Adapted Voices Armelle Blin-Rolland, 2017-07-05 *Voyage au bout de la nuit* 1932 by Louis Ferdinand Celine 1894 1961 and *Zazie dans le metro* 1959 by Raymond Queneau 1903 1976 were two revolutionary novels in their transposition of spoken language into written language Since their publication they have been adapted into a broad range of media including illustrated novel bande dessinée film stage performance and recorded reading What happens to their striking literary voices as they are transposed into media that combine text and image sound and image or consist of sound alone In this study Armelle Blin Rolland examines adaptations sparked by these two seminal novels to understand what voice means in each medium and its importance in the process of adaptation

NK3 Michael Tolkin, 2017-02-07 A Hollywood novel of a very different kind by the author of *The Player* A timely and darkly satirical dystopian thriller The San Francisco Chronicle Michael Tolkin is known as a master chronicler of show business culture Now in his new novel the H LYW OD sign presides over a city devastated by a weaponized microbe that's been accidentally spread around the globe deleting human identity In post NK3 Los Angeles a sixty foot fence surrounds the hills where the rich used to live but the mansions have been taken over by those with the only power that matters the power of memory Life for those inside the Fence ruled over by the new aristocracy known as the Verified is a perpetual party Outside the Fence downtown the Verified use an invented mythology to keep control over the mindless and nameless In deliciously dark prose Tolkin winds a noose like plot around a melee of despots prophets and rebels as they struggle for command and survival in a town that still manages to exert a magnetic force even as a ruined husk

Intricate and cleverly constructed The New Yorker Tolkin creates memorable images and searing moments and peppers the text with sly dark humor all while raising provocative social and political issues NK3 is nightmare and satire thriller and warning Crafted by a master storyteller it is a haunting parable about civilization marching forward while forgetting what it leaves behind Los Angeles Review of Books Remind s one of how easily people are turned into commodities how slippery the grip on identity can be how there s always someone ready to set themselves up as the savior of civilization The San Francisco Chronicle
