Sermons Seldom Heard Women Proclaim Their Lives:

Sermons Seldom Heard Annie Lally Milhaven, 1991 **I Found God in Me** Mitzi J. Smith, 2015-02-05 *I Found God in Me* is the first womanist biblical hermeneutics reader. In it, readers have access in one volume to articles on womanist interpretative theories and theology as well as cutting edge womanist readings of biblical texts by womanist biblical scholars. This book is an excellent resource for women of color pastors and seminarians interested in relevant readings of the biblical text as well as scholars and teachers teaching courses in womanist biblical hermeneutics, feminist interpretation, African American hermeneutics, and biblical courses that value diversity and dialogue as crucial to excellent pedagogy.

Contemporary African American preaching P3040, L. Susan Bond reveals the full range and diversity of African American preaching in this exploration of African American homiletical theories. Portraying the many approaches that are empowering preaching in African American churches today, Bond shows how different theological perspectives produce different methods of sermon preparation and delivery, different strategies for selecting illustrative material, and even different ways of beginning and ending sermons. Her goal is not to lift up the right way to preach in the African American tradition but to show the richness and nuance contained within this powerful cultural expression. **Women Resisting Violence** Mary John Mananzan, Mercy A. Oduyoye, Elsa Tamez, J. Shannon Clarkson, Mary C. Grey, 2004-10-28 This collection of original essays comprises an international who's who of women theologians writing on a topic that impacts the lives of women everywhere. In December 1994, forty-five outstanding feminist theologians from around the world met in Costa Rica to discuss the impact of violence against women. For a full week, these theologians dialogued on the many forms of violence: economic, military, cultural, ecological, domestic, and physical violence. From this multivoice dialogue, *Women Resisting Violence* offers a truly global, truly cutting edge resource on the implications of violence against women. A History of Preaching Volume 1 O.C. Edwards, Jr., 2010-09-01 *A History of Preaching* brings together narrative history and primary sources to provide the most comprehensive guide available to the story of the church's ministry of proclamation. Bringing together an impressive array of familiar and lesser-known figures, Edwards paints a detailed, compelling picture of what it has meant to preach the gospel. Pastors, scholars, and students of homiletics will find here many opportunities to enrich their understanding and practice of preaching. Volume 1, appearing in the print edition, contains Edwards's magisterial retelling of the story of Christian preaching's development from its Hellenistic and Jewish roots in the New Testament through the late twentieth century's discontent with outdated forms and emphasis on new modes of preaching such as narrative. Along the way, the author introduces us to the complexities and contributions of preachers both with whom we are already acquainted and to whom we will be introduced here for the first time: Origen, Chrysostom, Augustine, Bernard, Aquinas, Luther, Calvin, Wesley, Edwards, Rauschenbusch, Barth. All of their distinctive contributions receive careful attention. Yet lesser-known figures and developments also appear from the ninth-century reform of preaching championed by Hrabanus Maurus to the reference

Making a Scene in the Pulpit Alyce M. McKenzie, 2018-10-23 How can preachers ensure that their sermons continue to engage listeners in a world defined by visual media and the short segmented delivery of information Alyce McKenzie harnesses the element of drama and the human fascination with scenes to offer ministers a modern means of sermon development and delivery McKenzie's core strategy is to invite listeners into scenes whether from Scripture or contemporary life and once they are there to point them toward the larger story of God's relationship with humankind Creating such scenes unifies the whole process of preaching she says from the preacher's daily life observations to interpretation of scenes from Scripture to sermon shaping sequencing and delivery The process culminates in a specific understanding of the purpose of the sermon to send listeners out into the scenes they'll play in their lives for the next week equipped to act out their parts in ways that are kinder more just and more courageous than last week **We Were the Least of These** Elaine A.

Meeting God on the Cross Arnfríður Guðmundsdóttir, 2010 The cross of Christ has proven to be no less of a stumbling block for Christians living in the end of the twentieth century and the beginning of the twenty first than it was in the first century when the newly established community of friends and followers of Jesus Christ sought to define the foundation of their faith over against the critiques of their Jewish and Greek contemporaries This book presents a theological reception of the contemporary feminist challenge to classical christology by means of an explicit feminist retrieval and reconstruction of a theology of the cross Gudmundsdottir argues that a feminist theology of the cross serves a dual purpose in feminist christology it discloses the patriarchal distortion of traditional christology and can also reveal lost dimensions in the understanding of the person and work of Jesus Christ Although Gudmundsdottir argues that feminist critique is an indispensable element of contemporary christology she also claims that there is a redemptive message in the cross of Christ that is retrievable for women today Despite its potential for abuse and indeed its well documented history of misuse against women in the past a theology of the cross proclaims Jesus as a divine co sufferer who brings good news to the poor and oppressed and as such can be a source of healing and empowerment for suffering women The constructive task of this book is to show that a theology of the cross can indeed become a theology of hope today offering women meaning and strength from a God who takes human form and enters

redemptively into their situations of suffering Katie's Canon Katie Geneva Cannon, 2021-11-23 Katie's Canon is a selection of essays written for a variety of occasions throughout Cannon's celebrated career. This new edition contains three additional essays and a new foreword by Emilee Townes. The volume weaves together the particularities of Cannon's own history and the oral tradition of African American women, African American women's literary traditions, and sociocultural and ethical analysis. The result is a classic. Cannon addresses racism and economics, analyses of Zora Neale Hurston as a resource for a constructive ethic, the importance of race and gender in the development of a Black liberation ethic, womanist preaching in the Black church, and slave ideology and biblical interpretation *Sharing Her Word* Elisabeth Schüssler Fiorenza, 2001-01-01 How can recent advances in biblical studies empower feminist struggles and inspire all Christians to articulate a vision that promotes human dignity, justice, inclusivity, and well-being for all? In this book, Elisabeth Schüssler Fiorenza develops her insights into the study of the Bible. She reclaims the work of nineteenth and early twentieth-century feminist biblical interpreters. And she analyses several intriguing biblical passages to show how the Bible can contribute to the spiritual struggle for a more just world. Praise for *Sharing Her Word*: A fresh yet seasoned stock-taking of feminist Biblical hermeneutics by one of the leading figures in this field. Old Testament Essays 2000 Physician of Souls Jeanne Stevenson-Moessner, 2024-06-11 While our current culture places a divide between religion and medicine, in some cultures the healer and the religious leader were the same. The phrase "physician of souls" is a connective term that links those who primarily tend the physical bodies of the suffering to those who primarily tend the emotions or the psyche or the soul. Through teamwork between various types of caregivers, the interconnection of body, mind, soul becomes more apparent. Jeanne Stevenson Moessner aims to retrieve, expand, and apply the term for religious leaders and theologians in their response to pain, illness, moral injury, soul wounding, and crisis. Stevenson Moessner develops a credo based on John Chrysostom's approach to healing, emphasizing the interconnection of body, mind, soul, culture, resistance to exploitation and degradation, and the importance of community in the healing process. The author advocates for a more prominent role for religious professionals such as chaplains in the healing process, emphasizing their unique ability to represent the faith tradition of the patient and in the Christian tradition act as an emissary of Christ, the Healer. Finally, the book discusses healing using every means of cure, including both medical and religious rituals as well as alternative and holistic approaches. The book seeks to revive the concept of "physician of souls" and apply it in modern times to promote healing and well-being on an individual, communal, and societal level. *Physician of Souls* also includes color pictures to demonstrate aspects of the case studies and concepts enhancing learning for students, chaplains, and pastoral theologians. By emphasizing the importance of a holistic approach to healing, *Physician of Souls* aims to bridge the gap between the medical and religious professions and promote a more integrated approach to healthcare **Bearing Fruit in Due Season** Elizabeth J. Smith, 1999 *Bearing Fruit in Due Season* calls upon biblical scholars to pay attention to what happens when academic biblical studies meet the

worshipping Church It also provides the keys to a treasury of feminist biblical interpretation to enrich both the makers of liturgy and all the people who worship

Spousal Violence Among World Christians Elizabeth Koepping,2020-10-01 This book takes a global approach to violence between husbands and wives in faith contexts Focusing primarily on Christians the book uses anthropological theological and historical methods which intersect with and are challenged by lay and ordained women and men from sixteen countries Focusing on marital violence the book explores ways to understand how various churches their priests preachers theologians and members approach the topic interpret the texts and with often thoughtless complicity hide from the sin Drawing on over a decade researching marital violence in Christian contexts across five continents Elizabeth Koepping an anthropologist and priest presents testimonies from abused women as well as theological and cultural justifications for spousal abuse employed by perpetrators and bystanders She argues that if violence against the female spouse is understood as proper behaviour by many men towards unruly wives Christians may set aside the core text Men and women are made in the Image of God enabling and silently colluding in abuse The book shows that spousal abuse is an ecumenical phenomenon present all over the inhabited world and therefore in all Christian churches and indeed other faith traditions

Words Made Flesh Elaine Graham,2013-01-25 Words Made Flesh draws together a number of Elaine Graham's shorter writings and essays and thereby maps out the work of a pioneer theological thinker and the development of pastoral and practical theology in the last twenty years Elaine Graham considers the theological significance of topics as diverse as nativity plays science fiction gender consumerism cyberspace and urban regeneration They all share a concern with the way the sources and norms of the Christian tradition can enter into a creative and critical conversation with contemporary experience in order to generate the practical wisdom by which the life of the Church can be directed They reflect Elaine Graham's fundamental conviction that theology as talk about God in the world is always practical and public and that it begins and ends in the complexities of the human condition where words become flesh
