Blood Royal Harold Robbins,Junius Podrug,2006-10-03 Her Royal Highness the Princess of Wales was an ordinary young woman who was picked to be the future queen Her wedding was a worldwide sensation But she was deceived and betrayed before the honeymoon was over Five months after a fairy tale wedding she threw herself down a flight of stairs when she was pregnant with a future heir to the throne Suicide attempts illicit affairs and paranoia that there were plots by the Royals to kill her became the norm as the fairy tale turned into a horror story After suffering degradation and humiliation

at the hands of her husband the heir to the British throne she shot him with one of his own antique pistols Paranoid that her own attorneys would deceive her the princess reaches across the Atlantic to hire someone she knows for certain has no ties to the Crown Marlowe James is an American trial lawyer Running away from an abusive home she supported herself by working as a waitress rising to become a famous trial lawyer Marlowe James has been dubbed the burning bed lawyer by the news media because of her successful defense of women who killed their abusive husbands And to top that she was the accused in her first murder trial Now she not only has to do battle in the Old Bailey with barristers loyal to the Crown she has to come to grips with her own feelings about a woman who has been handed everything any woman would desire and throws it all away The explosive tale that will be exposed in the courtroom is one of jealous rage and unfulfilled desires of sexual deceit by one of the most powerful men on earth and the bloody revenge enacted by a woman scorned *Royal Poxes and Potions* Raymond Lamont-Brown,2011-10-24 In this book acclaimed biographer Raymond Lamont Brown casts light on a previously overlooked aspect of the monarchy From the instigation of the royal doctor in medieval times to the present day the tales of secrets murder medical incompetence and revolutionary operations revealed in this book make compelling reading This is a fascinating look at the relationship between monarchs and their doctors and reveals the complex and influential position that they held Included here are Sir William Gull court physician to Queen Victoria who was a suspect in the Jack the Ripper case and Sir Frederick Treves who not only was court physician to the four succeeding monarchs but was also the man who helped to rescue the Elephant Man Joseph Merrick from a fairground freak show **A Royal Murder** Lyn Stone,2011-01-17 BY ROYAL COMMAND Investigator takes on lovely assistant Nina Caruso had come to the kingdom of Montebello to find her brother s killer Steely investigator Ryan McDonough couldn t stop her With royal permission to shadow Ryan s every move Nina vowed to keep the brooding P I on his toes But when the killer went after her it was Ryan who swept Nina off her feet and into his protection He d been ordered to work with her and to investigate her as a suspect But when Nina became a target Ryan took command The crazy attraction between them was just one more reason for Ryan to solve the case fast before passion betrayed them both **A Royal Conspiracy: Parallels between Princess Diana and Duchess Meghan** Courtney Hargrove,2023-04-17 Shape shifting lizards The King of England drowning his brother in a vat of wine A plot by Prince Philip to kill Princess Diana Vampires among the senior royals Those are only some of the conspiracy theories swirling around the British royal family throughout history But the thing about conspiracy theories is sometimes they turn out to be true On a more serious and current note conspiracy theories are at a fever pitch about what s happening with Duchess Meghan Prince Harry and their troubles with the British royal family and how it all connects to what happened in the 1980s and 90s with Princess Diana Please note before buying This is not a book for diehard monarchists This book pulls no punches in relation to the institution of the British royal family Princess Diana was the People s Princess a beloved figure of empathy service beauty and glamour She died tragically too young in a horrific car crash in Paris in 1997 To this

day conspiracy theories about what led up to her death from inside the British royal family and how the crash happened are still running rampant Meghan the Duchess of Sussex has also chosen a life of service and giving back She too has spoken of upsetting and dangerous things that have happened to her while working inside the British monarchy a fire in her son Archie's nursery an injured dog and courtiers allegedly holding American citizen Meghan's passport where she couldn't easily access it to name a few examples Conspiracy theories abound about what's happening now with Meghan Prince Harry and their family connects to what happened then with Princess Di Which theories hold water Which ones are so ridiculous as to be laughable Regardless of which conspiracies have the most buzz or credibility we've seen that some of them will never die And the monarchy continues its reign unimpinged living in part off of British taxpayers Will anything stop them **Royal**

Childhood and Child Kingship Emily Joan Ward, 2022-08-04 Refining adult focused perspectives on medieval rulership

Emily Joan Ward exposes the problematic nature of working from the assumption that kingship equated to adult power Children's participation and political assent could be important facets of the day to day activities of rule as this study shows through an examination of royal charters oaths to young boys cross kingdom diplomacy and coronation The first comparative and thematic study of child rulership in this period Ward analyses eight case studies across northwestern Europe from c 1050 to c 1250 The book stresses innovations and adaptations in royal government questions the exaggeration of political disorder under a boy king and suggests a ruler's childhood posed far less of a challenge than their adolescence and youth Uniting social cultural and political historical methodologies Ward unveils how wider societal changes between the eleventh and thirteenth centuries altered children's lived experiences of royal rule and modified how people thought about child kingship **The Mind-Murders** Janwillem van de Wetering, 2003-07-01 Mr Fortune is suspected of murdering his wife
