Senior Rights Movement:

The Senior Rights Movement Lawrence A. Powell, Kenneth Branco, John B. Williamson, 1996 Using examples of political rhetoric and media images dating from colonial days to the present they trace the conflict between progressive senior rights advocates and conservative opponents of reform in order to frame the debate over societal definitions of fairness and social justice in old age emphasizing the role played by symbolic politics in these struggles Their account underscores the importance of the symbolic gestures and counter gestures that have been used by both senior rights advocates and their opponents to influence the direction of events and to sway public opinion on aging issues Teamsters and Turtles? John C. Berg, 2003 After decades of single issue movements and identity politics on the U S left the series of large demonstrations beginning in 1999 in Seattle have led many to wonder if activist politics can now come together around a common theme of global justice This book pursues the prospects for progressive political movements in the 21st century with case studies of ten representative movements including the anti globalization forces environmental interest groups and new takes on the peace movement **Taiwan's Senior Learning Movement** Brian Findsen, Hui-Chuan Wei, Ai-tzu Li, 2022-03-21 This volume provides an in depth analysis of historical and recent developments of senior learning in Taiwan where publications in English have been scant It takes a broader view on lifelong learning and active ageing from a theoretical conceptual base written by prominent international authors this represents the outside in perspective The inside out on the other hand signifies an in depth investigation of initiatives written by authors from Taiwan who are closely involved with developments in policy and practice The volume is situated theoretically in the intersection of complementary concepts such as lifelong learning active ageing later life learning learning communities and social movements It is located geographically and culturally in East Asia where senior learning education is expanding in response to large populations of older adults and concerns about their physical and social well being It is argued that Taiwan is leading the way in terms of innovation and community engagement in regard to older adult learning education and can thus serve as a model for neighboring countries By analyzing historical precedents cultural dynamics policy trends research sub fields and community engagement this book is of interest to both East Asian and Western scholars practitioners policy makers and students amongst the fields of lifelong learning social gerontology and educational psychology *Economic Foundations for Creative Ageing Policy, Volume II* Andrzej Klimczuk, 2016-12-15 Aging populations are a major consideration for socio economic development in the early 21st century This demographic change is mainly seen as a threat rather than as an opportunity to improve the quality of human life Aging population is taking place in every continent of the world with Europe in the least favourable situation due to its aging population and reduction in economic competitiveness Economic Foundations for Creative Aging Policy offers public policy ideas to construct positive answers for ageing populations This exciting new volume searches for economic solutions that can enable effective social policy concerning the elderly Klimczuk covers theoretical analysis and case study descriptions

Aging Policy

and Politics in the Trump Era Edward Alan Miller, Pamela Nadash, Michael Gusmano, 2020-05-21 The surprise election of Donald J Trump to the presidency of the United States marks a singular turning point in the American republic not only because of his idiosyncratic approach to the office but also because the Republican Party now holds the presidency and both houses of Congress presenting a historic opportunity for change The role of older Americans has been critical in both shaping and reacting to this political moment Their political orientations and behaviors have shaped it through their electoral support for Republican candidates But older Americans stand as highly invested stakeholders in the policy decisions made by the very officials they elected and as beneficiaries of the programs that Republicans have targeted for cuts or elimination This comprehensive volume explores the ways in which Trump administration policies are likely to significantly undermine the social safety net for near elderly and older Americans including long term care housing health care and retirement The authors also explore how the Trump administration might shape politics and political behavior through the policy changes made The response of older voters in upcoming elections to efforts by the Trump administration and its Republican allies in Congress to draw back on the federal government's commitment to programs and policies affecting them will shape the direction of aging policy and politics for years to come This book was originally published as a special issue of the Journal of

Golden Years James Chappel, 2024-11-19

The surprising history of old age in modern America showing how we created unprecedented security for some and painful uncertainty for others On farms and in factories Americans once had little choice but to work until death As the nation prospered a new idea was born the right to a dignified and secure old age That project has benefited millions but it remains incomplete and today it's under siege In *Golden Years* historian James Chappel shows how old age first emerged as a distinct stage of life and how it evolved over the last century shaped by politicians' choices activists' demands medical advancements and cultural models from utopian novels to *The Golden Girls* Only after World War II did government subsidies and employer pensions allow people to retire en masse Just one generation later this model crumbled Older people streamed back into the workforce and free market policymakers pushed the burdens of aging back onto older Americans and their families We now confront an old age mired in contradictions ever longer lifespans and spiraling health care costs 401 k's and economic precarity unprecedented opportunity and often disastrous instability As the population of older Americans grows *Golden Years* urges us to look to the past to better understand old age today and how it could be better tomorrow

Nelson, 2004 Current findings on the origins and effects of ageism as well as ways to reduce it *The Poorhouse* David Wagner, 2005 Many of us grew up hearing our parents exclaim you are driving me to the poorhouse or remember the card in the Monopoly game which says Go to the Poorhouse Lose a Turn Yet most Americans know little or nothing of this institution that existed under a variety of names for approximately three hundred years of American history Surprisingly these institutions variously named poorhouses poor farms sometimes almshouses or workhouses have received rather scant academic treatment as well though tens of millions of poor people were confined there while often their neighbors talked in hushed tones and in fear of their own fate at the specter of the poorhouse Based on the author's study of six New England poorhouses poor farms a hidden story in America's history is presented which will be of popular interest as well as useful as a text in social welfare and social history While the poorhouse's mission was character reform and repressing pauperism these goals were gradually undermined by poor people themselves who often learned to use the poorhouse for their own benefit as well as by staff and officials of the houses who had agendas sometimes at odds with the purposes for which the poorhouse was invented *The Generational Equity Debate* John Williamson, John B.
