Lord Peter Views the Body Dorothy L. Sayers, 2024-01-01T17:31:56Z *Lord Peter Views the Body* is the first collection of short stories by Dorothy L. Sayers featuring the aristocratic sleuth Lord Peter Wimsey. The character of Wimsey had become so popular that Sayers started writing short stories about him which were then published in magazines like *Pearson's*. There are twelve stories in this collection about mysteries as varied as the consequences of several peculiar wills to the hazardous breakup of a secret society. This book is part of the Standard Ebooks project which produces free public domain ebooks.

Lord Peter Views the Body Dorothy L. Sayers, 2012-07-31 A dozen whodunits to challenge the ingenious British aristocrat and sleuth from one of the greatest mystery story writers. *Los Angeles Times*. Some aristocrats spend their lives shooting but Lord Peter Wimsey is a hunter of a different kind, a bloodhound with a nose for murder. Before he became Britain's most famous detective, Lord Peter contented himself with solving the crimes he came across by chance. In this volume of short stories, he confronts a stolen stomach, a man with copper fingers, and a deadly adventure at Ali Baba's cave among other conundrums. These mysteries tax not just his intellect but his humor, knowledge of metallurgy, and taste for fine wines. It's not easy being a gentleman sleuth, but Lord Peter is the man for the job. *Lord Peter Views the Body* is the 4th book in the Lord Peter Wimsey Mysteries, but you may enjoy the series by reading the books in any order. This ebook features an illustrated biography of Dorothy L. Sayers, including rare images from the Marion E. Wade Center at Wheaton College. **Lord Peter**

Lord Peter Views the Body Dorothy Leigh Sayers, 2013-01-01 The Egotists Club is one of the most genial places in London It is a place to which you may go when you want to tell that odd dream you had last night or to announce what a good dentist you have discovered You can write letters there if you like and have the temperament of a Jane Austen for there is no silence room and it would be a breach of club manners to appear busy or absorbed when another member addresses you You must not mention golf or fish however and if the Hon Freddy Arbuthnot s motion is carried at the next committee meeting and opinion so far appears very favourable you will not be allowed to mention wireless either As Lord Peter Wimsey said when the matter was mooted the other day in the smoking room those are things you can talk about anywhere Otherwise the club is not specially exclusive Nobody is ineligible per se except strong silent men Nominees are however required to pass

certain tests whose nature is sufficiently indicated by the fact that a certain distinguished explorer came to grief through accepting and smoking a powerful Trichinopoly cigar as an accompaniment to a 63 port On the other hand dear old Sir Roger Bunt the coster millionaire who won the 20 000 ballot offered by the Sunday Shriek and used it to found his immense catering business in the Midlands was highly commended and unanimously elected after declaring frankly that beer and a pipe were all he really cared for in that way As Lord Peter said again Nobody minds coarseness but one must draw the line at cruelty On this particular evening Masterman the cubist poet had brought a guest with him a man named Varden Varden had started life as a professional athlete but a strained heart had obliged him to cut short a brilliant career and turn his handsome face and remarkably beautiful body to account in the service of the cinema screen He had come to London from Los Angeles to stimulate publicity for his great new film Marathon and turned out to be quite a pleasant unspoiled person greatly to the relief of the club since Masterman s guests were apt to be something of a toss up There were only eight men including Varden in the brown room that evening This with its panelled walls shaded lamps and heavy blue curtains was perhaps the cosiest and pleasantest of the small smoking rooms of which the club possessed half a dozen or so The conversation had begun quite casually by Armstrong s relating a curious little incident which he had witnessed that afternoon at the Temple Station and Bayes had gone on to say that that was nothing to the really very odd thing which had happened to him

Reconciling Science and Religion Peter J. Bowler, 2010-11-15 Although much has been written about the vigorous debates over science and religion in the Victorian era little attention has been paid to their continuing importance in early twentieth century Britain Reconciling Science and Religion provides a comprehensive survey of the interplay between British science and religion from the late nineteenth century to World War II Peter J Bowler argues that unlike the United States where a strong fundamentalist opposition to evolutionism developed in the 1920s most famously expressed in the Scopes monkey trial of 1925 in Britain there was a concerted effort to reconcile science and religion Intellectually conservative scientists championed the reconciliation and were supported by liberal theologians in the Free Churches and the Church of England especially the Anglican Modernists Popular writers such as Julian Huxley and George Bernard Shaw sought to create a non Christian religion similar in some respects to the Modernist position Younger scientists and secularists including Rationalists such as H G Wells and the Marxists tended to oppose these efforts as did conservative Christians who saw the liberal position as a betrayal of the true spirit of their religion With the increased social tensions of the 1930s as the churches moved toward a neo orthodoxy unfriendly to natural theology and biologists adopted the Modern Synthesis of genetics and evolutionary theory the proposed reconciliation fell apart Because the tensions between science and religion and efforts at reconciling the two are still very much with us today Bowler s book will be important for everyone interested in these issues
