

ALEXANDRA TRAINING HOME. FOR DOMESTIC SERVANTS.

IN

It was pointed out at a recent meeting of the Union that there were plenty of girls in Victoria ready to become domestic servants under certain conditions. Of course the aspiring servants will be allowed to choose their own conditions, but their prospective mistresses think one essential condition is their complete conversion. The conversion is to be brought about by passing them through a training institution.

OUT

ON WEDNESDAY.

MISTRESS.—Oh, there you are, Mary Ann. I want you particularly. You know it is my day at home.

MAID.—I'm very sorry, but you'll have to change it, ma'am. Wednesday is my day at home.

"I don't want to prevent the girls sticking out for suitable conditions," says Mary Ann. "That's all right; washing is sent out," replies the mistress. "I can't iron." "Ironing is sent out." "I can't scrub." "We have a woman in." "I can't look after children." "Oh—chips in the mackerel," we have two, but we can kill them."

THE LADY OF THE HOUSE.—Have you seen my husband? Ah, there you are, John. I want you to come with me. You can't have him, THE SERVANT.—Well, you can't have him, ma'am. It's the servants' picnic to-day, and I want him to carry this basket.

MISTRESS.—Why, Susan, those are my things you have on?
SUSAN.—Yes, mum. I engaged to be a servant under suitable conditions, and the privilege of wearing your clothes is one of them conditions."

MISTRESS.—"What, not satisfied, Jane? Why, we do all the work."
MAID.—"Yes, ma'am, but you don't do it well enough for me."

Bois,2014-12-03 Early essays from the sociologist displaying the beginnings of his views on politics society and Black Americans status in the United States This volume assembles essential essays some published only posthumously others obscure another only recently translated by W E B Du Bois from 1894 to early 1906 They show the first formulations of some of his most famous ideas namely the veil double consciousness and the problem of the color line Moreover the deep historical sense of the formation of the modern world that informs Du Bois s thought and gave rise to his understanding of the problem of the color line is on display here Indeed the essays constitute an essential companion to Du Bois s 1903 masterpiece The Souls of Black Folk The collection is based on two editorial principles presenting the essays in their entirety and in strict chronological order Copious annotation affords both student and mature scholar an unprecedented grasp of the range and depth of Du Bois s everyday intellectual and scholarly reference These essays commence at the moment of Du Bois s return to the United States from two years of graduate level study in Europe at the University of Berlin At their center is the moment of Du Bois s first full self reflexive formulation of a sense of vocation as a student and scholar in the pursuit of the human sciences in their still nascent disciplinary organization that is the institutionalization of a generalized sociology or general ethnology as they could be brought to bear on the study of the situation of the so called Negro question in the United States in all of its multiply refracting dimensions They close with Du Bois s realization that the commitments orienting his work and intellectual practice demanded that he move beyond the institutional frames for the practice of the human sciences The ideas developed in these early essays remained the fundamental matrix for the ongoing development of Du Bois s thought The essays gathered here will therefore serve as the essential reference for those seeking to understand the most profound registers of this major American thinker A seminal contribution to the history of modern thought Compiled and edited by the world s preeminent scholar of early Du Boisian thought these texts represent his most generative period when Du Bois engaged every discipline helped construct modern social science employed critical inquiry as a weapon of antiracism and political liberation and always set his sites on the entire world We know this not by the essays alone but by Nahum Dimitri Chandler s brilliant original and quite riveting introduction If you are coming to Du Bois for the first time of the 500th time this book is a must read Robin D G Kelley author of Freedom Dreams The Black Radical Imagination **Globalising**

Quah, 2010-04-21 Singapore was ranked first for the competence of its public officials from 1999 to 2002 by The Global Competitiveness Report This book intends to provide a detailed study of public administration Singapore style The Agrarian Problem in the Sixteenth Century Richard Henry Tawney, 1912 **Models of Charitable Care: Catholic Nuns and Children in their Care in Amsterdam, 1852-2002** Annelies van Heijst, 2008-06-30 Models of Charitable Care analyses the practice of Catholic nuns in Amsterdam in the 19th and 20th century Attention is paid to the ambiguous ascetic spiritual discourse that underpinned their work it encouraged charity as solidarity with strangers but caused intense emotional distance too Historiography is mainly manufactured by religious and lay academics who shared the congregational perspective and presented fairly positive evaluations Criticism from within however is voiced by care leavers who grew up in homes ran by religious Some are grateful others bitter The sisters were living models who combined an anti worldly outlook with a practical concern for vulnerable creatures Relating various theoretical interpretations a typology of three models is developed with agency as the differentiating criterion Servants of Culture Ambika Natarajan, 2023-05-12 In nineteenth century Cisleithanian Austria poor working class women underwent mass migrations from the countryside to urban centers for menial or unskilled labor jobs Through legal provisions on women s work in the Habsburg Empire there was an increase in the policing and surveillance of what was previously a gender neutral career turning it into one dominated by thousands of female rural migrants Servants of Culture provides an account of Habsburg servant law since the eighteenth century and uncovers the paternalistic and maternalistic assumptions and anxieties which turned the interest of socio political players in improving poor living and working conditions into practices that created restrictive gender and class hierarchies Through pioneering analysis of the agendas of medical experts police socialists feminists legal reformers and even serial killers this volume puts forth a neglected history of the state of domestic service discourse at the turn of the 19th century and how it shaped and continues to shape the surveillance of women Hypocrisy and the Politics of Politeness Jenny Davidson, 2004-05-06 In Hypocrisy and the Politics of Politeness Jenny Davidson considers the arguments that define hypocrisy as a moral and political virtue in its own right She shows that these were arguments that thrived in the medium of eighteenth century Britain s culture of politeness In the debate about the balance between truthfulness and politeness Davidson argues that eighteenth century writers from Locke to Austen come down firmly on the side of politeness This is the case even when it is associated with dissimulation or hypocrisy These writers argue that the open profession of vice is far more dangerous for society than even the most glaring discrepancies between what people say in public and what they do in private This book explores what happens when controversial arguments in favour of hypocrisy enter the mainstream making

it increasingly hard to tell the difference between hypocrisy and more obviously attractive qualities like modesty self control and tact
