Sense Of Touch:

E.H. Weber on the Tactile Senses Ernst Heinrich Weber,1996 Weber also made interesting remarks on many aspects of sensory psychology on left right asymmetry in sensitivity on visual resolution the binocular combination of colours the moon illusion on summation inhibition and adaptation in sensory systems on the difference between simultaneous and successive presentations on selective attention the externalisation of sensations and the difference between sensation and perception As a scientist Weber was working in the new area of experimental psychology as a philosopher he bridged the gap between philosophy and experiment

The Sense of Touch Elaine Landau,2009-03 Describes the role of the sense of touch in human life the parts played by the skin nerves and brain in feeling pain and other reactions to touch technological developments affecting touch and the psychological importance of the sense

Feeling Your Way Vicki Cobb,2001-01-01 Describes how the sense of touch works and includes simple experiments to demonstrate different sensations

The Book of Touch Constance Classen,2020-09-03 This book puts a finger on the nerve of culture by delving into the social life of touch our most elusive yet most vital sense From the tortures of the Inquisition to the corporeal comforts of modernity and from the tactile therapies of Asian medicine to the virtual tactility of cyberspace The Book of Touch offers excursions into a sensory territory both foreign and familiar How are masculine and feminine identities shaped by touch What are the tactile experiences of the blind or the autistic How is touch developed differently across cultures What are the boundaries of pain and pleasure Is there a politics of touch Bringing together classic writings and new work this is an essential guide for anyone interested in the body the senses and the experiential world

The Senses of Touch Mark Paterson,2007-10-01 Touch is the first sense to develop in the womb yet often it is overlooked The Senses of Touch examines the role of touching and feeling as part of the fabric of everyday embodied experience How can we think about touch Problems of touch and tactility run as a continuous thread in philosophy psychology medical writing and representations in art from Ancient Greece to the present day Picking through some of these threads the book feels its way towards writing and thinking about touch as both sensory and affective experience Taking a broadly phenomenological framework that traces tactility from Aristotle through the Enlightenment to the present day the book examines the role of touch across a range of experiences including aesthetics digital design visual impairment and touch therapies The Senses of Touch thereby demonstrates the varieties of sensory experience and explores the diverse range of our senses of touch

The Deepest Sense Constance Classen,2012-05-15 From the softest caress to the harshest blow touch lies at the heart of our experience of the world Now for the first time this deepest of senses is the subject of an extensive historical exploration The Deepest Sense A Cultural History of Touch fleshes out our understanding of the past with explorations of lived experiences of embodiment from the middle ages to modernity This intimate and sensuous approach to history makes it possible to foreground the tactile foundations of Western culture the ways in which feelings shaped society Constance Classen explores a variety of tactile realms including the feel of the

medieval city the tactile appeal of relics the social histories of pain pleasure and affection the bonds of touch between humans and animals the strenuous excitement of sports such as wrestling and jousting and the sensuous attractions of consumer culture She delves into a range of vital issues from the uses and prohibitions of touch in social interaction to the disciplining of the body by the modern state from the changing feel of the urban landscape to the technologization of touch in modernity Through poignant descriptions of the healing power of a medieval king's hand or the grueling conditions of a nineteenth century prison we find that history far from being a dry and lifeless subject touches us to the quick
