Reading the Two Books of God Thomas W. Mann,2022-09-29 Thomas W Mann is a biblical scholar and retired parish minister and the author of numerous books and articles He is particularly interested in how experiences in nature prompt theological reflection based in the Bible shaping our sense of sacred time and place and how the lectionary readings of the church year also provide a spiritual calendar for the seasons of our lives The result is a conversation inspired by poets and

writers like Mary Oliver Wendell Berry and John Muir but also by philosophers and theologians ranging from Abraham Joshua Heschel to David Kelsey Along the way we enter beach time and take backpacking trips in the Sierras but also join the triumphal entry parade on Palm Sunday and listen to the stable animals on Christmas Eve We perceive the beauty of creation through the eyes of science as well as religion sensually as well as intellectually We celebrate our communion with all creatures from fungus to forests inspired with awe and reverence and with a responsibility to care for the earth so And the Birds Began to Sing ,2022-06-08 Taking as its starting point the ambiguous threatened by climate change heritage left by the British Empire to its former colonies dominions and possessions And the Birds Began to Sing marks a new departure in the interdisciplinary study of religion and literature Gathered under the rubric Christianity and Colonialism essays on Brian Moore Timothy Findley Margaret Atwood and Marian Engel Thomas King Les A Murray David Malouf Mudrooroo and Philip McLaren R A K Mason Maurice Gee Keri Hulme Epeli Hau ofa J M Coetzee Christopher Okigbo Chinua Achebe Amos Tutuola and Nguqi wa Thiong o explore literary portrayals of the effects of British Christianity upon settler and native cultures in Northern Ireland Canada Australia New Zealand and the South Pacific and the Africas These essays share a sense of the dominant presence of Christianity as an inherited system of religious thought and practice to be adapted to changing post colonial conditions or to be resisted as the lingering ideology of colonial times In the second section of the collection Empire and World Religions essays on Paule Marshall and George Lamming Jean Rhys Olive Senior and Caribbean poetry V S Naipaul Anita Desai Kamala Markandaya and Bharati Mukherjee interrogate literature exploring relations between the scions of British imperialism and religious traditions other than Christianity Expressly concerned with literary embodiments of belief systems in post colonial cultures particularly West African religions in the Caribbean and Hinduism on the Indian subcontinent these essays also share a sense of Christianity as the pervasive presence of an ideological rhetoric among the economic social and political dimensions of imperialism In a polemical Afterword the editor argues that modes of reading religion and literature in post colonial cultures are characterised by a theodical preoccupation with a praxis of equity

Gerard Manley Hopkins and Tractarian Poetry Margaret Johnson,2016-12-05 Gerard Manley Hopkins and Tractarian Poetry for the first time locates Hopkins and his work within the vital aesthetic and religious cultures of his youth It introduces some of the most powerful cultural influences on his poetry as well as some of the most influential poets from the well known fellow convert John Henry Newman to the almost forgotten historian and poet Richard Dixon From within the context of Hopkins developing catholic sensibilities it assesses the impact of and his responses to issues of the time which related to his own religious and aesthetic perceptions and provides a rich and intricate background against which to view both his early often neglected poetry and the justly famous idiosyncratic and deeply moving verse of his mature years By detailing the influences Tractarian poetry had upon Hopkins early work and applying these to the productions of his later years Gerard Manley Hopkins and Tractarian Poetry demonstrates how Hopkins best known mature works evolved from his

upbringing in the Church of England and remained always indebted to this early culture It offers readings of his works in light of a new appraisal of the contexts from which Hopkins himself grew providing a fresh approach to this most challenging and rewarding of poets
