## Sanctuary of Serpents

### GM Notes (Only visible to GM)

Half a century of years ago by a cult of the Serpent Queen, Shards, the Sanctuary of Serpents was once a place of great sacrifice and enlightenment, seeking it and then, unfortunately for most of the cult, a breeding ground for earth snakes, who thrived on the rolling flesh of the serpents and the cultists.

The serpent shards were kidnapped people from the nearby settlements, searching for the temple and seeking to see that the name Shards was not only a name but a place. The cultists did as they pleased until a group of snakes from the village of the Serpent Temple, led by a powerful priest, called the sanctuary, kidnapping it and making the cult more and for all in the world.

Over the next Serpent years, the story was forgotten, as most stories are, and the sanctuary was once still there, as the temple was its name. The cultists, however, had not been killed but had survived the massacre and been kept in a cult of snakes. Cultists still live there, through the power of Shards, and it is now being used for its purpose to come back to power.

*Göbekli Tepe and the Forgotten Genesis of Civilization* LEARN ALCHEMICAL, 2025-09-11 Buried beneath a quiet hill in southeastern Anatolia lay the secret that would rewrite human history For millennia shepherds grazed their flocks across Göbekli Tepe Potbelly Hill unaware that beneath the soil slept the world's oldest temple When archaeologists uncovered its towering T-shaped pillars in the 1990s carved with foxes vultures and serpents they revealed a monument that should not exist a 12 000 year old sanctuary built long before farming cities or kings Göbekli Tepe shatters the story we thought we knew Here belief came before bread Monumental stone circles rose centuries before villages suggesting that ritual and imagination not mere survival drove humanity's first steps toward civilization Even stranger after building these sanctuaries the ancient people who raised them buried them deliberately sealing their mysteries in silence for ten thousand years This book is both journey and revelation It takes you from the windswept limestone ridges of Anatolia to the cosmic imagination of our earliest ancestors Along the way you'll encounter the haunting symbols carved in stone the feasts that bound clans together and the profound question that Göbekli Tepe still poses why did humanity choose to carve eternity from rock before it ever planted its first seeds With lyrical storytelling and gripping detail this work invites you into the oldest mystery of all the forgotten genesis of civilization Göbekli Tepe is not simply archaeology It is a question carved into stone waiting for us to listen
