better living This short guide is for those interested in sculling Beginners can learn to scull with this guide **Rowing and sculling** Walter Bradford Woodgate,1908 *With Two Oars* William Braxton Irvine,2013-05-01 WITH TWO OARS explores the art and science of sculling Written with intermediate and advanced intermediate rowers in mind it addresses questions any thoughtful rower will want answered including these What is boat set and why is it important Who is smarter rowers or their oars How can you avoid splashing at the catch How can you row with your ears Where should your foot stretchers be set What role does hydrodynamic lift play in sculling Should your hands be symmetrical at the catch Why should strong rowers care about form **Rowing and Sculling** ,18?? *Knowing Rowing* Ronnie Howard,Nigel Hunt,1977 **The Complete Book of Rowing and Sculling from Beginner to Champion** Nicholas Robert Smith,Nick Smith,1989 **Rowing and Sculling (Classic Reprint)** Walter Bradford Woodgate,2017-12-14 Excerpt from Rowing and Sculling While it is intended here to discuss the whole art and its concomitants from first principles upwards it must not be supposed that these chapters are capable of or aspire to teaching rowing from first principles to a tyro who has never handled an oar

Some writers on the subject have attempted such a style of education commencing even with an abstract definition of what rowing or sculling as the case may be consists of To economise time and Space we may as well premise that we do not here write to those who have never handled an oar That would be as hyperbolical as to teach swimming by book work or by observation on dry land of the action of a frog in the water One lesson of a practical order from a most mediocre oarsman would be worth all the book work of every oarsman who had ever won a blue ribbon at Putney or gold medal at Henley We therefore premise that we write as More 34 8c that those who read these pages and seek to make any trial of the experiences that with all due deference are herein Offered have already had an oar in their hands and have to some extent mastered the rudiments of the art But though we do not write to the utter tyro we none the less write for him 11a to the coach who is to instruct him This especially must be borne in mind in reading the pages which relate to the first principles They are written not to teach the tyro himself but to suggest to his tutor the simplest plan of teaching him About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Practical Rowing with Scull and Sweep Arthur Wesselhoeft Stevens,1906 Rowing Against the Current Barry Strauss,2001-04-17 In the midst of the standard dreary midlife crisis complete with wine tasting courses yoga classes and a failed attempt at a first novel forty year old Barry Strauss falls unexpectedly and passionately in love with rowing a sport in which a twenty seven year old is a has been Strauss a professor of classics and history writes about the unanticipated delights of an affair that like so many others begins as a casual dalliance and develops into a full blown obsession Drawn to the sport in part because of his affinity for Greek antiquity he develops a love for old boathouses a longing for rivers at dawn a thirst to test himself and ultimately a renewed sense of self reliance as someone who had experienced sports humiliation as far back as Little League suddenly finds himself bursting into athleticism at an unlikely age From the awe inspiring feats of the war bound Greek triremes with their crews of 172 men rowing on three levels to the solitary pride of finishing a first race in which he gets stuck in the weeds and has to be fished out Barry Strauss shows us why there is nothing absolutely nothing half as much worth doing as simply messing about in boats *Knowing rowing* Ronnie Howard,Nigel Hunt,1977
