Contemporary reviewers received Hogg's bluntness rather fiercely because in so doing he questioned the ideologies of chastity, marriage and military masculinities that informed emerging discourses of the British Empire. This book reveals the strategic use that Hogg made of the marriage plot to challenge the civilising ideal of the motherly heroine as well as martial and sentimental masculinities which supported the discourse of a strong but tamed national vigour, thereby highlighting Hogg's critical use of gender stereotypes in relation to norms of class and ethnicity when deconstructing this plot convention James Hogg and the Literary Marketplace Holly Faith Nelson, 2016-12-14 Responding to the resurgence of interest in the Scottish working-class writer James Hogg, Sharon Alker and Holly Faith Nelson offer the first edited collection devoted to an examination of the critical implications of his writings and their position in the Edinburgh and London literary marketplaces. Writing during a particularly complex time in Scottish literary history, Hogg, a working shepherd for much of his life, is seen to challenge many of the aesthetic conventions adopted by his contemporaries and to anticipate many of the concerns voiced in discussions of literature in recent years. While the essays privilege Hogg's primary texts and read them closely in their immediate cultural context, the volume's contributors also introduce relevant research on oral culture, nationalism, transnationalism, intertextuality, class, colonialism, empire, psychology and aesthetics where they serve to illuminate Hogg's literary ingenuity as a working-class writer in Romantic Scotland *Additions (Catalogue of additions) made to the Library of Congress* Washington D.C., Libr. of Congress, 1862 **Catalogue of the Library of Congress** Library of Congress, 1861 **Texts Reading Texts, Sacred and Secular** Alison M. Jack, 1999-05-01 The language, themes and imagery of the Bible have been rewritten into texts across time. In the Revelation of John the Hebrew Bible echoes and is reinvented just as in James Hogg's *The Private Memoirs and Confessions of a Justified Sinner* 1824 many explicit and implicit readings and interpretations of the Bible are offered. In *Texts Reading Texts* these readings of the Bible and the ways in which Revelation and Hogg's *Confessions* have themselves been read are considered from the two postmodern perspectives of marginalization and deconstruction. By reading the two seemingly unrelated texts side by side from these perspectives, traditional readings of them both are disturbed and

challenged *James Hogg* Valentina Bold, 2007 This book sheds new light on James Hogg the Scottish poet 1770 1835 going beyond the Ettrick Shepherd stereotype By focussing on Hogg s poetry Scottish Pastorals The Queen s Wake Jacobite Relics Queen Hynde Pilgrims of the Sun it shows that his work and the critical response to it was significantly shaped by the concept of the autodidact a working class writer who was considered to be a poet of Nature s Making The image of the autodidact is pursued from its beginnings Ramsay s Gentle Shepherd Macpherson s Ossian Burns as ploughman poet through its development in the nineteenth century to its last gasps in the twentieth Poets considered include Isobel Pagan Janet Little William Tennant Allan Cunningham Robert Tannahill Janet Hamilton Ellen Johnston Elizabeth Hartley Alexander Anderson David Gray David Wingate and James Young Geddes Despite facing difficulties autodidacts produced some of the most innovative and exciting poetry of the nineteenth century The author argues that the autodidactic tradition exemplified by Hogg nurtured the creative vigour manifested in twentieth century Scottish poetry While Scotland s autodidacts shared poetic concerns and techniques they were characterised above all by diversity of poetic voice
