*War Brides* Melynda Jarratt, 2009-05-25 For thousands of young British girls the influx of Canadian soldiers conscripted to Britain during the Second World War meant throngs of handsome young men The result was over 48 000 marriages to Canadian soldiers alone and a mass emigration of British women to North America and around the world in the 1940 s For many brides the decision to leave their family and home to move to a country thousands of miles away with a man they hardly knew brought forth ensuing happiness For others the

outcome was much different and the darker side of the story reveals the infidelity domestic violence poverty alcoholism and divorce that many lived through War Brides draws on original archival documents personal correspondence and key first hand accounts to tell the amazing story of the War Brides in their own words and shows the love passion tragedy and spirit of adventure of thousand of British women **Voices of the Left Behind** Olga Rains,Lloyd Rains,Melynda Jarratt,2006-02-25

The personal stories of nearly 50 war children helped by Project Roots Entangling Alliances Susan Zeiger,2010-03-22

Throughout the twentieth century American male soldiers returned home from wars with foreign born wives in tow often from allied but at times from enemy nations resulting in a new official category of immigrant the allied war bride These brides began to appear en masse after World War I peaked after World War II and persisted through the Korean and Vietnam Wars GIs also met and married former enemy women under conditions of postwar occupation although at times the US government banned such unions In this comprehensive complex history of war brides in 20th century American history Susan Zeiger uses relationships between American male soldiers and foreign women as a lens to view larger issues of sexuality race and gender in United States foreign relations Entangling Alliances draws on a rich array of sources to trace how war and postwar anxieties about power and national identity have long been projected onto war brides and how these anxieties translate into public policies particularly immigration Good-bye, Piccadilly Jenel Virden,1996

Though the women came to the U S from all parts of the British Isles they were an unusually homogeneous group averaging 23 years of age from working or lower middle class families and having completed mandatory schooling to the age of fourteen For the most part they emigrated alone and didn t move into an existing immigrant population War and Gender Joshua S. Goldstein,2003-07-17

Gender roles are nowhere more prominent than in war Yet contentious debates and the scattering of scholarship across academic disciplines have obscured understanding of how gender affects war and vice versa In this authoritative and lively review of our state of knowledge Joshua Goldstein assesses the possible explanations for the near total exclusion of women from combat forces through history and across cultures Topics covered include the history of women who did fight and fought well the complex role of testosterone in men s social behaviours and the construction of masculinity and femininity in the shadow of war Goldstein concludes that killing in war does not come naturally for either gender and that gender norms often shape men women and children to the needs of the war system Illustrated with photographs drawings and graphics and drawing from scholarship spanning six academic disciplines this book provides a unique study of a fascinating issue

*Regulating sexuality* Leanne McCormick,2013-07-19 This is a groundbreaking examination of the attempts to regulate female sexuality in twentieth century Northern Ireland which opens up new and exciting areas of a previously neglected history A wide ranging study it explores the sexual experiences of women in the context of the distinctive religious political and social circumstances of Northern Ireland during the twentieth century The commonality of attitudes of the Catholic Churches toward the control of female sexuality is revealed along with the similarity of views concerning female behaviour
