Angeles in Civil War Days, 1860-1865 John W. Robinson, 2013-05-03 Most accounts of California's role in the Civil War focus on the northern part of the state San Francisco in particular In *Los Angeles in Civil War Days* John W Robinson looks to the southern half and offers an enlightening sketch of Los Angeles and its people politics and economic trends from 1860 to 1865 Drawing on contemporary reports in the *Los Angeles Star* *Southern News* and other sources Robinson shows how the war came to Los Angeles and narrates the struggle between the pro Southern faction and the Unionists Los Angeles in the early 1860s was a developing town lacking many of the refinements of civilization that San Francisco then enjoyed and was much smaller than the bustling metropolis we know today The book focuses on the effects of the war on Los Angeles but Robinson also considers social and economic problems to provide a broader view of the community and its place in the nation The Conscription Act and devalued greenbacks incited public unrest and the cattle killing drought of 1862-64 a smallpox epidemic and recurrent vigilantism challenged Angelenos as well California historians and those interested in the city's historical record will find this book a fascinating addition to the body of California's Civil War history **Death Valley and**

the Amargosa Richard E. Lingenfelter, 1988-01-11 This is the history of Death Valley where that bitter stream the Amargosa dies It embraces the whole basin of the Amargosa from the Panamints to the Spring Mountains from the Palmettos to the Avawatz And it spans a century from the earliest recollections and the oldest records to that day in 1933 when much of the valley was finally set aside as a National Monument This is the story of an illusory land of the people it attracted and of the dreams and delusions they pursued the story of the metals in its mountains and the salts in its sinks of its desiccating heat and its revitalizing springs and of all the riches of its scenery and lore the story of Indians and horse thieves lost argonauts and lost mine hunters prospectors and promoters miners and millionaires stockholders and stock sharps homesteaders and hermits writers and tourists But mostly this is the story of the illusions the illusions of a shortcut to the gold diggings that lured the forty niners of inescapable deadliness that hung in the name they left behind of lost bonanzas that grew out of the few nuggets they found of immeasurable riches spread by hopeful prospectors and calculating con men and of impenetrable mysteries concocted by the likes of Scotty These and many lesser illusions are the heart of its history *Law in the West*

Thrapp,2012-11-28 General George Crook planned and organized the principal Apache campaign in Arizona and General Nelson Miles took credit for its successful conclusion on the 1800s but the men who really won it were rugged frontiersmen such as Al Sieber the renowned Chief of Scouts Crook relied on Sieber to lead Apache scouts against renegade Apaches who were adept at hiding and raiding from within their native terrain In this carefully researched biography Dan L Thrapp gives extensive evidence for Sieber s expertise noting that the expeditions he accompanied were highly successful whereas those from which he was absent met with few triumphs Perhaps the greatest tribute to his abilities was paid by a San Carlos Apache who no matter how miserable life might become because he said Sieber would find him even if he left no tracks **The Los Angeles Star, 1851-1864, the Beginnings of Journalism in Southern California, by William B. A History of the Book in America, Carl F. Kaestle, Janice A. Radway, David D. Hall, 2015-12-01

In a period characterized by expanding markets, national consolidation, and social upheaval, print culture picked up momentum as the nineteenth century turned into the twentieth. Books, magazines, and newspapers were produced more quickly and more cheaply, reaching ever-increasing numbers of readers. Volume 4 of *A History of the Book in America* traces the complex, even contradictory, consequences of these changes in the production, circulation, and use of print. Contributors to this volume explain that although mass production encouraged consolidation and standardization, readers increasingly adapted print to serve their own purposes, allowing for increased diversity in the midst of concentration and integration. Considering the book in larger social and cultural networks, essays address the rise of consumer culture, the extension of literacy and reading through schooling, the expansion of secondary and postsecondary education, and the growth of the textbook industry, the growing influence of the professions and their dependence on print culture, and the history of relevant technology. As the essays here attest, the expansion of print culture between 1880 and 1940 enabled it to become part of Americans' everyday business, social, political, and religious lives.

The Urban West at the End of the Frontier Lawrence H. Larsen, 2021-10-08 Historians have largely ignored the western city although a number of specialized studies have appeared in recent years this volume is the first to assess the importance of the urban frontier in broad fashion Lawrence H Larsen studies the process of urbanization as it occurred in twenty four major frontier towns Cities examined are Kansas City St Joseph Lincoln Omaha Atchison Lawrence Leavenworth Topeka Austin Dallas Galveston Houston San Antonio Denver Leadville Salt Lake City Virginia City Portland Los Angeles Oakland Sacramento San Francisco San Jose and Stockton Larsen bases his analysis of western cities and their problems on social statistics obtained from the 1880 United States Census This census is particularly important because it represents the first time that the federal government regarded the United States as an urban nation The author is the first scholar to do a comprehensive investigation of this important source This volume gives an accurate portrayal of western urban life Here are promoters and urban planners crowding as many lots as possible into tracts in the middle of vast uninhabited valleys Here are streets clogged with filth because of inadequate sanitation systems people crowded together in packed quarters with only fledgling police and fire services Here too is the advance of nineteenth century technology gaslights telephones interurbans Most important this study dispels the misconceptions concerning the process of exploration settlement and growth of the urban west City building in the American West despite popular mythology was not a response to geographic or climatic conditions It was the extension of a process perfected earlier the promotion and building of sites no matter how undesirable into successful localities Uncontrolled capitalism led to disorderly development that reflected the abilities of individual entrepreneurs rather than most other factors The result was the establishment of a society that mirrored and made the same mistakes as those made earlier in the rest of the country *Southern California Quarterly* ,1916

The Oatman Massacre Brian McGinty, 2014-10-22 The Oatman massacre is among the most famous and dramatic captivity stories in the history of the Southwest In this riveting account Brian McGinty explores the background development and aftermath of the tragedy Roys Oatman a dissident Mormon led his family of nine and a few other families from their homes in Illinois on a journey west believing a prophecy that they would find the fertile Land of Bashan at the confluence of the Gila and Colorado Rivers On February 18 1851 a band of southwestern Indians attacked the family on a cliff overlooking the Gila River in present day Arizona All but three members of the family were killed The attackers took thirteen year old Olive and eight year old Mary Ann captive and left their wounded fourteen year old brother Lorenzo for dead Although Mary Ann did not survive

Olive lived to be rescued and reunited with her brother at Fort Yuma. On Olive's return to white society in 1857, Royal B. Stratton published a book that sensationalized the story, and Olive herself went on lecture tours telling of her experiences and thrilling audiences with her Mohave chin tattoos. Ridding the legendary tale of its anti-Indian bias and questioning the historic notion that the Oatman's attackers were Apaches, McGinty explores the extent to which Mary Ann and Olive may have adapted to life among the Mohaves and charts Olive's eight years of touring and talking about her ordeal.
