## Royal Passion:

A Royal Passion Anne M. Lyden, 2014-02-04 In January 1839 photography was announced to the world Two years prior a young Queen Victoria ascended to the throne of Great Britain and Ireland These two events while seemingly unrelated marked the beginnings of a relationship that continued throughout the nineteenth century and helped construct the image of an entire age A Royal Passion explores the connections between photography and the monarchy through Victoria's embrace of the new medium and her portrayal through the lens Together with Prince Albert her beloved husband the Queen amassed one of the earliest collections of photographs including works by renowned photographers such as Roger Fenton Gustave Le Gray and Julia Margaret Cameron Victoria was also the first British monarch to have her life recorded by the camera images of her as wife mother widow and empress proliferated around the world at a time when the British Empire spanned the globe The featured essays consider Victoria's role in shaping the history of photography as well as photography's role in shaping the image of the Queen Including more than 150 color images several rarely seen before drawn from the Royal Collection and the J Paul Getty Museum this volume accompanies an exhibition of the same name on view at the J Paul Getty Museum from February 4 to June 20 2014 *A Royal Passion: The Turbulent Marriage of King Charles I of England and Henrietta Maria of France* Katie Whitaker, 2010-08-17 Presents the story of how the Protestant English King Charles I and his young French Catholic wife Henrietta found unexpected love and helped reign over an era of peace and prosperity until a war with Puritan Scotland risked their lives Oberammergau and Its Passion Play, 1910 A. Bruckmann (Firm), 1910 **Fortnightly Review**, 1882 **The Fortnightly Review**, 1882 *Transactions and Proceedings of the Royal Society of New Zealand*, 1926 A Short History of the English People John Richard Green, 1875 A Short History of the English People is a book written by English historian John Richard Green Originally published in 1874 it is a history not of English Kings or English Conquests but of the English People Green began work on the book in 1869 having been given only six months to live after being hit hard by disease that had plagued him throughout his life Only having around 800 pages to write on he had to leave out much of what he wanted to include Green intentionally left out the battles of England feeling they did not play a big role in the formation of the nation saying that historians too often turned history into a mere record of the butchery of men by their fellow men His new ideas and omission of information that others felt important meant Green was criticized by other historians as well as the people close to him Others thought highly of the book including Francis Adams who used quotations from the book in his poem The Peasants Revolt Wikipedia accessed 28 October 2022 **History of the English People** John Richard Green, 1882 **A Short History of the English People** Green, 1878 **book IV. England. book V.**
