## **Serbian Myth About Jasenovac:**

**Serbian Myth about Jasenovac** J. E. Pečarić, 2001 Pt I pp 9 233 is a response to Milan Bulaji s *Jasenovacki mit Franje Tudmana* 1994 Pt II pp 237 478 is a reply to Bulaji s response to part I Contests the widely accepted estimate of the number of victims at Jasenovac ca 600 700 000 Affirms that Jasenovac was a labor camp and that the bulk of its victims were Serbian Chetnik prisoners and postwar Croatian prisoners held by Tito Asserts that the main sites of the perpetration of the genocide of Yugoslavia s Jews were Sajmi te near Belgrade and other Serbian camps States that Bulaji wrote his book in order to slander the Croats and brand them as a genocidal nation while it is the Serbs themselves who were always antisemitic and genocidal *Tudjman's "Jasenovac Myth"* Milan Bulajić, 1994 **Nationalism, Myth, and the State in Russia and**

**Serbia** Veljko Vujačić, 2015-03-26 This book examines the role of Russian and Serbian nationalism in dissolution of the Soviet Union and Yugoslavia in 1991 **Serbia and the Serbs in World War Two** Sabrina P. Ramet, 2011-10-31 A valuable and objective reassessment of the role of Serbia and Serbs in WWII Today Serbian textbooks praise the Chetniks of Dra a Mihailovi and make excuses for the collaboration of Milan Nedi s regime with the Axis However this new evaluation shows the more complex and controversial nature of the political alliances during the period **Jasenovac** Milan Bulajić, 2001

**The Massacre in History** Mark Levene, Penny Roberts, 1999 The role of massacre in history has been given little focused attention either by historians or academics in related fields This is surprising as its prevalence and persistence surely demands that it should be a subject of serious and systematic exploration What exactly is a massacre When and why does it happen Is there a cultural as well as political framework within which it occurs How do human societies respond to it What are its social and economic repercussions Are massacres catalysts for change or are they part of the continuity of the human saga These are just some of the questions the authors address in this important volume Chronologically and geographically broad in scope *The Massacre in History* provides in depth analysis of particular massacres and themes associated with them from the 11th century to the present Specific attention is paid to 15th century Christian Jewish relations in Spain the St Bartholemew s Day massacre England and Ireland in the civil war era the 19th century Caucasus the rape of Nanking in 1937 and the Second World War origins of the Serb Croat conflict The book explores the subject of massacre from a variety of perspectives its relationship to politics culture religion and society its connection to ethnic cleansing and genocide and its role in gender terms and in relation to the extermination of animals The historians provide evidence to suggest that the massacre is often central to the course of human development and societal change **The**

**Death Camps of Croatia** Raphael Israeli, 2017-07-12 In *The Death Camps of Croatia* Raphael Israeli shows that throughout Yugoslavia during World War II anti semitism was both deeply rooted and widespread This book traces the circumstances and the historical context in which the pro Nazi Ustasha state encompassing Croatia and Bosnia erected the Jadovno and Jasenovac death camps Israeli distills fact and historical record from accusation and grievance noting that seventy years later

the gap in research and the collection of data memoirs and oral histories has become almost irreparable This volume meets the challenge basing its conclusions on evidence from participants from the period The battle between the Serbs and the Croats is not likely to be settled any time soon Both sides have accused the other of the wrongdoings that everyone knows occurred While the German Nazis Croat Ustasha Serbian collaborators Cetnicks and Bosnian Hanjar recruits are often seen as the wrongdoers there were individuals who helped the Jews hid them at great risk and enabled them to survive These people absorbed the Jews in their own ranks and gave them the means to fight they were the only people who helped the Jews This volume is not about judging one side or the other it is about acknowledging the evil all sides inflicted upon the Jewish minority in their midst Serbs Muslims and Croats continue to dominate the ex Yugoslavian scene It has been their arena of battle for centuries while the flourishing Jewish minority culture in that area has all but come to a historical standstill and has almost completely vanished Yet the struggle over the historical record continues **Tudjman's**

**"Jasenovac Myth"** Milan Bulajić,1992 *Balkan Idols* Vjekoslav Perica,2002-07-11 Reporting from the heartland of Yugoslavia in the 1970s Washington Post correspondent Dusko Doder described a landscape of Gothic spires Islamic mosques and Byzantine domes A quarter century later this landscape lay in ruins In addition to claiming tens of thousands of lives the former Yugoslavia's four wars ravaged over a thousand religious buildings many purposefully destroyed by Serbs Albanians and Croats alike providing an apt architectural metaphor for the region's recent history Rarely has the human impulse toward monocausality the need for a single explanation been in greater evidence than in Western attempts to make sense of the country's bloody dissolution From Robert Kaplan's controversial *Balkan Ghosts* which identified entrenched ethnic hatreds as the driving force behind Yugoslavia's demise to NATO's dogged pursuit and arrest of Slobodan Milosevic the quest for easy answers has frequently served to obscure the Balkans' complex history Perhaps most surprisingly no book has focused explicitly on the role religion has played in the conflicts that continue to torment southeastern Europe Based on a wide range of South Slav sources and previously unpublished often confidential documents from communist state archives as well as on the author's own on the ground experience *Balkan Idols* explores the political role and influence of Serbian Orthodox Croatian Catholic and Yugoslav Muslim religious organizations over the course of the last century Vjekoslav Perica emphatically rejects the notion that a clash of civilizations has played a central role in fomenting aggression He finds no compelling evidence of an upsurge in religious fervor among the general population Rather he concludes the primary religious players in the conflicts have been activist clergy This activism Perica argues allowed the clergy to assume political power without the accountability faced by democratically elected officials What emerges from Perica's account is a deeply nuanced understanding of the history and troubled future of one of Europe's most volatile regions *Balkan holocausts?* David Bruce MacDonald,2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license Comparing and contrasting propaganda in Serbia and Croatia from 1986 to 1999 this book analyses each

group's contemporary interpretations of history and current events. It offers a detailed discussion of Holocaust imagery and the history of victim-centred writing in nationalist theory including the links between the comparative genocide debate, the so-called Holocaust industry and Serbian and Croatian nationalism. There is a detailed analysis of Serbian and Croatian propaganda over the Internet detailing how and why the Internet war was as important as the ground wars in Kosovo, Croatia and Bosnia Hercegovina and a theme-by-theme analysis of Serbian and Croatian propaganda using contemporary media sources, novels, academic works and journals.

**Myths and Boundaries in South-eastern Europe** Pål Kolstø, 2005. An examination of how historical myths have contributed to the crystallization of national boundaries in the Balkans primarily among the South Slavs.

**Nationalism and the Politicization of History in the Former Yugoslavia** Gorana Ognjenovic, Jasna Jozelic, 2021-03-19. This book is very timely: the instrumentalization of history for political goals has become a pressing issue and worrisome feature of many polities to the point of challenging even the most consolidated democracies. Focusing on Yugoslavia's fragile successor states, the authors explore plurifold analytical levels including local, regional, transnational, European and global perspectives. The authors comprehensively demonstrate how politicizing history in the postwar and postcommunist societies of what was once Yugoslavia has prevented both reconciliation and democratization.

Sabine Rutar, Leibniz Institute for East and Southeast European Studies, Germany. Ognjenovic and Jozelic focus here on the former Yugoslavia before and after its fragmentation to explore and evaluate the various uses of histories by nationalists, both those who promoted federal nationalism and those who peddle specific local nationalisms in successor states. The book deals specifically with the Western Balkans but these developments have their parallels in many other parts of the world and the book will be useful well beyond the region on which the study is based.

Paul Mojzes, Professor Emeritus, Rosemont College, USA. The former Yugoslavia has become a battlefield for the Memory Wars in spite of the wealth of judicially established facts and available evidences gathered about the atrocities in the region and various initiatives aimed at dealing with the past and efforts at transitional justice. Focusing on three periods of Yugoslav history: the Second World War, socialist Yugoslavia and the Yugoslav wars of 1991-2001, the contributors show that despite these efforts to deal with the past, sustainable peace and reconciliation across ethnic and religious groups remain a distant aim.

Marijana Toma, Center for Cultural Decontamination, Serbia. This book analyzes how nationalists in the former Yugoslavia have politicized history to further their political agendas, retaining and prolonging conflict among different cultural and religious groups and impeding the process of lasting reconciliation. It explores how narratives have been misused, drawing on examples from all of the former Yugoslav republics. With contributors from a range of disciplinary backgrounds, it provides a vital assessment of how nationalists have attempted to re-shape public collective memory and relativize facts.

**The Independent State of Croatia 1941-45** Sabrina P. Ramet, 2020-07-24. This special issue provides important new scholarship from a variety of perspectives on the structure, ideology and political history of the central fascist group in interwar and Second World War Yugoslavia: the Croatian Ustasha.

It is the first volume in English to closely explore the Ustasha's Independent State of Croatia between 1941 and 1945 a period when it was an active collaborator with Nazi Germany and Fascist Italy and largely responsible for Yugoslavia suffering the highest proportion of national casualties in the Second World War By using the top scholars in the field to explore the nature of the NDH The Independent State of Croatia 1941-45 contributes to scholarly understandings of Croatian nationalism Balkan politics European fascism and genocide in the Second World War **2001** Susan Sarah Cohen, 2013-02-18 This work includes international secondary literature on anti-Semitism published throughout the world from the earliest times to the present It lists books dissertations and articles from periodicals and collections from a diverse range of disciplines Written accounts are included among the recorded titles as are manifestations of anti-Semitism in the visual arts e.g. painting caricatures or film action taken against Jews and Judaism by discriminating judiciaries pogroms massacres and the systematic extermination during the Nazi period The bibliography also covers works dealing with philo-Semitism or Jewish reactions to anti-Semitism and Jewish self-hate An informative abstract in English is provided for each entry and Hebrew titles are provided with English translations *Ideology, Legitimacy and the New State* Sinisa Malesevic, 2013-01-11 A comparative analysis of the dominant ideologies and modes of legitimization in communist Yugoslavia and post-Communist Serbia and Croatia The aim of the book is to identify and explain dominant normative and operative ideologies and principal modes of legitimization in these three case studies *Memory and Postwar Memorials* M. Silberman, F. Vatan, 2013-12-04 The twentieth century witnessed genocides ethnic cleansing forced population expulsions shifting borders and other disruptions on an unprecedented scale This book examines the work of memory and the ethics of healing in post-authoritarian societies that have experienced state-perpetrated violence **Usable History?** Tea Sindbæk, 2012-10-17 When Yugoslavia was invaded by Nazi Germany and its allies in April 1941 what followed was as much a Yugoslav civil war as a war of occupation and liberation Several hundred thousand Yugoslav civilians were killed by other Yugoslavs in large-scale massacres or concentration camps and the horrific events left the country ruined and deeply divided Usable History examines the way in which the history of Yugoslavia's internal problematic past was presented and used politically and ideologically and asks how a society can cope with such an unmasterable history How did Yugoslav historians and politicians represent and explain their own history and how did these representations interact with the cultural developments political demands and societal needs By investigating political documents historiography and popular representations of history such as films songs and literature the book's author reveals a deeply disturbing narrative of historical misinterpretation and mis-use *Picturing Genocide in the Independent State of Croatia* Jovan Byford, 2020-06-25 Picturing Genocide in the Independent State of Croatia examines the role which atrocity photographs played and continue to play in shaping the public memory of the Second World War in the countries of the former Yugoslavia Focusing on visual representations of one of the most controversial and politically divisive episodes of the war genocidal

violence perpetrated against Serbs Jews and Roma by the pro Nazi Ustasha regime in the Independent State of Croatia 1941-1945 the book examines the origins history and legacy of violent images Notably this book pays special attention to the politics of the atrocity photograph It explores how images were strategically and selectively mobilized at different times and by different memory communities and stakeholders to do different things justify retribution against political opponents in the immediate aftermath of the war sustain the discourses of national unity on which socialist Yugoslavia was founded or in the post communist era prop up different nationalist agendas and frame the Yugoslav wars of the 1990s In exploring this hitherto neglected aspect of Yugoslav history and visual culture Jovan Byford sheds important light on the intricate nexus of political cultural and psychological factors which account for the enduring power of atrocity images to shape the collective memory of mass violence

**Congressional Record** United States. Congress,1991      From Yugoslavia to the Western Balkans Robert Hayden,2012-10-12 This book brings together important original contributions to scholarly and political policy debates over the disintegration of Yugoslavia and especially the war in Bosnia The analyses are grounded on empirically based arguments about social and political dynamics resonate with much larger enduring issues of social science inquiry and consistently challenge commonly held beliefs about the Balkans that are based more on ignorance misunderstanding or outright prejudice than on intimate knowledge of the region its peoples and their histories When first published some of these essays represented sharply distinctive analyses which have since then become common wisdom Hayden s arguments about how this multinational European federation collapsed following a severe economic crisis are disturbingly relevant to analyzing the crisis of the European Union twenty years later
