Lewis,Gregg Lewis,1983 This book gives workable ideas that will help preachers capture and maintain the interest of their listeners without sacrificing the spiritual content of their message Re-imagining Preaching and Leading Worship Robert Little,2024-03-15 If you ve ever wondered how you could be more effective at engaging audiences conveying what you have to say and thereby motivating them to change their attitudes and behaviour you re not alone Robert Little has often wondered the same thing but about himself not you He s spent many years speaking in the world of business advising other people on how to speak listening to and watching others speak in a variety of contexts as well as being a preacher He s also been a singer performing as a soloist in concerts and operas around the UK Cajoled into writing this book outlining many of the tips and techniques you ll need to be an effective public speaker Robert has captured relevant thoughts and observations from many people These include practical pragmatic preachers assiduous academics along with popular presenters and personable performers from the worlds of business the arts and even sport He s contributed several of his own tried and tested techniques too Robert believes Christian communicators tend to miss out on some of this book s tips and techniques which have been garnered from today s business world These tips and techniques focus on how to engage and keep an audience s attention and motivate that audience to put into practice what they hear and see So this book is worth at least a cursory glance from those who want their preaching ministry or any other type of public speaking to be effective as well as perhaps to be memorable popular and successful If you re a Baptist part of the Baptist church leadership or just want to improve your biblical preaching and public speaking this book can help you to prepare for worship leading Discover the responsibilities of a worship leader references to leading worship Scripture and much more *Transformational Preaching* David M. Brown,2003-02 Transformational Preaching Theory and practice is a comprehensive textbook for the beginning student of preaching the graduate student in pulpit discourse or the seasoned preacher Seeking to reclaim the pulpit for biblical preaching the book counteracts the

popular teaching approach that is common today and argues that preaching must be persuasive rather than informative that the preacher is central to the act of preaching and that through the preaching event both preacher and listener together fashion the message and its meaning Both theoretical and highly practical the book offers a challenging look at all aspects of the preaching ministry It contextualizes preaching in pastoral ministry and congregational worship but most significantly argues that the practice of preaching must be informed and driven by theory As such the book draws from a wide perspective of disciplines including biblical theology classical rhetoric contemporary human communication public discourse persuasion linguistics performance and orality The book s wealth of practical guidelines for every step of sermon development encourages students to apply general principles within their own contexts of ministry

Carrell,2013-04-11 Listeners do love their pastors and they agree with the sermon content they hear Lori Carrell once explained to a group of pastors but most sermons don t ask for change and most listeners don t experience spiritual growth as a result of the sermon A participant responded Let s get practical I want my preaching to make a difference What changes are worth making and how do I make them In Preaching that Matters Lori Carrell shares answers to that question drawing on the experiences of thousands of people preachers and their listeners whose effort she has studied over many years In each chapter of this book she offers research revelations about high impact preaching that will encourage and challenge readers to continue to grow as preachers She then links these principles with Reflective Practice Challenges RPCs exercises that honor the rich experiences of pastors while opening opportunities for self analysis spiritual introspection conversation with a trusted other or implementation of research based preaching recommendations The activities have been used by hundreds of other pastors and each RPC has been carefully selected for its demonstrated contribution to the process of transforming sermon communication A selection of the RPCs are available as a downloadable file E mail resource material_rowman.com for more information As a communication expert Carrell approaches preaching from a sermon communication paradigm She begins with the task of identifying the spiritually transformative purpose of the sermon and then explores exegeting organizing deepening and delivering the sermon as well as listening to the listeners and planning for continued transformation Her own goal is simple to inspire and equip clergy to make changes that will enhance the transformative

power of their preaching To connect with others reading Preaching That Matters and to find an online accountability partner join the book's Google communities For Preachers and Other Human Beings B. E. White, Jr., 2016-12-27 The columns in this book are reprinted from the Biblical Recorder the North Carolina Baptist state paper Editor R G Puckett saw a reason for them to be published because of the urgent need to strengthen pastors and churches in their relationship to each other He wrote that the articles are projected more for the laypersons than for the minister I think that they will be helpful in understanding the role relationship and rigors of the minister's life Some of them will be informational Others will be almost devotional And some many even be downright funny We all need to remember that ministers are people too
