Festival Architecture Sarah Bonnemaïson,Christine Macy,2007-12-06 With contributions from provocative art and architectural historians this book is a unique exposition of the temporary architecture erected for festivals and the role it has played in developing Western architectural and urban theory Festival Architecture is arranged in historical periods from Antiquity to the modern era and divided between analyses of specific festivals set in relation to contemporary architecture and urban design ideas and theories Illustrated with a wealth of unusual and rarely seen images from the European festival tradition this is a fascinating outline of the history of festival architecture ideal for postgraduate architecture and urban design students

An Environmental History of Britain B.W. Clapp,2014-07-15 The present and future state of the environment gives rise to ever increasing concern but much less is known as yet about the past the damage that has been done since and by the Industrial Revolution how far our predecessors were aware of it the steps they took and the gradual development of a wider concern for the state of the world and our impact on it This timely and pioneering survey designed for general readers as well as students and scholars is a substantial contribution to that understanding

Rebuilding Britain's Blitzed Cities Catherine Flinn,2018-12-27 Many British cities were devastated by bombing during the Second World War and faced stark economic dilemmas concerning reconstruction planning and implementation after 1945 How did

politicians civil servants and local authorities manage to produce the cities we live in today Rebuilding Britain's Blitzed Cities examines the underlying processes and pressures especially financial and bureaucratic which shaped postwar urbanism in Britain Catherine Flinn integrates architectural planning with in depth economic and political analyses of Britain's blitzed cities for the first time She examines early reconstruction arrangements the postwar economic apparatus and the challenges of postwar physical planning across the country while providing insightful case studies from the cities of Hull Exeter and Liverpool By addressing the ideology versus the reality of reconstruction in postwar Britain Rebuilding Britain's Blitzed Cities highlights the importance of economic and political factors for understanding the British postwar built environment
