The Heart of Vocal Harmony Deke Sharon, 2016-07-01 Music Pro Guide Books DVDs Most choirs spend their rehearsal time focusing on notes rhythms and precision They rarely if ever discuss a song s meaning and feeling even though those elements are precisely what draws people to the music in the first place Thousands of books have been written about choral technique teaching people how to sing technically well What sets *The Heart of Vocal Harmony* apart is its focus on honest unified expression and the process of delivering an emotionally compelling performance It delves into an underdeveloped vocal topic the heart of the music and the process involved with expressing it *The Heart of Vocal Harmony* is not just for a cappella groups it is also for vocal harmony groups ensembles and choirs at all levels with or without instruments In addition to the process the book features discussions with some of the biggest luminaries in vocal harmony composers arrangers directors singers and groups including Eric Whitacre Pentatonix the Manhattan Transfer and more *Focus On: 100 Most Popular Billboard Adult Contemporary Number-one Singles* Wikipedia contributors, *Liszt Ferenc: A Complete Thematic Catalogue* Leslie Howard, Minkyu Kim [□□□], Aidan Módica, Michael Short, 2025-02-20 The first catalogues of Liszt s uvre were published during his own lifetime In 1855 the *Thematisches Verzeichniss* appeared in print but this included only a selection of his published works An expanded version was issued in 1877 although it was still missing many published compositions After Liszt s death in 1886 it took a long time for there to be any serious scholarship focused on cataloguing the vast quantity of music by this prolific composer The German composer Peter Raabe compiled the first exhaustive work list in 1931 revised by Felix Raabe in 1968 In England Humphrey Searle s 1954 catalogue for *Grove s Dictionary of Music* introduced S numbers which neatly organised Liszt s works by genre This system of S numbers quickly became the standard for identifying and cross referencing the music of Liszt both in academic circles and by general musicians In 2001 M ria Eckhardt and Rena Charnin Mueller introduced a new system with LW numbers in *The New Grove Dictionary* though its complexities and omissions have limited its use The current *Thematic Catalogue* by Leslie Howard Minkyu Kim Aidan M dica and Michael Short is an attempt to preserve and amplify the work list in a comprehensive and comprehensible way retaining and extending the Searle enumeration The thematic catalogue organises all of Liszt s works including original compositions transcriptions alternative versions and missing or doubtful works It retains Searle numbers for continuity while expanding the list with newly discovered works to ensure a complete and coherent reference provides a connected view of multiple versions transcriptions and revisions with cross references ensuring no version is overlooked or misrepresented includes full thematic incipits for all works making identification of Liszt s pieces easier documents all known manuscripts first editions and revisions along with detailed references to Liszt s correspondence and significant scholarly articles offering essential historical context for research **Catalog of Copyright Entries** Library of Congress.
