**Revisited** Michael Goodrum,Philip Smith,2015-02-02 According to Joss Whedon the creator of the short lived series Firefly 2002 the cult show is about nine people looking into the blackness of space and seeing nine different things The chronicles of

crewmembers on a scruffy space freighter *Firefly* ran for only four months before its abrupt cancellation. In that brief time, however, it established a reputation as one of the best science fiction programs of the new millennium, sharply written, superbly cast, and set on an exotic multicultural frontier unlike anything ever seen on the small screen. The show's large, enthusiastic fan following supported a series of comics and a theatrical film, *Serenity* (2005), that extended the story, deepened the characters, and revealed new wonders and dangers on the deep space frontier.

*Firefly Revisited: Essays on Joss Whedon's Classic Series*, by Michael Goodrum and Philip Smith, presents a collection that reflects on the program, the characters, and the post-cancellation film and comics that grew out of the show. The contributors to this volume offer fresh perspectives on familiar characters and blaze new trails into unexplored areas of the *Firefly* universe. Individual essays explore the series' place in the history of the space Western subgenre, the political economy of the Alliance, and the uses of music and language in the series to immerse audiences in a multicultural future. These essays look at how the show offered viewers high adventure as well as engaged with a range of themes that still resonate today. As such, *Firefly Revisited* will intrigue the show's many fans as well as Whedon scholars and anyone interested in the twenty-first century renaissance of science fiction television.

*Journals: 1939-1949*, André Gide, 2000. Beginning with a single entry for the year 1889, when he was twenty, and continuing intermittently but indefatigably through his life, the *Journals* of André Gide constitute an enlightening, moving, and endlessly fascinating chronicle of creative energy and conviction. Astutely and thoroughly annotated by Justin O'Brien in consultation with Gide himself, this translation is the definitive edition of Gide's complete journals. The complete journals, representing sixty years of a varied life, testify to a disciplined intelligence in a constantly maturing thought. These pages contain aesthetic appreciations, philosophic reflections, sustained literary criticism, notes for the composition of his works, details of his personal life, and spiritual conflicts. Accounts of his extensive travels and comments on the political and social events of the day, from the Dreyfus case to the German occupation, Gide records his progress as a writer and a reader, as well as his contacts and conversations with the bright lights of contemporary Europe: Paul Valéry, Paul Claudel, Louis Blum, and Auguste Rodin, to Marcel Proust, Stephen Mallarmé, Oscar Wilde, and Nadia Boulanger. Devoid of affectation, alternately overtaken by depression and animated by a sense of urgency and hunger for literature and beauty, Gide read voraciously, corresponded voluminously, and thought profoundly, always questioning and doubting in search of the unadulterated truth. The only drama that really interests me, and that I should

always be willing to depict anew he wrote is the debate of the individual with whatever keeps him from being authentic with whatever is opposed to his integrity To his integration Most often the obstacle is within him And all the rest is merely accidental Volume 4 reveals a creative mind that remains vigorous and unique as Gide enters his seventies He records the fall of France And The German occupation during World War II The landing of the Americans And The fall of Tunis As well as a memorable meeting with General de Gaulle His literary commentary touches on such writers as Virgil Goethe Racine Dashiell Hammett and John Steinbeck
