Critical Multimodal Studies of Popular Discourse Emilia Djonov, Sumin Zhao, 2013-09-23 Studies of multimodality have significantly advanced our understanding of the potential of different semiotic resources verbal visual aural and kinetic to make meaning and allow people to achieve various social purposes such as persuading entertaining and explaining Yet little is known about the role that individual nonverbal resources and their interaction with language and with each other play in concealing and supporting or drawing attention to and subverting social boundaries and inequality political or commercial agendas This volume brings together contributions by prominent and emerging scholars that address this gap through the critical analysis of multimodality in popular culture texts and semiotic practices It connects multimodal analysis to critical discourse analysis demonstrating the value of different approaches to multimodality for building a better understanding of critical issues of central interest to discourse analysis semiotics applied linguistics education cultural and media studies

with Universalism, 2nd Edition Dennis Jensen, 2024-07-16 It's likely the most difficult problem in the Christian faith. It was a major reason that Bertrand Russell, John Stuart Mill, and countless others rejected Christianity. It was an ax that began to chip away at Charles Darwin's early faith. How could he accept that some of his closest relatives and loved ones would be spending an eternity in agonizing torment? Yet the Christian doctrine of an everlasting hell of unmitigated pain turns out to be completely unwarranted biblically. A close examination of the Bible demonstrates this, but it also rejects any form of universalism that trivializes personal obligations to God. The first edition of *Flirting with Universalism* looked at the biblical and philosophical evidence behind the various Christian views of the afterlife of those who reject their God: universalism, eternalism, or traditionalism and annihilationism. The second edition covers additional important arguments. It concludes by taking a position between universalism and traditionalism: God will forever honor the final choices of those who reject God, and yet in the end all things will be reconciled to God. The Bible affirms the goodness, justice, and love of God.
