Lost Prince The Unsolved Mystery Of Kaspar Hauser:

Lost Prince Anselm Ritter von Feuerbach, 1996 Kaspar Hauser turned up in Nuremberg in 1828 when he was sixteen after being kept in a dungeon most of his life Hauser barely able to talk or walk was taken in by Feuerbach Masson looks at who Hauser was and what his case tells us about abused children Lost Prince Paul Johann Anselm Ritter von Feuerbach, Jeffrey Moussaieff Masson, 1996 Kaspar Hauser M. Kitchen, 2001-07-11 On Whit Monday 1828 a strange youth barely able to speak and hardly able to walk appeared in Nuremberg This new case of a wild man excited widespread curiosity and many prominent figures wanted to test their pedagogical and medical theories on such a promising subject Who was he Was he as many claimed the rightful heir to the Grand Duchy of Baden or was he simply an ingenious fraud This book examines the many ramifications of this fascinating case and offers many insights into the social political and intellectual life of Biedermeier Germany Erlangen Gary C. Benzaquén, 2006-04-05 Through detailed readings of a wide variety of accounts debates and representations *Encounters with Wild Children* explores the many different meanings these children were given and the varied responses they elicited Adriana Benzaquén explains why wild children continue to haunt and fascinate Western scientists and shows how the knowledge they have generated in different disciplines including anthropology psychology psychiatry pedagogy linguistics and sociology has contributed to the shaping and reshaping of the modern understanding of the child and affected the social and institutional practices directed at all children in schools welfare mental health and the law *The Murder of Helen Jewett* Patricia Cline Cohen, 1999-06-29 In 1836 the murder of a young prostitute made headlines in New York City and around the country inaugurating a sex and death sensationalism in news reporting that haunts us today Patricia Cline Cohen goes behind these first lurid accounts to reconstruct the story of the mysterious victim Helen Jewett From her beginnings as a servant girl in Maine Helen Jewett refashioned herself using four successive aliases into a highly paid courtesan She invented life stories for herself that helped her build a sympathetic

clientele among New York City's elite and she further captivated her customers through her seductive letters which mixed elements of traditional feminine demureness with sexual boldness. But she was to meet her match and her nemesis in a youth called Richard Robinson. He was one of an unprecedented number of young men who flooded into America's burgeoning cities in the 1830s to satisfy the new business society's seemingly infinite need for clerks. The son of an established Connecticut family, he was intense, arrogant, and given to posturing. He became Helen Jewett's lover in a tempestuous affair and ten months later was arrested for her murder. He stood trial in a five-day courtroom drama that ended with his acquittal amid the cheers of hundreds of fellow clerks and other spectators. With no conviction for murder nor closure of any sort, the case continued to tantalize the public even though Richard Robinson disappeared from view. Through the Erie Canal down the Ohio and the Mississippi and by way of New Orleans, he reached the wilds of Texas and a new life under a new name. Through her meticulous and ingenious research, Patricia Cline Cohen traces his life there and the many twists and turns of the lingering mystery of the murder. Her stunning portrayals of Helen Jewett, Robinson, and their raffish, colorful nineteenth-century world make vivid a frenetic city life and sexual morality whose complexities, contradictions, and concerns resonate with those of our own time.

The Wild Child Jeffrey Moussaieff Masson, 2010-05-11. Kept in a dungeon for his entire childhood, Kaspar Hauser appeared in Nuremberg, Germany, in 1828 at age sixteen, barely able to walk or talk. When he was killed in 1833, his true identity and the motives for his unsolved murder became the subjects of intense speculation. This provocative essay sheds new light on this mystery and delves into fundamental questions about the long-term effects of child abuse.

If You Can't Trust Your Mother, Whom Can You Trust? Leonard Shengold, 2018-05-01. The main theme of this book concerns the continuing psychic centrality of parents for their children. Several chapters examine an author and his works, outlining that author's relationships with parents, good and bad, and making descriptive comments about these based both on information gleaned from the author's life and writings as well as from observations found in autobiographies, biographies, and critical works. Since these studies in part concern stories of child abuse and deprivation, the book predominantly illustrates bad parenting that seems to have contributed to the child's psychopathology. Yet in most cases, there has also been an evocation by the trauma and deprivation of adaptive and even creative reactions; this positive effect, also of course largely attributable to concomitant good parenting, and yet there are some cases where little of this seems to have existed, and yet the children still turn out to be able to make something of themselves. The conditions that make for psychic health in a traumatized childhood are mysterious and can't always be accounted for.
