The Lost Language of Cranes David Leavitt, 1988-06-01 The story of Philip Benjamin a young man haunted by images of his staid middle class parents and frightened by the thought of revealing his homosexual identity to them **Homosexuality on the Small Screen** Sebastian Buckle, 2018-08-30 Television provides a unique account of the development of a homosexual identity across the western world emerging as it did when ideas around sex and sexuality were themselves only just beginning to be publicly discussed From the very earliest surviving drama featuring homosexuality in 1959 *Homosexuality on the Small Screen* explores each decade s programming in turn looking at homosexual themes storylines and characters situating them historically and relating them to the broader events in British history By doing so it examines the interactions between the medium and the reality of gay lives showing how television mirrored the changes taking place in British society For those with a homosexual or emerging homosexual sexual orientation they were seminal in early personal and social development For heterosexual viewers these images were equally important in exploring a sexual other which otherwise remained hidden from them They included positive storylines which helped improve public ideas about

homosexuality but also stereotypical images which propagated negative attitudes in the public consciousness Homosexuality on the Small Screen charts this fascinating journey and television s role in the construction of a gay identity

De-Centering Sexualities Richard Phillips,David Shuttleton,Diane Watt,2000 This book of critical rural geography breaks new ground by drawing attention to sex and sexualities outside the metropolis It explores sexualities and sexual experiences in a variety of rural and marginal spaces with international contributions from a wide range of disciplines These include literary and cultural studies lesbian and gay studies geography history and law Among the topics uncovered are a lesbian in rural England sexual life in rural Wales sexuality in rural South Africa scandal in the American South sex race and politics nature and homosexualit Writing Masculinities Ben Knights,1999-05-17 The great bulk of work on gender in

fiction and literature has reflected feminist concerns and focused on women authors This book attempts to extend the contemporary preoccupation with representations of gender into the terrain of masculinity and male writing Drawing on work in both the social sciences and humanities it explores the narrative representation of masculinity in selected twentieth century fictions ranging from classic texts by Lawrence and Conrad to novels by John Fowles Graham Swift David Leavitt and others **The Columbia Companion to the Twentieth-Century American Short Story** Blanche H. Gelfant,2004-04-21

Esteemed critic Blanche Gelfant s brilliant companion gathers together lucid essays on major writers and themes by some of the best literary critics in the United States Part 1 is comprised of articles on stories that share a particular theme such as Working Class Stories or Gay and Lesbian Stories The heart of the book however lies in Part 2 which contains more than one hundred pieces on individual writers and their work including Fitzgerald Hemingway Richard Ford Raymond Carver Eudora Welty Andre Debus Zora Neal Hurston Anne Beattie Bharati Mukherjee J D Salinger and Jamaica Kincaid as well as engaging pieces on the promising new writers to come on the scene *Why Architects Still Draw* Paolo Belardi,2014-02-14 An

architect s defense of drawing as a way of thinking even in an age of electronic media Why would an architect reach for a pencil when drawing software and AutoCAD are a click away Use a ruler when 3D scanners and GPS devices are close at hand In *Why Architects Still Draw* Paolo Belardi offers an elegant and ardent defense of drawing by hand as a way of thinking Belardi is no Luddite he doesn t urge architects to give up digital devices for watercolors and a measuring tape Rather he makes a case for drawing as the interface between the idea and the work itself A drawing Belardi argues holds within it the entire final design It is the paradox of the acorn a project emerges from a drawing even from a sketch rough and inchoate just as an oak tree emerges from an acorn Citing examples not just from architecture but also from literature chemistry music archaeology and art Belardi shows how drawing is not a passive recording but a moment of invention pregnant with creative possibilities Moving from the sketch to the survey Belardi explores the meaning of measurement in a digital era A survey of a site should go beyond width height and depth it must include two more dimensions history and culture Belardi shows the sterility of techniques that value metric exactitude over cultural appropriateness arguing for an informed drawing

that takes into consideration more than meters or feet stone or steel Even in the age of electronic media Belardi writes drawing can maintain its role as a cornerstone of architecture

Gay Men's Literature in the Twentieth Century Mark Lilly,1993-11 In gay men s writing tenderness lies side by side with rage existential rejection of convention rubs shoulders with sexual hedonism Beginning with Wilde s and Byron s existentialist outlaw the theme of social rebellion and the fight against conformity form a common link among the literary works of the twentieth century But mainstream academic criticism has shown itself for the most part incapable of engaging gay work without distorting or ignoring its most central features
