## Separatism V Indii:

**Separatism in North-East India** Dr. Kunal Ghosh, 2008-01-01 It is a constant refrain from various political leaders that religion and politics should not be mixed together Notwithstanding this sloganeering what we find in real life is often quite opposite The author Kunal Ghosh connotes on two North East regions Tripura and the BAC Bodo Autonomous Council area in Assam where a mixture of religion and politics has produced an explosive situation If religion can be tied up with language and linguistics it would acquire a direct hold on nationality This book is intended for those readers particularly from North East India who are actively engaged to the motherland Readers will be compelled to think after reading this book Muslim Separatism and the Partition of India Debadutta Chakravarty, 2003 The Rare Piece Of The Drama Partition In 1947 Warranted The Scholars To Rebuild The History Of The Cunning Passages To Muslim Separatism In India And The Consequent Blood Bath Of The Nation In This Book Muslim Separatism And The Partition Of India The Author Offers A Very Big Highway To Explore All The Roads And Sub Roads To Trace Out The Genesis Of Communalism In India Under The Patronage Of The Colonial Government And Its Ultimate Culmination To The Creation Of An Ulster In This Sub Continent On The Midnight Of August 14 15 1947 The Author Like Charles Lamb Kept Himself Far Away From Any Personal Bias In Searching Out The Different Dynamics Behind The Artificial Partition By A Candid Analysis Of All The Facts And Documents Available *Ethnicity, Security, and Separatism in India* Maya Chadda, 1997 A hallmark of Indian politics ethnic tension have escalated dramatically since the 1980s endangering India s unity as a sovereign democracy Although a succession of governments has attempted to resolve them these conflicts have weakened India s role as the dominant power in the region This work examines the connections between internal and external policy and explores the ways in which domestic tensions particularly arising from ethnic and sectarian heterogeneity shape India s role in the region The book studies movements in Punjab Kashmir and Tamil Nadu which escalated throughout the 1980s and influenced India s relations with Pakistan and Sri Lanka It argues that India does not seek hegemony in South Asia instead it acts to protect its nation building efforts from similar problems faced by neighbouring countries Paradoxically this goal requires India to intervene in neighbouring countries ethnic conflicts *Politics Of Separatism* Dr. Nandini Basistha, 2022-01-09 This book tries to theorize the evolution of identity politics leading to separatist mentalities in India Constructed ideas of identity have been posing a threat to humanity in the name of separatism It is now one of the biggest threats to the Indian nation building process The Indian government has invested crores of rupees to secure the unity of India In spite of that many parts of India are now demanding separate statehood or sovereign nation state Demands vary according to the motif mode and magnitude But behind every demand for full or partial political autonomy there remains some unequal treatment which occurs in the eco socio political sphere and separatist movements often take place This Study revolves around two movements led by Rajbanshis and Gorkhas in the Northern part of West Bengal In the tiny and strategically important North Bengal region numerous movements are

ongoing for getting separate statehood some notables of which are Gorkhaland Kamtapur and Greater Cooch Bihar movements Why and how this area is facing this kind of activism is the main thrust of this study With statistical data and historical references the authenticity of the claim of marginalization tried to validate The question of Bengali hegemony and backwardness of North Bengal is also discussed elaborately This book thus can be an ideal reference copy for the social scientists as well as administrative officials working in on North Bengal Northeast India ethno regional separatist movements This book covers the hundred year history of movements of two important ethnic groups Rajbanshis and Gorkhas of India and touched three most crucial issues viz identity marginality and separatism

Separatism and the State Damien Kingsbury, 2021-02-27 This book proposes and tests a theory of separatism to determine if there are key commonalities as to why separatist movements rise and what fuels them In the post Cold War period separatism has been on the rise Today there are more than 100 active separatist movements with around 70 of them engaging in violence This book focuses on examples from Europe the Middle East Africa and Asia to

highlight the commonalities found across the case studies It examines the idea of separatism to better understand what drives movements to break away from preexisting states demonstrates the factors which produce both violent separatism and the rise of armed non state actors and shows the options for the resolution of such conflict based on considering claims for separatism from the perspectives of separatist movements This book will be applicable for undergraduate and postgraduate students of International Relations and International Politics as well as Conflict Peace Studies Anthropology and Post Colonial Studies     Territorial Separatism in Global Politics Damien Kingsbury, Costas Laoutides, 2015-03-05 This volume

examines the various aspects of territorial separatism focusing on how and why separatist movements arise Featuring essays by leading scholars from different disciplinary perspectives the book aims to situate the question of separatism within the broader socio political context of the international system arguing that a set of historical events as well as local regional and global dynamics have converged to provide the catalysts that often trigger separatist conflicts In addition the book marks progress towards a new conceptual framework for the study of territorial separatism by linking the survival of communities in international politics with the effective control of territory and the consequent creation of new polities Separatist conflicts challenge conventional wisdom concerning conflict resolution within the context of international relations by unpacking a number of questions with regard to conflict transformation Through the use of case studies including Cyprus the Rakhine state in Myanmar the Shia separatism in Iraq the Uighurs in China and the case of East Timor the volume addresses key issues including the role of democracy international law intervention post conflict peacebuilding and the creation of new political entities The book will be of much interest to students of Intra State Conflict Conflict Resolution International Law Security Studies and International Relations     **The Rise of Tamil Separatism in Sri Lanka** Gnanapala
