The Serpent's Tale Sravana Borkataky-Varma, Anya Foxen, 2025-09-30 There is a standard narrative that recurs throughout popular writings on yoga and tantra from South Asian texts to Western esoteric thought Ku alin is the Serpent Power She rests coiled at the base of the spine If awakened this divine feminine energy rises toward the crown of the head Some are apprehensive of Ku alin's intense power fearing physical and psychological turmoil Others seek it out hungry for experiences both spiritual and sensual But what does this story leave out What are its cultural and historical roots What do the many ways of experiencing Ku alin tell us about this elusive phenomenon The Serpent's Tale traces the intricate global histories of Ku alin from its Sanskrit origins to its popularity in the West Sravana Borkataky Varma and Anya Foxen explore its symbolic link with the serpent its fraught connections to sexuality and its commercialization in the form of Ku alin yoga Ranging from esoteric texts to global gurus from the cliffs of California to the charnel grounds of Assam they show that there has never been one single authentic model of Ku alin but a multiplicity of visions Bridging the gaps between textual and historical analysis and the complexities of embodied practice Borkataky Varma and Foxen reflect on the narration and transmission of experiences including their own Lively accessible and nuanced The Serpent's Tale offers rich insights for scholars practitioners and all readers drawn to Ku alin

Mythical Beings Serena Vaughn,AI,2025-05-06 Mythical Beings explores the fascinating intersection of history and science examining how real world observations and cultural needs may have inspired the creation of mythological creatures The book posits that many of these beings aren t pure fantasy but rather stem from misidentified fossils misunderstood animal anatomy and the human need to personify abstract concepts For example the Cyclops myth may originate from misinterpreted elephant skulls while other creatures embody cultural anxieties and early scientific limitations The book delves into ancient texts artwork and archaeological findings from civilizations like Greece Rome and Egypt alongside insights from paleontology and anthropology It investigates how a lack of accurate information often fueled speculative interpretations of the natural world leading to the creation of creatures like the Griffin and Minotaur By examining these potential real world origins the book offers a deeper understanding of the societies that created these myths revealing their beliefs fears and understanding of the world The book progresses by first establishing a theoretical framework based on misidentification and symbolic representation Then it examines specific case studies such as the Cyclops exploring potential origins in fossil discoveries and cultural narratives Finally it broadens the scope to analyze how widespread environmental phenomena and cultural archetypes contributed to similar mythical creatures across different cultures before reflecting on the lasting influence of these creatures on contemporary culture

Miracle and Mission James A. Kelhoffer,2000 The Longer Ending of the Gospel of Mark Mark 16 9 20 was appended to the Gospel of Mark in the first half of the second century James A Kelhoffer explores this passage s distinct witness to the use of gospel traditions and the development of Christian thought Concerning the origin of this passage he argues that a single author made use of the New Testament Gospels in forging a more satisfactory ending to Mark He studies the passage s sometimes innovative literary forms as well Also of interest is the passage s claim that the ascended Lord will help those who believe to perform miraculous signs casting out demons speaking in new languages picking up snakes drinking poison with impunity and healing the sick when they preach the gospel verses 17 18 20 This expectation is

compared with portraits of miracles especially in the context of mission in the New Testament various apocryphal acts and Christian apologists of the second and third centuries In the two final chapters the author interprets the signs of picking up snakes verse 18a and drinking a deadly substance with impunity verse 18b in their history of religions contexts An Epilogue summarizes the findings of this study and explores what can be ascertained about the otherwise unknown Christian author of Mark 16 9 20
