The American Shropshire Sheep Record Mortimer Levering,Julia M. Wade,1891 City of Endless Night Milo Hastings,2017-12-02 When but a child of seven my uncle placed me in a private school in which one of the so called redeemed sub sailors was a teacher of the German language As I look back now in the light of my present knowledge I better comprehend the docile humility and carefully nurtured ignorance of this man In his class rooms he used as a text a description of German life taken from the captured submarine From this book he had secured his own conception of a civilization of which he really knew practically nothing I recall how we used to ask Herr Meineke if

he had actually seen those strange things of which he taught us To this he always made answer The book is official man s observation errs **The Shaping of French National Identity** Matthew D'Auria,2020-12-03 The Shaping of French National Identity casts new light on the intellectual origins of the dominant and official French nineteenth century national narrative Focussing on the historical debates taking place throughout the eighteenth century and during the Restoration Matthew D Auria evokes a time when the nation s origins were being questioned and discussed and when they acquired the meaning later enshrined in the official rhetoric of the Third Republic He examines how French writers and scholars reshaped the myths symbols and memories of pre modern communities Engaging with the myth of our ancestors the Gauls and its ideological triumph over the competing myth of our ancestors the Franks this study explores the ways in which the struggle developed and the values that the two discourses enshrined the collective actors they portrayed and the memories they evoked D Auria draws attention to the continuity between ethnic discourses and national narratives and to the competition between various groups in their claims to represent the nation and to define their past as the true history of France

Williams,2004-08-25 The papacy has often resembled a secular European monarchy more than a divinely inspired institution Roman pontiffs bestowed great wealth on their families and forged strategic alliances with other powerful families to increase their power Pope Alexander VI Rodrigo Borgia for example forced his daughter Lucrezia into a series of marriages for political reasons When her marital alliance was no longer advantageous as was the case in her second marriage her husband was brutally murdered Many papal families also intermarried in hopes of forming a hereditary papacy at least two members of the Fieschi Piccolomini Della Rovere and Medici families served as pope Papal families since the early history of the church are fully covered in this comprehensive work Genealogical charts graphically show the descendants of the popes presenting in many cases the interrelationships between the papal families and their relationships with many of the leading families of Europe Detailed histories examine the impact of the papacy on each pope s family and how each influenced the history of the church Glory and Terror Antoine de Baecque,2013-07-04 Glory and Terror is a vivid and often gory history of the darker side of the French Revolution Through an examination of contemporary visual and literary representations of executions funerals processions and ceremonies it brings the often horrific events of the time to life Honing in on seven real life cases the author recounts and interprets the public autopsy performed on the corpse of Mirabeau the exhumation and transportation of Voltaire s body to the Pantheon the public torture murder and subsequent mutilation of the Princesse de Lamballe the agonizingly slow death of Robespierre
