Sheeha, 2020-05-14 *Household Servants in Early Modern Domestic Tragedy* considerably advances existing scholarship on the institution of service in early modern culture and as represented on the early modern stage With its focus on the homes of the middling sorts to whom the protagonists of domestic tragedy belong the book expands our understanding of employer servant relationships beyond elite and aristocratic circles the focus of previous studies Drawing on early modern advice literature household guides domestic manuals sermons treatises proverbs mothers legacies funeral sermons diaries letters and jest books as well as making use of the recent findings by social and cultural historians of early modern England the book

examines the consequences of disordered domesticity for the master servant relationship This study nuances the picture of domestic servants constructed by both early modern moralists and modern scholarship arguing against overarching reductive narratives The book argues that the experience of household service as depicted in domestic tragedy like in real life was complex and varied and that there was no typical experience of service

William Shakespeare Harold Bloom, Sterling Professor of Humanities Harold Bloom,2009 Presents a collection of critical essays on the comedic works of William Shakespeare

A Place in the Story Linda Anderson,2005 This book

explores the virtues Shakespeare made of the cultural necessities of servants and service Although all of Shakespeare's plays feature servants as characters and many of these characters play prominent roles surprisingly little attention has been paid to them or to the concept of service *A Place in the Story* is the first book length overview of the uses Shakespeare makes of servant characters and the early modern concept of service Service was not only a fact of life in Shakespeare's era but also a complex ideology The book discusses service both as an ideal and an insult examines how servants function in the plays and explores the language of service Other topics include loyalty advice messengers conflict disobedience and violence Servants were an intrinsic part of early modern life and Shakespeare found servant characters and the concept of service useful in many different ways Linda Anderson teaches at Virginia Polytechnic University

The Aesthetics of Service in Early Modern England Elizabeth Rivlin, 2012 In *The Aesthetics of Service in Early Modern England* Elizabeth Rivlin explores the ways in which servant master relationships reshaped literature The early modern servant is enjoined to obey his or her master out of dutiful love but the servant's duty actually amounts to standing in for the master a move that opens the possibility of becoming master Rivlin shows that service is fundamentally a representational practice in which the servant who acts for a master merges with the servant who acts as a master Rivlin argues that in the early modern period servants found new positions as subjects and authors found new forms of literature Representations of servants and masters became a site of contact between pressing material concerns and evolving aesthetic ones Offering readings of dramas by Shakespeare Jonson and Thomas Dekker and prose fictions by Thomas Deloney and Thomas Nashe Rivlin suggests that these authors discovered their own exciting and unstable projects in the servants they created

within Shakespeare Studies presentist scholarship is presented alongside more historically focused studies for example and phenomenological studies of material culture are included along with close readings of texts What the contributors have in common is a refusal to read the work of Shakespeare and his contemporaries either psychologically or materially instead these essays address a willingness to study early modern phenomena like the Elizabethan stage as manifesting an early modern belief in the embodiment of cognition
