Sentences Of Sextus:

The Sentences of Sextus Walter T. Wilson, 2012-11-01 Described by Origen as a writing that even the masses of believers have read the *Sentences of Sextus* offers unique insights into popular Christian thought during the late second century C E Although it draws extensively on canonical texts for the composition of its sayings it is especially fascinating for the manner in which it integrates these texts with material derived from two generically similar collections of Pythagorean maxims This volume provides a critical edition including evidence from the Greek Latin Syriac and Coptic versions a new translation and the first commentary for the *Sentences* an important document for investigating the history of early Christian wisdom asceticism and ethics

The Sentences of Sextus Henry Chadwick, 2003-09-18 A collection of ethical aphorisms for centuries by Christians from Britain to Mesopotamia

The Sentences of Sextus Richard Alan Edwards, Robert A. Wild, Pope Sixtus II, 1981-01-01

The Sentences of Sextus and the Origins of Christian Asceticism Daniele Pevarello, 2013-11-19 Daniele Pevarello analyzes the *Sentences of Sextus* a second century collection of Greek aphorisms compiled by Sextus an otherwise unknown Christian author The specific character of Sextus collection lies in the fact that the *Sentences* are a Christian rewriting of Hellenistic sayings some of which are still preserved in pagan gnomologies and in Porphyry Pevarello investigates the problem of continuity and discontinuity between the ascetic tendencies of the Christian compiler and aphorisms promoting self control in his pagan sources In particular he shows how some aspects of the Stoic Cynic Platonic and Pythagorean moral traditions such as sexual restraint voluntary poverty the practice of silence and of a secluded life were creatively combined with Sextus ascetic agenda against the background of the biblical tradition Drawing on this adoption of Hellenistic moral traditions Pevarello shows how great a part the moral tradition of Greek paideia played in the shaping and development of self restraint among early Christian ascetics

The Gospel According to Philip Martha Turner, 2020-10-26 Study of the Gospel according to Philip an important gnostic Christian text has been hampered by unresolved questions about the unity genre and sectarian contexts of the work This book argues that terms of self designation use of controversial vocabulary style hermeneutic strategies and theological commitments together present persuasive evidence of derivation from multiple sectarian milieux The document s organizing principles are found to be in accord with the excerpting and collection practices of Late Antiquity The coherence of the text lies in its compiler s distinctive interests and choices not in the uniformity of its materials The persuasive case made by this book will help to advance research on this significant document of early Christianity

The Sentences of Sextus Henry Chadwick,1959 **The Sentences of Sextus in the Middle Ages** Gillian Rosemary Evans,1983 Studies in Gnosticism and Alexandrian Christianity Roelof van den Broek,2020-10-26 The discovery of the Nag Hammadi Library 1945 has given an enormous impetus not only to the study of ancient Gnosticism but also to that of early Christianity in general Most of the studies contained in this volume deal with mythological conceptions and theological ideas found in various Nag Hammadi writings The gnostic views on the nature of God and on creation and salvation receive particular attention ranging from Philo to the medieval Cathars The Nag Hammadi Library also shed new light on the development of early Alexandrian Christianity and its theology The book contains six studies which explicitly deal with these topics This volume is of interest to students of Gnosticism early Christianity and Graeco Roman religious and philosophical ideas in general Social Justice and the Legitimacy of Slavery Ilaria Ramelli,2016 Were slavery and social injustice leading to dire poverty in antiquity and late antiquity only regarded as normal natural Aristotle or at best something morally indifferent the Stoics or in the Christian milieu a sad but inevitable consequence of the Fall or even an expression of God s unquestionable will Social Justice and the Legitimacy of Slavery shows that there were also definitive condemnations of slavery and social injustice as iniquitous and even impious and that these came especially from ascetics both in Judaism and in Christianity and occasionally also in Greco Roman pagan philosophy Ilaria L E Ramelli argues that this depends on a link not only between asceticism and renunciation but also between asceticism and justice at least in ancient and late antique philosophical asceticism Ramelli provides a careful investigation through all of Ancient Philosophy not only Aristotle and the Stoics but also the Sophists Socrates Plato the Neoplatonists and much more Ancient to Rabbinic Judaism Hellenistic Jewish ascetic groups such as the Essenes and the Therapeutae all of the New Testament with special focus on Paul and Jesus and Greek Latin and Syriac Patristic from Clement and Origen to the Cappadocians from John Chrysostom to Theodoret to Byzantine monastics from Ambrose to Augustine from Bardaisan to Aphrahat without neglecting the Christianized Sentences of Sextus In particular Ramelli considers Gregory of Nyssa and the interrelation between theory and practice in all of these ancient and patristic philosophers as well as to the parallels that emerge in their arguments against slavery and against social injustice

Traditional Christian Ethics David W. T. Brattston,2014 Traditional Christian Ethics features two exhaustive

alphabetical lists of affirmative commandments and prohibitions from the earliest Christian ethics as found in writers before the mass apostasy of 249-251 AD. The affirmatives or positives list consists of what Christians were commanded or encouraged to do. The other list is of negatives or prohibitions i.e. what Christians were discouraged from doing similarly arranged. The source material for the work encompasses far more than the ten-volume Ante Nicene Fathers edited by Roberts and Donaldson. It also draws from all writings of the period: Christian, Jewish and pagan available in English or French translation plus a few Latin translations. Some translations have been published only in scholarly journals and some only in the twenty-first century. Volumes Two and Three form a single exhaustive alphabetical list of affirmative commandments or precepts including mental attitudes i.e. what Christian ethics commanded or encouraged according to writers on Christian ethics before 250 AD. Using earlier drafts of this set of books, Dr Brattston's articles and booklets synthesizing early and contemporary Christianity have been published by a wide variety of denominations and ministries in every major English-speaking country. He hopes readers will use them as a starting point for writing articles, papers and sermons of their own.

The Ransom Logion in Mark and Matthew J. Christopher Edwards, 2012 Revised thesis doctoral University of St Andrews 2011 Isidore of Seville Knoebel, Thomas L., 2008 This is the first complete English translation of *De Ecclesiasticis Officiis* DEO of St Isidore of Seville d. 636 considered the last Latin father of the church. The work is an invaluable source of information about liturgical practice and church offices *The Oxford Handbook of Early Christian Biblical Interpretation* Paul M. Blowers, Peter William Martens, 2019 The Bible was the lifeblood of virtually every aspect of the life of the early churches. This Handbook explores a wide array of themes related to the reception, canonization, interpretation, uses and legacies of the Bible in early Christianity *Gnostic Religion in Antiquity* Roelof van den Broek, 2013-01-24 Gnostic religion is the expression of a religious worldview which is dominated by the concept of Gnosis, an esoteric knowledge of God and the human being which grants salvation to those who possess it. Roelof van den Broek presents here a fresh approach to the gnostic current of Late Antiquity within its historical and religious context based on sources in Greek, Latin and Coptic including discussions of the individual works of preserved gnostic literature. Van den Broek explores the various gnostic interpretations of the Christian faith that were current in the second and third centuries whilst showing that despite its influence on early Christianity, gnostic religion was not a typically Christian phenomenon. This book will be of interest to theologians, historians of religion, students and scholars of the history of Late Antiquity and early Christianity as well as specialists in ancient gnostic and hermetic traditions.
