arias and ensembles and develops original ways to interpret the two largely overlooked operatic genres of secco recitative and finales Moreover Ford presents a new method by which to relate musical details directly to philosophical concepts and thereby the music of the operas to the inwardly contradictory thinking of the European Enlightenment This involves close readings of late eighteenth century understandings of man and nature self and other morality and transgression and gendered identities and sexuality with particular reference to contemporary writers especially Goethe Kant Laclos Rousseau Sade Schiller Sterne and Wollstonecraft The concluding discussion of the implied futures of the operas argues that their divided sexualities which are those of the Enlightenment as a whole have come to form our own unquestioned assumptions about gender differences and sexuality This along with the elegant and eloquent precision of Mozart's music is why Figaro Giovanni and Cos still maintain their vital immediacy for audiences today

Sister Novelists Devoney Looser, 2022-10-25 Choice Outstanding Academic Title 2023 For readers of *Prairie Fires* and *The Peabody Sisters* a fascinating insightful biography of the most famous sister novelists before the Brontës Before the Brontës sisters picked up their pens or Jane Austen's heroines Elizabeth and Jane Bennet became household names the literary world was celebrating a different pair of sisters Jane and Anna Maria Porter The Porters exact contemporaries of Jane Austen were

brilliant attractive self made single women of polite reputation who between them published 26 books and achieved global fame They socialized among the rich and famous tried to hide their family s considerable debt and fell dramatically in and out of love Their moving letters to each other confess every detail Because the celebrity sisters expected their renown to live on they preserved their papers and the secrets they contained for any biographers to come But history hasn t been kind to the Porters Credit for their literary invention was given to their childhood friend Sir Walter Scott who never publicly acknowledged the sisters works as his inspiration With Scott s more prolific publication and even greater fame the Porter sisters gradually fell from the pinnacle of celebrity to eventual obscurity Now Professor Devoney Looser a Guggenheim fellow in English Literature sets out to re introduce the world to the authors who cleared the way for Austen Mary Shelley and the Bront sisters Capturing the Porter sisters incredible rise from when Anna Maria published her first book at age 14 in 1793 through to Jane s fall from the pinnacle of fame in the Victorian era and then to the auctioning off for a pittance of the family s massive archive *Sister Novelists* is a groundbreaking and enthralling biography of two pioneering geniuses in historical fiction
