Nikki Haley's Lessons from the New South Wanda Little Fenimore,2023-05-30 In Nikki Haley s Lessons from the New South Wanda Little Fenimore traces the resurrection of the phrase New South with South Carolina s former governor Nikki Haley Through analyzing speeches Fenimore demonstrates how politicians use historical terms in new ways that obscure their roots but remain oppressive in the twenty first century This book reveals how Nikki Haley manufactured her New South as progressive and forward thinking yet the term functions as a form of inferential racism ultimately reproducing traditional conservatism rooted in white supremacy Scholars of rhetoric communication political science and women s studies will find this book of particular interest **The Comprehensive Public High School** G. Sherington,Craig Campbell,2006-02-04

This book traces the decline of the public comprehensive high school New educational markets emphasized school diversity and parental choice rather than social equity through common schooling and they were criticized for declining standards The book also considers government education policies and their regional manifestations **The New York Times Index** ,1920

Wilson,2019-12 In some ways no American city symbolizes the black struggle for civil rights more than Birmingham Alabama During the 1950s and 1960s Birmingham gained national and international attention as a center of activity and unrest during the civil rights movement Racially motivated bombings of the houses of black families who moved into new neighborhoods or who were politically active during this era were so prevalent that Birmingham earned the nickname Bombingham In this critical analysis of why Birmingham became such a national flashpoint Bobby M Wilson argues that Alabama s path to industrialism differed significantly from that of states in the North and Midwest True to its antebellum roots no other industrial city in the United States depended as much on the exploitation of black labor so early in its urban development as Birmingham A persuasive exploration of the links between Alabama s slaveholding order and the subsequent industrialization of the state America s Johannesburg demonstrates that arguments based on classical economics fail to take into account the ways in which racial issues influenced the rise of industrial capitalism *Oil & Gas Journal* ,1919 **The New South Wales Weekly Notes** ,1899 **City of Extremes** Martin J.
