Crop Circles for Beginners Harry Eilenstein, 2021-06-14 Since about 1985 crop circles have become a more well known phenomenon In the meantime about 10 000 crop circles have appeared in more than 50 countries However well over half of them come from southern England in the area of Stonehenge Woodhenge Silbury Hill White Horse and other prehistoric monuments Some of them can be proved to have been made by humans but others just as certainly have not been made by humans this is not the starting situation one would wish for as a researcher In the present book 300 of these crop circles are examined more closely It turns out that they contain approx 100 elements which appear in many crop circles Their geometrical form has an easily recognizable meaning Therefore with the help of these words the crop circles composed of them can be read like sentences The meaning is almost always the same a representation of how individuality unfolds Therefore there are many similarities with astrology or the chakra system for example This analytical approach is complemented by 50 dream journeys into individual crop circles which makes the picture that arises from the analytical observation of the crop circles even more rounded Thereby a first impression can be gained of the language of the collective subconsciousness which words and which grammar it uses It is a music of geometry **Secrets of the Serpent, in Search of the Sacred Past, Special Revised Edition Featuring Two New Appendices** Philip Gardiner, 2008-11 Secrets of the Serpent In Search of the Sacred Past Special Revised Edition Featuring Two New Appendices by Philip Gardiner Across time and across the world an ancient serpent cult once dominated mankind Then a great battle ensued and Christianity stamped its authority on the face of the planet Now after years of research the real religious history of the world can be told In Secrets of the Serpent Philip Gardiner for the first time reveals the world's most mysterious places were once sacred to the Serpent Cult The history and mythology of the so called reptilian agenda and alien visitation in ancient times now has a solid opponent giving answers for the many symbols and myths often confused by those who believe in such things In Secrets of the Serpent the author reveals the real bloodline spoken of by Dan Brown in the Da Vinci Code it was in fact a serpent bloodline Philip Gardiner is the international best selling author of The Shining Ones The Serpent Grail Gnosis The Secret of Solomon's Temple Revealed and Proof Does God Exist He has appeared on hundreds of radio and television programs worldwide speaking on religion and propaganda He has infiltrated various secret societies and been initiated into Orders many people had thought were long forgotten Committed to the constant struggle to uncover the real history of mankind and the unraveling of manipulative propaganda he has come up against many obstacles and yet in his book The Serpent Grail he reveals a truth about the Holy Grail that gained the backing of academia and scholars The truth shall be found in the Secrets of the Serpent *Dragons and Serpents* Stefan Broennle, 2024-02-27 Explains how dragons and serpents are bearers of the elemental and archetypal energies of the Earth Examines myths legends and symbols of dragons and serpents in many cultures including their positive associations in Asia and their often misinterpreted negative meanings in Christianity Reveals

Peet,2012 Dr Peet is well known as a writer on American antiquities He has gathered together from a great variety of sources much interesting and impressive material in regard to the religions of the aboriginal inhabitants of our country It will be a surprise to the average reader as he peruses these interesting pages to see how elaborate was the religious belief and worship of the untutored races that preceded the era of civilization in America There is much material in the book upon which to base theories as to the origin of the aboriginal inhabitants of the continent There is poetic and romantic suggestion in abundance The student of ethnology or of natural history or of theology and even the merely curious reader will find the book one of great interest We can but admire the learning of the author and his diligence in research

Kelhoffer,2000 The Longer Ending of the Gospel of Mark Mark 16 9 20 was appended to the Gospel of Mark in the first half of the second century James A Kelhoffer explores this passage s distinct witness to the use of gospel traditions and the development of Christian thought Concerning the origin of this passage he argues that a single author made use of the New Testament Gospels in forging a more satisfactory ending to Mark He studies the passage s sometimes innovative literary forms as well Also of interest is the passage s claim that the ascended Lord will help those who believe to perform miraculous signs casting out demons speaking in new languages picking up snakes drinking poison with impunity and healing the sick when they preach the gospel verses 17 18 20 This expectation is compared with portraits of miracles especially in the context of mission in the New Testament various apocryphal acts and Christian apologists of the second and third centuries In the two final chapters the author interprets the signs of picking up snakes verse 18a and drinking a deadly substance with impunity verse 18b in their history of religions contexts An Epilogue summarizes the findings of this study and explores what can be ascertained about the otherwise unknown Christian author of Mark 16 9 20 **Secret Societies**
