Serious Violent And Chronic Juvenile Offenders A Sourcebook

Patrick Vollmar

Serious Violent And Chronic Juvenile Offenders A Sourcebook:

Serious, Violent, and Chronic Juvenile Offenders James C. Howell, 1995-09-19 This sourcebook provides outstandingly important up to date and comprehensive reviews of knowledge about the prevention and treatment of serious violent and chronic juvenile offenders It is an essential reference work for scholars practitioners and policymakers who are interested in this topic David P Farrington Professor of Psychological Criminology University of Cambridge At a time when the basic unit of policy about youth crime is often the sound bite this volume shows the value of information and sustained analysis in creating a balanced program for dealing with the serious juvenile offender The book is of value both as a specific set of youth crime proposals and as a model of the policy planning process in a difficult area Franklin E Zimring William Simon Professor of Law and Director Earl Warren Legal Institute University of California at Berkeley This indispensable sourcebook sculpts an alternative response to juvenile crime The rise of violent crimes committed by youths and the lack of effective responses to treating juvenile offenders have underscored the dire need for a different approach Some of the most respected experts in juvenile justice answer that need in this authoritative volume presenting a balanced humane and effective strategy for change The result is a comprehensive approach to preventing treating and controlling serious juvenile criminal behavior Thorough analysis of strategy implementation complements discussion of core issues such as controlling delinquency developing early and intensive intervention programs risk assessment and classification tools The inclusion of special chapters on recent gang research and juveniles in the criminal court system make this volume the essential up to date resource for juvenile justice specialists A Sourcebook Serious Violent and Chronic Juvenile Offenders gathers together information integral to the work of policymakers lawmakers law enforcement personnel and social workers as well as criminal justice researchers sociologists and advanced students in these fields [A Handbook for Evidence-Based Juvenile Justice Systems](#) James C. Howell, Mark W. Lipsey, John J. Wilson, Megan Q. Howell, Nancy J. Hodges, 2019-09-18 This revised edition features updated research new developments in technology and recent policy on juvenile delinquency and youth violence The authors underscore the enormous payoff in targeting potential serious violent and chronic juvenile offenders at the earliest opportunity and provide a framework for evidence informed state juvenile justice systems the Comprehensive Strategy for Serious Violent and Chronic Juvenile Offenders This strategy recognizes first that a relatively small proportion of those who enter the juvenile justice system will prove to be serious violent or chronic offenders but that group accounts for a large proportion of overall delinquency Second this strategy builds on the fact that serious violent or chronic delinquency emerges along developmental pathways allowing earlier identification of juveniles most at risk for later serious offending A third component of this approach is effective intervention capable of reducing the recidivism of those juveniles most at risk for further delinquency This framework emphasizes an evidence based approach to reducing the recidivism of those juveniles most likely to reoffend from intake onward to probation community programs confinement and reentry *A Century of*

Juvenile Justice Margaret K. Rosenheim, 2002-03-15 *Systems for Youth in Trouble* *The Juvenile Offender* Robert D. Hoge, 2012-12-06 This book provides a discussion of advances in our understanding of the juvenile offender. These derive from psychological and criminological theory and research on the phenomenon of youth crime and from efforts on the part of social science researchers and practitioners to develop and evaluate new approaches to prevention and treatment. The theoretical and empirical advances relate first to analyses of the nature and extent of youth crime. This is reflected for example in various descriptive and classification systems developed for characterizing juvenile offenders. Significant advances are also being made in understanding the risk factors associated with youthful criminal activity as well as the processes linking the risk factors with antisocial behaviors. This understanding is based on theory and research relating to the correlates and causes of delinquency. The advances in our understanding of the nature, correlates and causes of juvenile crime are accompanied by progress in analyzing the treatment of youth in juvenile justice systems and in developing and evaluating alternative approaches to treatment. These efforts include research on decision making within juvenile justice systems and the development of screening and assessment tools. This also includes efforts to develop and evaluate effective prevention and treatment programs for use with youths involved in criminal activity and those at risk for this activity.

Young Killers Kathleen M. Heide, 1999 Why is the number of homicides committed by youths rising in the United States? An escalating problem in this country. Juvenile Homicide has been considered an epidemic by mental health professionals as well as practitioners in the juvenile justice and criminal systems. In her book *Young Killers* Kathleen M. Heide blends compelling case studies with an empirical assessment of male adolescent murderers creating a readable and interesting scholarly text. This book explores several factors that contribute to the rise of juvenile homicide including home and family environments, role models, the witnessing of violence, access to weapons, the availability of drugs and alcohol, personality characteristics and the cumulative effect of having little to lose. Although this book focuses on male juvenile offenders, Heide also addresses the changing percentage of juvenile females arrested for homicide and examines gender issues in juvenile homicide. She discusses the reasons girls may be more likely to kill family members than boys are and examines the effects of the women's movement on girls and crime. Heide also addresses psychological assessment, treatment issues and prevention strategies aimed at reducing the incidence of juvenile homicide. *Young Killers* is written with clarity making it accessible to a wide ranging audience. This definitive work on juvenile homicide will benefit both undergraduate and graduate students and professionals in criminal justice, criminology, sociology, social work, counseling and clinical psychology.

Gender-Based Violence, Law, and African Society Abiodun Raufu, Omolade Olomola, Edidiong Mendie, 2023-10-16 Gender based violence is a convoluted concept with no single explanation or solution. Abiodun Raufu, Omolade Olomola and Edidiong Mendie bring to light the different dimensions of gender based violence in Africa such as the challenges of patriarchy, the limits of the law and the cultural acceptance of violence against women in the private sphere. In spite of the different forms and causes of violence

it is universally recognized as a destructive force that has extensive consequences for both individuals and society In order to combat violence it is important to understand its root causes and foundational issues to facilitate workable solutions through a range of strategies including education prevention and intervention programs This book will be of interest to students and scholars in criminology sociology legal studies African studies and more Predictors of Youth Violence ,2000 Describes a number of risk and protective factors including individual family school peer related community neighborhood and situational factors *Crime Prevention* Steven P. Lab,2023-02-28 Crime Prevention Approaches Practices and Evaluations Eleventh Edition meets the needs of students and instructors for engaging evidence based impartial coverage of interventions that can reduce or prevent deviance This edition examines the entire gamut of prevention from physical design to developmental prevention to identifying high risk individuals to situational initiatives to partnerships and beyond Strategies include primary prevention measures designed to prevent conditions that foster deviance secondary prevention measures directed toward persons or conditions with a high potential for deviance and tertiary prevention measures to deal with persons who have already committed crimes In this book Lab offers a thorough and well rounded discussion of the many sides of the crime prevention debate in clear and accessible language including the latest research concerning space syntax physical environment and crime neighborhood crime prevention programs community policing crime in schools and electronic monitoring and home confinement This book is essential for undergraduates studying criminal justice criminology and sociology in the U S and globally Online resources include an instructor s manual test bank and lecture slides for faculty and a wide array of resources for students **Juvenile Crime, Juvenile Justice** Institute of Medicine,National Research Council,Commission on Behavioral and Social Sciences and Education,Board on Children, Youth, and Families,Committee on Law and Justice,Panel on Juvenile Crime: Prevention, Treatment, and Control,2001-07-05 Even though youth crime rates have fallen since the mid 1990s public fear and political rhetoric over the issue have heightened The Columbine shootings and other sensational incidents add to the furor Often overlooked are the underlying problems of child poverty social disadvantage and the pitfalls inherent to adolescent decisionmaking that contribute to youth crime From a policy standpoint adolescent offenders are caught in the crossfire between nurturance of youth and punishment of criminals between rehabilitation and get tough pronouncements In the midst of this emotional debate the National Research Council s Panel on Juvenile Crime steps forward with an authoritative review of the best available data and analysis Juvenile Crime Juvenile Justice presents recommendations for addressing the many aspects of America s youth crime problem This timely release discusses patterns and trends in crimes by children and adolescents trends revealed by arrest data victim reports and other sources youth crime within general crime and race and sex disparities The book explores desistance the probability that delinquency or criminal activities decrease with age and evaluates different approaches to predicting future crime rates Why do young people turn to delinquency Juvenile Crime Juvenile Justice presents what we know and what we urgently need to

find out about contributing factors ranging from prenatal care differences in temperament and family influences to the role of peer relationships the impact of the school policies toward delinquency and the broader influences of the neighborhood and community Equally important this book examines a range of solutions Prevention and intervention efforts directed to individuals peer groups and families as well as day care school and community based initiatives Intervention within the juvenile justice system Role of the police Processing and detention of youth offenders Transferring youths to the adult judicial system Residential placement of juveniles The book includes background on the American juvenile court system useful comparisons with the juvenile justice systems of other nations and other important information for assessing this problem

Preventing and Reducing Juvenile Delinquency James C. Howell, 2003-02-24 This book aims to inform students about the latest research and the most promising and effective programs and for understanding preventing and controlling juvenile delinquency The book is geared to preparing students for a career in juvenile justice or related social service systems and becoming research or program development specialists The history of current juvenile justice system policies and practices are examined including the juvenile violence epidemic Key myths about juvenile violence and the ability of the juvenile justice system to handle modern day juvenile delinquents are critically examined Developmental theories of juvenile delinquency are applied to understanding how juvenile offender careers evolve Effective prevention and rehabilitation programs and what does not work are reviewed A comprehensive framework for building a continuum of effective programs is presented in Part III

Delinquency in Society: The Essentials Robert M. Regoli, John D. Hewitt, Matt DeLisi, 2010-02-17 *Crime Prevention* Steven Lab, Steven P. Lab, 2019-07-24 Crime Prevention Approaches Practices and Evaluations Tenth Edition meets the needs of students and instructors for engaging evidence based impartial coverage of interventions that can reduce or prevent deviance This edition examines the entire gamut of prevention from physical design to developmental prevention to identifying high risk individuals to situational initiatives to partnerships and beyond Strategies include primary prevention measures designed to prevent conditions that foster deviance secondary prevention measures directed toward persons or conditions with a high potential for deviance and tertiary prevention measures to deal with persons who have already committed crimes In this book Lab offers a thorough and well rounded discussion of the many sides of the crime prevention debate in clear and accessible language including the latest research concerning space syntax physical environment and crime neighborhood crime prevention programs community policing crime in schools and electronic monitoring and home confinement This book is essential for undergraduates studying criminal justice criminology and sociology in the US and globally Online resources include an instructor s manual test bank and lecture slides for faculty and a wide array of resources for students

Delinquency in Society Robert Regoli, John Hewitt, Matt DeLisi, 2011-04-20 Delinquency in Society The Essentials is a concise introduction to the important topics covered by the same authors in the popular Delinquency in Society Eighth Edition This practical text explores how juvenile delinquency is defined measured and explained as well as

how the juvenile justice system deals with delinquent youth The new Essentials text provides separate chapters focusing on the police juvenile courts corrections and delinquency prevention **Delinquency in Society** Robert M. Regoli, John D. Hewitt, Matt DeLisi, 2021-02-19 Delinquency in Society Eleventh Edition provides in depth research oriented coverage of the essential delinquency topics and theories including juvenile delinquency criminal behavior and status offending youths With high quality photos images and learning features throughout the updated Eleventh Edition continues to showcase the most current research and practice to prevent treat and respond to juvenile delinquency in an approachable design and clear writing style The Eleventh Edition features unparalleled historical coverage of criminological theory based on over 100 years of cumulative teaching and research experience by the authors New sections on hot topics including health criminology vaping and its association with delinquency adverse childhood experiences the expansion of NIBRS in measuring delinquency and more timely discussions help to make the best selling Delinquency in Society the clear choice for delinquency courses

Juvenile Delinquency Kirk Heilbrun, Naomi E. Sevin Goldstein, Richard E. Redding, 2005-03-17 Juvenile offending and anti social behavior are enormous societal concerns This broad reaching volume summarizes the current evidence on prevention diversion causes and rates of delinquency as well as assessment of risk and intervention needs A distinguished cast of contributors from law psychology and psychiatry describe what we know about interventions in school community and residential contexts focusing particularly on interventions that are risk reducing and cost effective Equally important each chapter comments on what is not well supported through research distinguishing aspects of current practice that are likely to be effective from those that are not and mapping new directions for research policy and practice Finally the volume provides a description of a model curriculum for training legal and mental health professionals on conducting relevant assessments of adolescents for the courts Effectively bridging research and practice this will be an important resource for legal and mental health professionals involved in the juvenile justice system policy makers seeking humane but effective interventions in the context of society s need for safety and those involved in teaching about and training in juvenile delinquency [Handbook of Adolescent Behavioral Problems](#) Thomas P. Gullotta, Gerald R. Adams, 2007-08-26 As we enter the new millennium promoting sound mental health and positive behavior of adolescents has undeniably taken on greater significance than ever before To that end more and more research is confirming what many have suspected for years environment and community surroundings have a major affect on an adolescent s well being and overall mental health And because no single causal agent triggers teenage pathology and no one size fits all treatment is available the Handbook of Adolescent Behavior Problems offers a comprehensive and integrative biopsychosocial approach to effective practice This volume examines not only the psychological and genetic factors underlying dysfunction it also explores the critical roles that family members peers and the larger community play in an adolescent s life It offers current interdisciplinary perspectives on adolescent development both functional and pathological and provides coverage that is clear accessible and practical on such

topics as Major disorders including depression anxiety schizophrenia ADHD PTSD developmental delays and conduct disorders Behavior problems such as substance abuse sexual offenses teen pregnancy school failure gambling and gang violence Best practices reviewing what works i e interventions that have been rigorously validated what might work i e those in need of further study and what doesn t work Residential interventions as well as community treatment Risk and resiliency factors Ongoing and emerging pharmaceutical issues Each chapter focuses on a specific behavior or disorder and is formatted to help readers quickly locate needed information The Handbook of Adolescent Behavior Problems provides a solid foundation for understanding the adolescent experience and the influence of the family and community as well as much needed information on the development of evidence based practices It is designed to be a one stop reference for anyone working with adolescents developmental psychologists clinical and school psychologists and education specialists as well as for graduate students in these areas *Juvenile Justice and Delinquency* Barry A. Krisberg, 2017-02-14 *Juvenile Justice and Delinquency* brings into focus the causes of delinquency and provides students with a broad up to date review of the latest research statistical data theories and court decisions in the U S juvenile justice system Author Barry Krisberg writes from a research based approach which offers students pragmatic solutions to problems within the system focusing on the reformative power of redemptive justice Students will take away a foundational understanding of the current policies and issues shaping the juvenile justice system and practical strategies for helping juveniles improve and move their lives in a more positive direction **Juvenile Justice** Richard Lawrence, Craig Hemmens, 2008-03-13 *Juvenile Justice* combines a text with carefully selected accompanying readings The readings will have a policy orientation giving them a real world applied character The book contains extensive coverage of the juvenile justice system focusing on law enforcement court and correctional responses to juvenile offending with an overview of the causes of delinquency This unique approach of combining a text and a reader will provide students with an understanding of the juvenile justice system and an introduction to some of the best original research articles by experts in the field **Combating Violence and Delinquency** ,1996

Combating Violence and Delinquency Coordinating Council on Juvenile Justice and Delinquency Prevention (U.S.), DIANE Publishing Company, 1996 An 8 point statement of objectives strategies designed to strengthen State local initiatives to reduce juvenile violence to increase the capacity of the juvenile justice system to respond to prevent delinquency Presents innovative effective strategies designed to reduce violence victimization describes how communities can generate solutions how individuals groups can prevent or reduce violence in their neighborhoods Provides important information about Federal training technical assistance grants research evaluation other resources that support these efforts Extensive bibliography
