American Photo ,1995-09 **Get the Picture** John Godfrey Morris,John G. Morris,2002-06-15 How do photojournalists get the pictures that bring us the action from the world s most dangerous places How do picture editors decide which photos to scrap and which to feature on the front page Find out in Get the Picture a personal history of fifty years of photojournalism by one of the top journalists of the twentieth century John G Morris brought us many of the images that defined our era from photos of the London air raids and the D Day landing during World War II to the assassination of Robert Kennedy He tells us the inside stories behind dozens of famous pictures like these which are reproduced in this book and provides intimate and revealing portraits of the men and women who shot them including Robert Capa Henri Cartier Bresson and W Eugene Smith A firm believer in the power of images to educate and persuade Morris nevertheless warns of the tremendous threats posed to photojournalists today by increasingly chaotic wars and the growing commercialism in publishing the siren song of money that leads editors to seek pictures that sell copies rather than those that can change the way we see the world **The**

Oxford Encyclopedia of Women in World History Bonnie G. Smith,2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated womens daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women

have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune womens and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike

□□□□□□□□□□□□ Miro Itō,1995 Women s visions of Sensuality within the European cultural context is the underlying theme of this book To the author this female dimension itself appears on a directional level where eros is elevated to a kind of sanctuary in which women are liberated from the confines of the viewpoint of the opposite sex In her opinion there is another level of consciousness wherein women can enjoy the unrestrained expression of the state of being photographic subjects as they are approaching a profound nature of sexuality

The Photographer's Friend ,1872 **New York Magazine** ,1983-09-19 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

Photography Liz Wells,2000 Surveying the spectrum of photography from the mid nineteenth century to the present *Photography A Critical Introduction* is the first book to examine key debates in photographic theory and place them in their proper social and political contexts While most histories of photography invariably focus on the works of the great photographers this book is written especially to provide a coherent introduction to the nature of photographic seeing and its personal and cultural significance through history Contributors lucidly examine a range of major photographic theories histories genres and issues covering such topics as key debates in photographic theory and history documentary photography and photojournalism personal and popular photography photography and commodity culture photography and the human body photography as art and photography in the age of electronic imaging This completely revised and updated second edition includes detailed case studies key references biographies of key thinkers and margin notes a full glossary of terms comprehensive end of chapter bibliographies and resource information including guides to public archives and useful web sites The lavish illustrations include images by Bill Brandt Lee Friedlander Hannah Hoch Roshini Kempadoo Dorothea Lange Lee Miller Alexander Rodchenko Jacob Riis Sebastio Salgado Andres Serrano and Jo Spence
