Sense and Nonsense Laurence Perrine, 1994 Nonsense and Other Senses Elisabetta Tarantino with the collaboration of Carlo Caruso, 2020-07-24 This book deals with a topic that is gaining increasing critical attention the literature of nonsense and absurdity The volume gathers together twenty one essays on various aspects of literary nonsense according to criteria that are deliberately inclusive and eclectic Its purpose is to offer a gallery of nonsense practices in literature across periods and countries in the conviction that important critical insights can be gained from these juxtapositions Most of the cases presented here deal with linguistic nonsense but in a few instances the nonsense operates at the higher level of the interpretation of reality on the part of the subject or of the impossibility thereof The contributors to the volume are established and younger scholars from various countries Chronologically the chapters range widely from Dante to V clav Havel and offer a large span of national literatures Czech English Finnish French German Italian Japanese and literary genres poetry prose and drama inviting the readers to trace their own pathway and draw their own lines of connection One point that emerges with particular force is the notion that what distinguishes literary nonsense is its somehow regulated nature Literary nonsense thus sounds like a deliberate last ditch attempt to snatch order from the jaws of chaos the speech of the Fool as opposed to the tale told by an idiot It is this kind of post Derridean retrieval of choice as the defining element in semantic transactions which is perhaps the most significant insight bequeathed by the study of nonsense to the analysis of poetry and literature in general **The Limerick** Bob Turvey, 2024-09-23 For more than 200 years the limerick has been loved for its mordant wit breathtaking rhymes swinging rhythm groaning puns and ability to paint outrageous mental pictures This book analyzes the limerick s origin and evolution as the best known humorous verse form in the English speaking world It also examines previous attempts to capture the history of the limerick including those that used guesswork presented flawed conclusions and even contradicted each other Findings are laid out logically and chronologically so readers can easily follow the thread of every claim *The Poetry of Nonsense* Emile Cammaerts, 1926 **The Writer's Digest** , 1925 Inventing Edward Lear Sara Lodge, 2018-11-30 Inventing Edward Lear is an exceptional valuable original study presenting new materials on aspects of Lear s life and work Jenny Uglow author of *Mr Lear* and *The Lunar Men* Edward Lear wrote some of the best loved poems in English including *The Owl* and *the Pussycat* but the father of nonsense was far more than a poet He was a naturalist a brilliant landscape painter an experimental travel writer and an accomplished composer Sara Lodge presents the fullest account yet of Lear s passionate engagement in the intellectual social and cultural life of his times Lear had a difficult start in life He was epileptic asthmatic and depressive but even as a child a consummate performer who projected himself into others affections He became by John James Audubon s estimate one of the greatest ornithological artists of the age Queen Victoria an admirer chose him to be her painting teacher He popularized the limerick set Tennyson s verse to music and opened fresh doors for children and adults to share fantasies of magical escape Lodge

draws on diaries letters and new archival sources to paint a vivid picture of Lear that explores his musical influences his religious nonconformity his relationship with the Pre Raphaelite movement and the connections between his scientific and artistic work He invented himself as a character awkward but funny absurdly sympathetic In Lodge s hands Lear emerges as a dynamic and irreverent polymath whose conversation continues to draw us in Inventing Edward Lear is an original and moving account of one of the most intriguing and creative of all Victorians
