Silent Cries Never Heard:

Silent Cries, Never Heard Masquerader, 2004-04 Everyone has a deep dark secret and mine is revealed in this book Child abuse of any kind is not acceptable in any society and needs to be brought out into the open to prosecute these evildoers so severely that maybe one day this will end Children need to be taught by parents as well as teachers not to be afraid to come forward and tell We reach the age of reason at seven years old so we know right from wrong The problem is intimidation by the adult causing fear in the child so the child will not tell anyone their special secret It is harder than you think to tell anyone for fear of them not believing you for fear of them calling you a little troublemaker for fear of being rejected by family members if you open your mouth Back in the 1950s and 60s people didn't speak of such things happening You cannot talk about it but it stays with you it haunts you until you cannot take it any longer so you must tell someone or do something before you burst In my case it is over and done with as the person who did this horrible thing to me is now dead and gone I am not sorry that he is dead because I know he can no longer hurt any more children and the world is a much better place without him If he did have the opportunity to abuse other children I am not aware of it I figured I was his prime target and I served his purpose and I kept my mouth shut Maybe that is why God chose me to protect other children from being abused by him Whatever the reason the secret is out now so let the truth finally be told in this book If my book helps just one child adult come forth and prosecute the one who inflicted the wound it is worth my time of putting this in writing *Emotions* Renee' Gresock, 2011-06-29 *Love, Violence, and the Cross* Gregory Anderson Love, 2010-08-01 Does God use violence to redeem us What is the relationship between divine love and violence in regard to the saving significance of the cross of Christ In *Love Violence and the Cross* Gregory Love dialogues with two responses to this question while presenting a third alternative in which Jesus's death is simultaneously a crime and an element of God's saving actions Through familiar stories in history literature and film Love presents five constructive models that cumulatively affirm God's saving act in the person and work of Christ while letting go the myth of redemptive violence They affirm redemption but one with a different shape Instead of exacting the absolute punishment God redeems by making good God's promise to humanity to secure human life Love argues that God is nonviolent while retaining the core idea presented in the New Testament witnesses that reconciliation occurs in the work of Christ and that the cross plays a role in that divine work **The Garden of Broken Things** Francesca Momplaisir, 2022-05-10 A novel about one family wading through the aftermath of the earthquake that devastated Haiti in 2010 from the acclaimed author who has been compared to Toni Morrison at the height of her power Harper's Bazaar a haunting and astonishing story of restoration and disaster motherhood and the bonds that carry through generations Genevieve a single mother flies from New York to Port au Prince with her teenage son Miles The trip is meant to be an education for fifteen year old Miles a chance to learn about his family's roots while coming to terms with his father's departure but it's also an excuse for Genevieve to escape the city where her life is dominated by her failed

marriage and the daily pressures of raising Black children in America For Genevieve the journey is also a homecoming of sorts An opportunity to visit the island she remembers from childhood and reconnect with family But when the country is rocked by a massive earthquake decimating the city and putting their lives at risk their visit becomes a nightmare of survival Written before the horrific earthquake that struck Haiti in 2021 *The Garden of Broken Things* delivers readers beyond the headlines and into the shattered world of a distant family coming together forced apart suddenly brought to the brink

Stages of Life David W. Samuelson M.D.,2015-09-21 We live in a relativistic society and many young people do not know what is true and acceptable anymore Most just believe it is okay to do whatever one wishes I think there is absolute truth and it can be found in the Word of God From my own experiences and study of Gods Word I have attempted to explore stages of life from birth to death Your birth was special and ordained by God It was a blessed day but as you read this book you will discover it is not the best day of your life God has designed a family in which you grow and develop through your childhood and teen years He has given you parents to guide and direct you to become responsible adults He has ordained marriage and given us the awesome privilege in assisting Him in his creative power as we bring children into this world In part two of the book I discuss your spiritual heritage spiritual gifts prayer your body your money your human failings and other topics All these topics are from the perspective of the inspired Word of God

Becoming Dr. Peter J. Morry,2013-11-01 Being both evocative and provocative the author using a artfull synthesis of poetry and prose takes the reader on a transformative exploration of the timeless themes of love truth killing sexuality religion and politics that characterize the human condition *Becoming* is a timeless book that is both intimate and broad in scope By challenging your core beliefs on the human condition this book invites transformation The character Bill travels through time gathering insight into the human soul He explores the effect that the darker forces of power and greed which have plagued humanity throughout history have had on mankind both on the individual and societal level Juxtaposed to this are the forces of love truth and enlightenment which are also explored Your journey of discovery with Bill will be both entertaining and revealing as you examine the struggle that exists within everyone of us between these opposing forces By the end of your journey experience the triumph of the human spirit over the powerful forces of conflict chaos and adversity as conclusions are drawn and solutions to the problems identified are proposed

I Never Knew My Mother, I Hope She Loved Me Isaac Ricks,2012-07-12 Poetry collection that details the hurt of a young man who never met his biological mother *Silent Cry* E. J. Bassette,1994 **The Good Works of Ayela Linde** Charlotte Forbes,2006 The linked stories that make up this spare and beautifully written novel follow the life of Ayela the illegitimate daughter of a Mexican dressmaker born in 1933 in the Texas border town of Santa Rosalia Raised by her mother and superstitious grandmother thought to be a witch by the townsfolk Ayela is breathtakingly striking aloof fearful flamboyant and headstrong and her stories are told by those who know her or think they do a girlhood friend her housekeeper the pork butcher members of the altar guild a travel agent her daughter in law and others The stories begin

when Ayela is 17 and move through her marriage to an idealistic Bostonian held captive in town by her beauty and her need and end with her last and most dubious good work at the moment of her death Together they create a portrait composite yet intriguingly incomplete that captures the complexity of who she was for with Ayela as with the rest of us that truth lies partly in the eye of the beholder

The Extraterrestrial Paintcoin 5 Douglas Gilbert,2018-02-25 Some visitors from Outer Space are finding it difficult to engage in commerce especially among their own compatriots living on Earth because they are not comfortable using Earth currencies such as the Dollar or the Euro And their fellow travelers could easily hack into the bitcoin system if they wanted to Therefore they are choosing a rare Earth object as a medium of exchange A small number of these objects are being released and the value will be determined based on the level of speculation as regulated by the League It will be legal tender on the home planet for the settlement of all debts accumulated while visiting Earth In the rare event that Earthlings acquire one of these objects they will be allowed to redeem them on any Extraterrestrial planet belonging to the League at a rate to be determined by the local jurisdiction An Earth artisan has been chosen to create such object It is a combination of primitive Earth graphics and poetry disguised to avoid suspicion when traded
