Modern British History

Keith Robbins

Modern British History:

Modern British History Jeremy Black, 2000-05-23 Jeremy Black's compelling text provides a thematic account of British history centering on the twentieth century. To the traditional chronological account of historic events Black adds long range thematic chapters reflecting the full range of topics. These include political structures ideologies wars and international relations economic history social history as well as consumerism media and mass communication. The coverage is further enlivened with exhibits providing supplementary background information on key personalities and pivotal events and numerous illustrations.

Mastering Modern British History Norman Lowe, 2017-09-16 The new edition of this best selling text includes a new section on the final years of the Labour government after Blair's resignation and a new chapter on the subsequent Coalition and Conservative governments. It is the ideal companion for students taking a first level course in modern British History as well as for undergraduates in history.

The A-Z Guide to Modern British History Mark Garnett, Richard Weight, 2003 This comprehensive survey of events people and themes explores the interwoven culture society politics and economics of Britain at the start of the 21st century. Two hundred concise essays cover topics as diverse as pornography and the poll tax the Blitz and New Labour.

Structures and Transformations in Modern British History David Feldman, Jon Lawrence, 2011-01-20 This major collection of essays challenges many of our preconceptions about British political and social history from the late eighteenth century to the present. Inspired by the work of Gareth Stedman Jones twelve leading scholars explore both the long term structures social political and intellectual of modern British history and the forces that have transformed those structures at key moments. The result is a series of insightful original essays presenting new research within a broad historical context. Subjects covered include the consequences of rapid demographic change in the eighteenth and nineteenth centuries the forces shaping transnational networks especially those between Britain and its empire and the recurrent problem of how we connect cultural politics to social change. An introductory essay situates Stedman Jones's work within the broader historiographical trends of the past thirty years drawing important conclusions about new directions for scholarship in the twenty first century.

Modern British History L. J. Butler, Anthony Gorst, 1997-12-31 This text provides practical research methods and a survey of the state of historical research on 20th century British history. It covers both methodology from locating and working with primary sources and major themes including political diplomatic and economic history.

Sources and Debates in Modern British History Ellis Wasson, 2012-01-04 Designed to complement the author's *A History of Modern Britain* this collection of primary sources illuminates and augments the study of modern Britain with coverage of political imperial and economic history as well as class and cultural issues. Features a broad range of documents in a well structured and easy to use format including important well known documents and lesser known excerpts from memoirs and private correspondence. Provides up to date balanced coverage of political imperial social economic and cultural history with over 180 documents. Offers a thorough

rendering of social class and national identity including coverage of changes in British society over the last 20 years Includes discussion questions for each document as well as lists of historical debates and extensive bibliographies of both on line and traditional sources for students further research A History of Modern Britain Ellis Wasson,2009-08-17 A History of Modern Britain 1714 to the Present presents a lively introduction to the history of the modern British Isles from the Hanoverian succession to the present day Develops themes of tradition and change the role of the four nations of the British Isles and Britain in a world context Complements the narrative with descriptions of fascinating personalities from Britain s past from the arsonist James Aitken and the female adventurer Jane Digby to the celebrity footballer George Best Includes features to help orientate the reader illustrations maps royal family genealogies chronology and glossary online supplements include preliminary chapter from 1688 An accompanying website containing additional support and materials for lecturers and students is available at www.wiley.com/go/wasson **Sources and Debates in Modern British History** Ellis

Wasson,2011-11-17 Designed to complement the author s A History of Modern Britain this collection of primary sources illuminates and augments the study of modern Britain with coverage of political imperial and economic history as well as class and cultural issues Features a broad range of documents in a well structured and easy to use format including important well known documents and lesser known excerpts from memoirs and private correspondence Provides up to date balanced coverage of political imperial social economic and cultural history with over 180 documents Offers a thorough rendering of social class and national identity including coverage of changes in British society over the last 20 years Includes discussion questions for each document as well as lists of historical debates and extensive bibliographies of both on line and traditional sources for students further research **Modern Britain, 1750 to the Present** James Vernon,2017-04-20 This wide ranging introduction to the history of modern Britain extends from the eighteenth century to the present day James Vernon s distinctive history is weaved around an account of the rise fall and reinvention of liberal ideas of how markets governments and empires should work The history takes seriously the different experiences within the British Isles and the British Empire and offers a global history of Britain Instead of tracing how Britons made the modern world Vernon shows how the world shaped the course of Britain s modern history Richly illustrated with figures and maps the book features textboxes on particular people places and sources further reading guides highlighted key terms and a glossary A supplementary online package includes additional primary sources discussion questions and further reading suggestions including useful links This textbook is an essential resource for introductory courses on the history of modern Britain

Core and Periphery in Modern British History Keith Robbins,1984 **Modern British History** ,19??

Structures and Transformations in Modern British History David Feldman,Jon Lawrence,2011-01-20 This major collection of essays challenges many of our preconceptions about British political and social history from the late eighteenth century to the present Inspired by the work of Gareth Stedman Jones twelve leading scholars explore both the long term

structures social political and intellectual of modern British history and the forces that have transformed those structures at key moments The result is a series of insightful original essays presenting new research within a broad historical context Subjects covered include the consequences of rapid demographic change in the eighteenth and nineteenth centuries the forces shaping transnational networks especially those between Britain and its empire and the recurrent problem of how we connect cultural politics to social change An introductory essay situates Stedman Jones s work within the broader historiographical trends of the past thirty years drawing important conclusions about new directions for scholarship in the twenty first century

The Modern British State Philip Harling, 2001-08-22 This book is an unprecedented synthesis of the literature on state development that explains how and why the contours of the British state have changed over the last three centuries Ranging in scope from the Glorious Revolution to New Labour it provides a fluent and comprehensive introduction to the changing shape and role of the British state Philip Harling s main theme is the dramatic broadening of the state s functions and its cost over the last three centuries and most noticeably over the last one As late as 1870 most Britons assumed that the only tasks that should be entrusted to the central government were issues such as the defence of the realm the maintenance of public order and the provision of basic amenities such as street lighting Today they assume that these tasks ought to extend and of course they do extend to the provision of education retirement benefits unemployment insurance health care and a host of other services Harling takes a number of historical factors into account in his assessment of the broadening trajectory of the state such as the enormous expansion of the state s traditional war making role over the eighteenth century the uneven development of new regulatory duties in the nineteenth century the impact of the two global wars of the twentieth century the growth of the postwar welfare state and the political reaction against it Engagingly written and persuasively argued *The Modern British State* should serve as a core text for a wide variety of courses in modern British history politics public policy and historical sociology

The Oxford Handbook of Modern British Political History, 1800-2000 David Brown, Robert Crowcroft, Gordon Pentland, 2018-03-29 The two centuries after 1800 witnessed a series of sweeping changes in the way in which Britain was governed the duties of the state and its role in the wider world Powerful processes from the development of democracy the changing nature of the social contract war and economic dislocation have challenged and at times threatened to overwhelm both governors and governed Such shifts have also presented challenges to the historians who have researched and written about Britain s past politics This Handbook shows the ways in which political historians have responded to these challenges providing a snapshot of a field which has long been at the forefront of conceptual and methodological innovation within historical studies It comprises thirty three thematic essays by leading and emerging scholars in the field Collectively these essays assess and rethink the nature of modern British political history itself and suggest avenues and questions for future research *The Oxford Handbook of Modern British Political History* thus provides a unique resource for those who wish to understand Britain s political past and a thought provoking long view for

those interested in current political challenges Memory and Modern British Politics Matthew Roberts,2023-12-14 This edited collection explores absence presence and remembrance in British political culture and memory studies Comprehensive in its scope it covers the entire modern period bringing together the 19th and 20th centuries as well as Britain Ireland and the Atlantic World As the first comparative and in depth study to explore the central and contested place of memory and the invention of tradition in modern British politics chapters include memorialisation statue mania anniversaries and on the wider impact and invoking of dead generations In doing so this book provides a new exciting and accessible way of engaging with the history of British political culture Four Nations Approaches to Modern 'British' History Naomi Lloyd-Jones,Margaret Scull,2017-10-26 This collection brings together leading and emerging scholars to evaluate the viability of four nations approaches to the history of the United Kingdom from the eighteenth to the twentieth century It recognises the separate histories of England Ireland Scotland and Wales and explores the extent to which they share a common British history They are entwined with the points at which they interweave and detach dependent upon the nature of our inquiry where we locate our core and our periphery and the cause and effect of our subject The collection demonstrates that four nations frameworks are relevant to a variety of topics and tests the limits of the methodology The chapters illuminate the changing shape of modern British history writing and provide fresh perspectives on subjects ranging from state governance nationalism and Unionism economics cultural identities and social networking *Modern British Playwriting: The 1970s* Chris Megson,2014-03-20 Essential for students of Theatre Studies this series of six decadal volumes provides a critical survey and reassessment of the theatre produced in each decade from the 1950s to the present Each volume equips readers with an understanding of the context from which work emerged a detailed overview of the range of theatrical activity and a close study of the work of four of the major playwrights by a team of leading scholars Chris Megson s comprehensive survey of the theatre of the 1970s examines the work of four playwrights who came to prominence in the decade and whose work remains undiminished today Caryl Churchill by Paola Botham David Hare Chris Megson Howard Brenton Richard Boon and David Edgar Janelle Reinelt It analyses their work then its legacy today and provides a fresh assessment of their contribution to British theatre Interviews with the playwrights with directors and with actors provides an invaluable collection of documents offering new perspectives on the work Revisiting the decade from the perspective of the twenty first century Chris Megson provides an authoritative and stimulating reassessment of British playwriting in the 1970s

Modern England 1901-1970 Alfred Havighurst,1976-05-13 This is a comprehensive bibliography of all printed books articles and standard texts on England Ireland Scotland the Commonwealth and the colonies up to 1970 This handbook will serve as a useful guide to scholars teachers at all levels advanced students and the general reader interested in examining the period in some depth Democratising History Laura Carter,Freddy Foks,Philip Harling,2025-10-16 **A History of Modern Britain** Andrew Marr,2009-07-03 A History of Modern Britain by Andrew Marr confronts head on the victory of

shopping over politics This edition also includes an extra chapter charting the course from Blair to Brexit It tells the story of how the great political visions of New Jerusalem or a second Elizabethan Age rival idealisms came to be defeated by a culture of consumerism celebrity and self gratification In each decade political leaders think they know what they are doing but find themselves confounded Every time the British people turn out to be stroppier and harder to herd than predicted Throughout Britain is a country on the edge first of invasion then of bankruptcy then on the vulnerable front line of the Cold War and later in the forefront of the great opening up of capital and migration now reshaping the world This history follows all the political and economic stories but deals too with comedy cars the war against homosexuals Sixties anarchists oil men and punks Margaret Thatcher s wonderful good luck political lies and the true heroes of British theatre
