town It was in the side of this hill that according to tradition the first settlers of the village had burrowed in caverns which they had dug out for their shelter like swallows and woodchucks As its slope was towards the south and its ridge and crowning woods defended them from the northern blasts and snow drifts it was an admirable situation for the fierce New England winter and the temperature was milder by several degrees along this hillside than on the unprotected plains or by the river or in any other part of Concord So that here during the hundred years that had elapsed since the first settle ment of the place dwellings had successively risen close to the hill s foot and the meadow that lay on the other side of the road a fertile tract had been cultivated and these three young people were the children s chil dren s children of persons of respectability who had dwelt there Rose Garfield in a small house the site of which is still indicated by the cavity of a cellar in which I this very past summer planted some sun owers to thrust their great disks out from the hollow and allure the bee and the humming bird Robert Hagburn in a house of some what more pretension a hundred yards or so nearer to the village standing back from the road in the broader space which the retreating hill cloven by a gap in that place afforded where some elms intervened between it and the road offering a site which some person of a nat ural taste for the gently picturesque had seized upon About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works     *Septimus Felton, Or The Elixir of Life* Nathaniel Hawthorne,1872     Septimius Felton; or, the elixir of life (1876) Nathaniel Hawthorne,1876     **Septimius Felton** Nathaniel Hawthorne,2021-04-17 Now here were these young people on that beautiful spring morning sitting on the hill side a pleasant spectacle of fresh life pleasant as if they had sprouted like green things under the influence of the warm sun The girl was very pretty a little freckled a little tanned but with a face that glimmered and gleamed with quick and cheerful expressions a slender form not very large with a quick grace in its movements sunny hair that had a tendency to curl which she probably favored at such moments as her household occupation left her a sociable and pleasant child as both of the young men evidently thought Robert Hagburn one might suppose would have been the most to her taste a ruddy burly young fellow handsome and free of manner six feet high famous through the neighborhood for strength and athletic skill the early promise of what was to be a man fit for all offices of active rural life and to be in mature age the selectman the deacon the representative the colonel As for Septimius let him alone a moment or two and then they would see him with his head bent down brooding brooding his eyes fixed on some chip some stone some common plant any commonest thing as if it were the clew and index to some mystery and when by chance startled out of these meditations he lifted his eyes there would be a kind of perplexity a dissatisfied foiled look in them as if of

his speculations he found no end Such was now the case while Robert and the girl were running on with a gay talk about a serious subject so that gay as it was it was interspersed with little thrills of fear on the girl s part of excitement on Robert s Their talk was of public trouble     Our Old Home Nathaniel Hawthorne,1881     *The Elixir of Life Manuscripts* Nathaniel Hawthorne,1977 Septimius Felton During the Revolutionary War Septimius Felton a scholar who seeks a method of attaining earthly immortality kills a British officer who has insulted his fianc e On the hillside where he has buried the officer he meets Sybil Dacy a strange unearthly creature who is looking for a flower she expects to grow from the grave Before he died the officer gave Septimius an old manuscript containing the formula for an elixir of life requiring the juice of the flower Sybil seeks     *The Elixir of Life Manuscripts* ,1977     **Thoughts Painfully Intense** James Mancall,2013-12-16 First Published in 2002 This work reads Hawthorne s fiction inthe context of nineteenth century medical and psuedomedical discourse that linked men of letters to debilitated invalids a stereotype against which Hawthorne struggled throughout his career
